A Message from the City Manager

Dear Benefits Eligible Employees,

Welcome to the Annual Benefits Open Enrollment event powered by Workday!

The Human Resources, Benefits and Payroll teams have been busy over the last year implementing a world class, integrated system to replace PeopleSoft. We are now ready to launch the system, and our Benefits Open Enrollment Event is the first opportunity to see the new system in action.

The Workday project and its use by all our employees is a major step forward in our pursuit of embracing and implementing innovative approaches to making City of Ontario a great government organization. We've challenged the status quo at every stage of the project, and we have implemented fresh ideas gathered from both our internal experts and external partners.

We invite you to take advantage of the Employee Direct Access to the system during this Benefits Open Enrollment period. If you need help logging in to the system, contact the benefits group at (909) 395-2433 or by email at benefits@ontarioca.gov or work with your Department HR Liaison for one-on-one support.

We look forward to your feedback on the experience with Workday over the next few weeks.

Sincerely,

Al C. Boling, City Manager

Understanding Your Benefits

Choosing the right health plan is probably one of the most important decisions you can make for you and your family. What's important to you – cost, provider choice, convenience?

Considerations When Making Your Medical Plan Decision

Carefully review all medical options made available for you and your family members. Variables that often impact your selection may include your dependent's health, expected medical costs, cost of the choices and anticipated family changes. In deciding on a medical option, consider the following:

- ◆ Are your current doctors in the plan network? You'll receive a higher level of benefits by visiting a network physician or facility.
- ◆ How often do you plan to use your medical benefits during the year? Some plans make sense if you require extensive medical care throughout the year or have a longstanding relationship with a non-network provider. Others may be more cost effective with lower out-of-pocket costs if you only need routine care during the year.
- ◆ What are the out-of-pocket costs associated with each plan? Keep in mind that depending on the plan, you may have a copay for doctor's office visits or an annual deductible before the plan starts paying any benefits.

You can refer to the medical plan comparison charts for a snapshot on commonly used benefits and refer to the plan benefit summary or plan document for details on specific benefits.

In a **Preferred Provider Organization (PPO)**, there are two kinds of providers. One is known as a *preferred provider* who provides their services at a negotiated discounted rate and is therefore considered "in-network." In a PPO plan, you may also see a provider that is considered "out-of-network." In most cases, when you see an "out-of-network" provider, your care will still be covered, although not at the "in-network" negotiated discount rate.

CalPERS has launched **CalPERS|Compare**, a one-stop-shop for your health information needs.

CalPERS|Compare allows you shop for medical services and prescriptions and compare your options. You can use it to track your past expenses and how much you should expect to pay. If you are enrolled in a CalPERS Anthem Blue Cross PERS Select, or PERS Choice, or PERS Care you can activate your CalPERS|Compare Account at <https://www.calperscompare.com>

In a **Health Maintenance Organization (HMO)**, you must designate a Primary Care Physician (PCP) for routine care and/or referral to a specialist. If you use a provider that is not in the HMO, or if you receive care from a specialist without a referral from your PCP, you may have to pay the full cost of those services. Out-of-pocket costs are generally lower as long as your PCP coordinates all of your care.

Prescription Drug Coverage

When you enroll in a medical plan, you and your eligible dependents automatically receive prescription drug coverage.

Generic, Preferred/Formulary Brand Name, & Non-Preferred/Non-Formulary Brand Name Drugs

The medical plans provide coverage of prescription drugs at various levels:

Generic drugs have the same active chemical ingredients and therapeutic effect as their brand-name equivalents. Though they may vary in color and shape, the Food & Drug Administration requires that they meet the same quality standards as the brand name drug. These drugs require the lowest copay.

Preferred/Non-Preferred Brand drugs are defined by each plan. This program minimizes the prescribing of specific higher-cost, lower-value prescription drugs (non-preferred medications) and redirects those prescriptions to more cost effective medications (preferred medications). Typically, these drugs require higher copay than their generic equivalent.

Understanding Your Benefits

Non-Preferred/Non-Formulary Brand drugs are not on the preferred/formulary drug list. Some plans may cover non-preferred/non-formulary brand drugs. If your plan covers these drugs, and you and your physician agree that you should have a non-preferred/non-formulary brand drug, your copay will be higher than that of the other drugs.

If you are taking an injectable drug make sure to consider the benefit differences under each plan to make the best choice for your needs.

Terms You Should Know

1. **Deductible**–This is the amount you must pay each calendar year before the plan begins to pay for certain benefits.
2. **Co-payment (copay)**–This is the fee that you must pay under your plan each time you go to a doctor or hospital for certain services. A copay is also required for prescription drugs.
3. **Co-Insurance**–This is the percentage of cost that you share with the plan provider after you have met the deductible.
4. **Out-of-Pocket Maximum**–The plan limits the amount of money that you will have to pay each year for covered expenses. Once you reach this dollar limit, the plan generally pays 100% of eligible expenses for the rest of the calendar year, up to the lifetime maximum.
5. **Usual, Customary and Reasonable (UCR)**–PPO plans pay up to a reasonable and customary amount for out-of-network services. Participants will have to pay for any expenses over the reasonable and customary amount, as determined by the insurance provider. Amounts over usual and customary do not apply to your deductible or out-of-pocket calendar year maximum.

