Homelessness Prevention - Other Risk Factors to be Used

For Homelessness Prevention activities, in Yes addition to HPRP eligibility requirements, are there other risk factors that will be used to determine eligibility and/or prioritization for homelessness prevention assistance?

> If yes, identify the criteria to be used and provide a brief description, including how the criteria will be used (e.g. limited to only certain types of HPRP assistance or applied across all subgrantees and types of assistance) and rationale for why the criteria were chosen (limit 2500 characters).

Households must meet at least two of the following risk factors for homelessness to be eligible to receive direct financial assistance for homelessness prevention.

- 1. Eviction within two weeks from a private dwelling (including housing provided by family or friends);
- 2. Sudden and significant loss of income;

3. Sudden and significant increase in utility costs or other necessary expenses (such as medical care);

- 4. Severe housing cost burden (greater than 50% of income for housing costs);
- 5. Homeless in the last 12 months;
- 6. Pending foreclosure of rental housing;
- 7. Young head of household (under 25 with children or pregnant);
- 8. Extremely low income (less than 30% of area median income);

9. Recent traumatic life event, such as death of a spouse or primary care provider, or recent health crisis that prevented the household from meeting its financial responsibilities; or

10. Recent change in familial status, such as divorce.

This criteria will be used to screen all applicants seeking direct financial assistance for homelessness prevention. The criteria were chosen to direct the assistance to the neediest persons/households in the community who may not have the resources needed to prevent homelessness on their own, but who also would be the most likely to maintain their housing after the assistance period has ended.

HPRP Quarterly Performance Report	Page 15	04/09/2010
-----------------------------------	---------	------------

Data Collection Plan

Will beneficiary data be entered (or uploaded Yes at least quarterly) into a single HMIS at the grantee level in order to generate unduplicated data for "Persons and Households Served" questions in the QPR?

If yes, briefly describe the HMIS to be used and the plan to ensure data quality (completeness and accuracy)(limit 2000 characters).

Mercy House Living Centers, Inc. will enter/upload client beneficiary data into HMIS through the San Bernadino County Continuum of Care's program. Data standards will be implemented to address data accuracy and timely entry. The CoC's data administrator has established the necessary policies into their HMIS tool to ensure that all required data is reported for each beneficiary served. Mercy House Living Centers, Inc. will input service data for clients served by the Ontario Housing Authority and will provide necessary reported to the the City of Ontario for incorporation into the HPRP QPR.

If no, briefly describe the HMIS(s) and/or other comparable client-level database(s)that will be used by one or more subgrantees and the plan to ensure data quality (completeness and accuracy)(limit 2000 characters).
