FREE EXTERIOR PAINTING & LANDSCAPING

WHAT IT IS....

Ontario CARES is an exterior beautification program created to assist low to moderate income residential property owners and investors within a selected focus area to beautify their homes with painting and landscaping.

The City will provide to eligible participating property owners free assistance with painting and/or landscaping their property (if needed).

Owners will be required to sign CC&Rs which are recorded against their property for 10 years. This will ensure that they will maintain the new beautification improvements.

The City will landscape your front yard and parkways, paint your home, plant parkway trees and repair sidewalks and curbs at no charge to the homeowners.

WHAT IS AVAILABLE?

- PAINT GRANTS
- LANDSCAPE GRANTS

HOW DO I APPLY?

Complete a CARES application along with the required information and return it to the Ontario Housing Agency, located at 208 West Emporia Street. If you meet the eligibility criteria, a Neighborhood Improvement Specialist will call you to set-up an appointment to inspect your home and determine the necessary work.
