# Rain Barrel Rebate Program

Catch Some Rain, Catch Some Savings

## What Is A Rain Barrel?

Rain barrels are containers that capture and store rainwater draining from your roof.

Collected rainwater can be used to water lawns, plants, gardens and to wash cars.

Collecting and re-using rainwater for lawns and gardens minimizes the amount of water flowing into your storm drains, sewer systems and local waterways.

**Up To \$75 Rebate Per Barrel**

**Limited Funding Available**

## Rain Barrel Rebate Guidelines

- Minimum size: 50 gallons
- Maximum of 4 rain barrel rebates allowed per home, one application per address
- Rain barrel must be designed for the intended purpose of rain capture
- Rain barrel should have a cover to prevent mosquitos, rodents and debris from entering
- Rain barrel must be purchased as an entire rain barrel, homemade rain barrels do not qualify for rebates

1425 S. Bon View Avenue  
Ontario, CA 91761  
(909) 395-2605
