> > Award Date 09/30/2009

Award Description Community Development Block Grant - Recovery Act (CDBG-

R) funds are for hard development costs associated with infrastructure activities that

provide basic services to residents or activities that promote energy efficiency and conservation through rehabilitation or retrofitting of

existing buildings.

Programs include projects that are designed to stimulate the economy through measures that modernize the Nation's infrastructure, improve energy

efficiency, and expand educational opportunities and

access to health care. Projects include Foreclosure

Opportunity Response Team (FORT), Ontario Housing Authority Continuum of Care,

Water Conservation, Pedestrian Signal Indicators,

Anthony Munoz Park Community Center Energy

Efficient HVAC Replacement,

and Energy Efficient Lighting. FORT funded Code Enforcement staff efforts to address the negative impacts of foreclosed and abandoned properties within low- and moderate-income neighborhoods. Costs incurred for inspections of code violations and the enforcement of code requirements for properties that are contained within eligible block groups and within a designated focus area or greatest need area eligible for CDBG funding. Activities funded by this program include the following: enforcement efforts, release of administrative notices, records research, and administrative costs necessary to assist new homebuvers. The Ontario Housing Authority Continuum of Care funds existing funding gaps within the Homeless Continuum of Care Program including but not limited to the following; the **Temporary Homeless Services** Area and a temporary intake center for basic needs and referrals. Water Conservation projects include the retrofit of the existing irrigation systems for water conservation purposes. the planting of California Friendly shrubs, the installation of synthetic turf areas, and the addition of mulch. Project sites include John Galvin Park, De Anza Park, Ovitt Family Library, Ranch Park and Veteran Park. Pedestrian Signal Indicators replaces existing incandescent or fluorescent pedestrian signal indications with Light Emitting Diode (LED) indications that consume approximately 90% less energy. Project areas are located within eligible areas throughout the city. Anthony Munoz Park Community Center Energy