Loss of Benefits

The following circumstances may result in disqualification, or denial, loss, forfeiture, suspension, offset, reduction or recovery of any benefit that a Plan participant or dependent might otherwise reasonably expect the Plan to provide:

- an employee's cessation of active service for the employer;
- a participant's failure to pay his/her share of the cost of coverage, if any, in a timely manner;
- a dependent ceases to meet the Plan's eligibility requirements (e.g., a child reaches a maximum age limit or a spouse divorces the employee);
- a participant or dependent is injured by a third party, and expenses for treatment may be paid by or recovered from the third party or its insurer; or
- a claim for benefits is not filed within the Plan's applicable time limits.

Contacting Your Health Plan

To obtain up-to-date contact information for the health plans, please refer to the CalPERS **Health Benefit Summary** or go to CalPERS On-Line at www.calpers.ca.gov. Contact your health plan with questions about: identification cards, verification of provider participation, service area boundaries (covered ZIP Codes) or Individual Conversion Policies. Your plan benefits, deductibles, limitations, and exclusions are outlined in your health plan's *Evidence of Coverage* booklet. You can obtain the *Evidence of Coverage* by contacting your health plan directly or visiting the CalPERS website.

9 WAYS TO ELEVATE YOUR SMILE

1. VISIT YOUR DELTACARE USA DENTIST. You must visit your selected DeltaCare USA general dentist to receive benefits under your plan. Find or change your dentist at deltadentalins.com¹ or by calling Customer Service. Don't want to choose a dentist on your own? We can designate one for you.

- › No ID card is necessary to receive treatment – just provide your dentist with your name, date of birth and social security or enrollee ID number.
- › There are no claims forms to complete – just pay your copayment (if any) at the time of treatment.
- › If you require treatment from a specialist, your DeltaCare USA general dentist will coordinate a referral for you.²

2. SEEK PREVENTIVE CARE. Regular cleanings are a great way to keep your smile bright and may catch problems before more costly and extensive services are necessary. Your plan is designed with low or no costs for routine cleanings and exams.

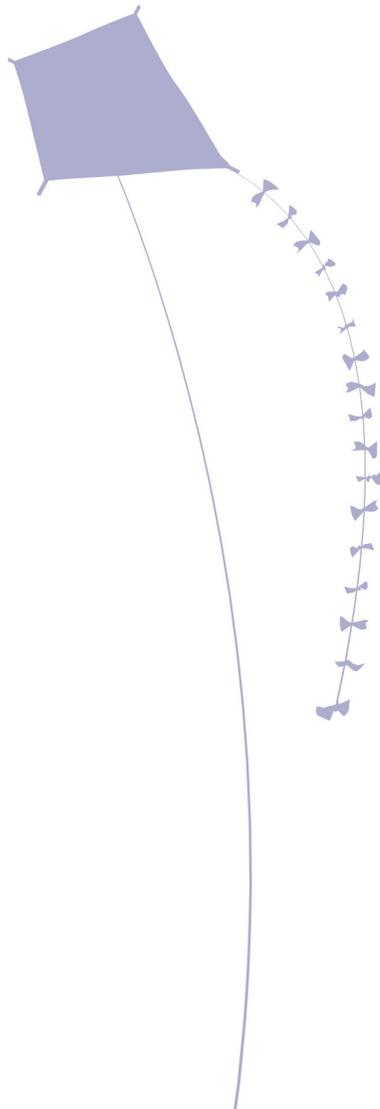

3. ACCESS ONLINE SERVICES. Create a free Online Services account to access plan information online anytime including benefits, eligibility, ID card and more.

¹ Changes received by the 21st of the month will be effective the first day of the following month. Verify that the dentist is your selected DeltaCare USA primary care dentist before each appointment.

² In some states, Delta Dental must pre-authorize any non-emergency dental services provided by a specialist. Refer to your plan booklet for details about your plan.

GET THE MOST FROM YOUR DELTACARE[®] USA PLAN

-  **4. STUDY YOUR PLAN.** Did you know that DeltaCare USA has no exclusions for pre-existing conditions, including missing teeth?³ Read your plan booklet for a complete list of covered procedures, copayments, plan limitations and exclusions.
-  **5. GET MOBILE.** Visit deltadentalins.com on your smartphone to access mobile-optimized Online Services – including a helpful dentist locator tool – on the go. Or, download the Delta Dental app through the App Store or Google Play to access your plan and try out our toothbrush timer.

Cigna Healthy Rewards* includes discount offers on many programs and services designed to help your employees and their household members enhance their health and wellness. - **No time limit. No maximum.** Healthy Rewards saves your employees money from day one - by providing discounts whenever they use Healthy Rewards participating providers.
- **Brand-name providers.** The Healthy Rewards program includes a nation-wide network of brand name as well as smaller local participating providers. By offering Healthy Rewards you're making it easier for your employees to take care of themselves. Helping them save money on alternative services and products they value.
