Dear Applicant,

The Mills Act program was created to lower property taxes for historic properties, creating an incentive for their continued preservation. It has been one of the most successful and popular incentives for preserving historic properties in California.

In Ontario, a property that is designated is eligible to participate in the Mills Act program. Applications are looked at on a case by case basis. While there is not a minimum dollar amount that is required to be invested, it is the intent of the program that the money saved is invested into the property through maintenance and improvements. Please note that Mills Act programs and requirements vary from city to city. Because of the tax system in California, the longer you have owned your home, the less money you will save through the Mills Act.

The Planning Department has staff available to assist you in evaluating whether the Mills Act program is right for you. Early consultation with Staff can help you identify issues, problems and solutions before your application is submitted for review.

If you have any questions, call the Planning Department (909) 395-2036.

Sincerely,

A handwritten signature in black ink, appearing to read "Scott Murphy", is written over the typed name.

MILLS ACT

What is a Mills Act Contract?

A Mills Act Contract is a contract between the owner of a designated historical resource and the City of Ontario. All properties within the City of Ontario that have been designated as Local Historic Landmarks, contributing structures in Designated Local Historic Districts and properties listed on the National Register of Historic Places or the California Register of Historic Resources are eligible for Mills Act Contracts, pursuant to the provisions of Article 12, Section 50280 through Section 50289, Chapter 1, Part 1, Title 5, of the California Government Code are.

The purpose of a Mills Act Contract is to provide property tax relief for historic properties in return for the owners of the property maintaining and preserving the historic character of the property. Mills Act contracts are for a period of 10 years and are automatically renewed unless a notice of non-renewal is submitted. With a notice of non-renewal the contract will be terminated at the end of the 10 year period. Any cancellation of a Mills Act contract is subject to a penalty of 12½ percent of the assessed market value of the property.

What is the approval process?

All applications are submitted to the Planning Department for review. A staff report and draft contract are prepared and taken before the Historic Preservation Subcommittee. The Historic Preservation Subcommittee reviews the application and makes a recommendation to the Historic Preservation Commission. The Historic Preservation Commission reviews the application and makes a recommendation to the City Council. City Council makes a determination to enter into the contract. Within 20 days of an approval, the contract must be filed with the County Recorder's office. A recorded copy of the contract is then sent to the County Assessor's office.

When will the savings be reflected in by Tax Bill?

It can take up to 18 months from the time the application is submitted until you see the savings. All contracts recorded during the **Calendar Year** (from January 1st until December 31st) goes into effect during the next year's tax cycle. For example, if a contract recorded in 2003, the savings will show up on your 2004 tax bill, typically mailed sometime after June.
