WELCOME to a meeting of the Ontario City Council.

- All documents for public review are on file with the Records Management/City Clerk's Department located at 303 East B Street, Ontario, CA 91764.
- Anyone wishing to speak during public comment or on a particular item will be required to fill out a blue slip. Blue slips must be turned in prior to public comment beginning or before an agenda item is taken up. The Clerk will not accept blue slips after that time.
- Comments will be limited to 3 minutes. Speakers will be alerted when they have 1 minute remaining and when their time is up. Speakers are then to return to their seats and no further comments will be permitted.
- In accordance with State Law, remarks during public comment are to be limited to subjects within Council's jurisdiction. Remarks on other agenda items will be limited to those items.
- Remarks from those seated or standing in the back of chambers will not be permitted. All those wishing to speak including Council and Staff need to be recognized by the Chair before speaking.

ORDER OF BUSINESS: The regular City Council and Housing Authority meeting begins with Closed Session and Closed Session Comment at 6:00 p.m., Public Comment at 6:30 p.m. immediately followed by the Regular Meeting and Public Hearings. No agenda item will be introduced for consideration after 10:00 p.m. except by majority vote of the City Council.

(EQUIPMENT FOR THE HEARING IMPAIRED AVAILABLE IN THE RECORDS MANAGEMENT OFFICE)

CALL TO ORDER (*OPEN SESSION*)

6:00 p.m.

Pastor Richard Bargas, First Fundamental Bible Church

REPORT ON CLOSED SESSION

City Attorney

PUBLIC COMMENTS

6:30 p.m.

The Public Comment portion of the Council/Housing Authority meeting is limited to 30 minutes with each speaker given a maximum of 3 minutes. An opportunity for further Public Comment may be given at the end of the meeting. Under provisions of the Brown Act, Council is prohibited from taking action on oral requests.

As previously noted -- if you wish to address the Council, fill out one of the blue slips at the rear of the chambers and give it to the City Clerk.

AGENDA REVIEW/ANNOUNCEMENTS: The City Manager will go over all updated materials and correspondence received after the agenda was distributed to ensure Council Members have received them. He will also make any necessary recommendations regarding Agenda modifications or announcements regarding Agenda items to be considered.

CONSENT CALENDAR

All matters listed under CONSENT CALENDAR will be enacted by one motion in the form listed below – there will be no separate discussion on these items prior to the time Council votes on them, unless a member of the Council requests a specific item be removed from the Consent Calendar for a separate vote.

Each member of the public wishing to address the City Council on items listed on the Consent Calendar will be given a total of 3 minutes.

1. APPROVAL OF MINUTES

Minutes for the regular meeting of the City Council and Housing Authority of October 1, 2013, and approving same as on file in the Records Management Department.

2. BILLS/PAYROLL

Bills September 22, 2013 through October 5, 2013 and **Payroll** September 22, 2013 through October 5, 2013, when audited by the Finance Committee.

3. CITY MANAGER EMPLOYMENT AGREEMENT

That the City Council and Housing Authority Board approve an employment agreement (on file in the Records Management Department) with Al C. Boling to serve as City Manager and Executive Director of the Housing Authority, respectively; and adopt a resolution in accordance with California Government Code section 36506 setting the salary for the City Manager.

RESOLUTION NO. _____

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ONTARIO, CALIFORNIA, APPROVING A CITY MANAGER EMPLOYMENT AGREEMENT.

4. RESOLUTION APPROVING THE MEASURE I 2014/2015 THROUGH 2018/2019 FIVE-YEAR CAPITAL PROJECTS NEEDS ANALYSIS

That the City Council adopt a resolution approving the 2014/2015 through 2018/2019 Measure I Five-Year Capital Projects Needs Analysis (CPNA) and authorize the City Manager to approve minor changes to the plan as may be required by the City and SANBAG.

RESOLUTION NO. _____

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ONTARIO, CALIFORNIA, ADOPTING THE MEASURE I, 2014/2015 THROUGH 2018/2019, FIVE-YEAR CAPITAL PROJECTS NEEDS ANALYSIS.

5. COOPERATIVE FUNDING AGREEMENT FOR THE SOUTH MILLIKEN AVENUE GRADE SEPARATION PROJECT/SAN BERNARDINO ASSOCIATED GOVERNMENTS

That the City Council approve a Cooperative Funding Agreement totaling \$585,000 (on file in the Records Management Department) with San Bernardino Associated Governments (SANBAG) for funding the Plans, Specifications and Estimates (PS&E) phase of the South Milliken Avenue Grade Separation Project; and authorize the City Manager to execute said Agreement and future amendments to the Agreement.

6. A PURCHASE AGREEMENT FOR EQUIPPING POLICE FLEET VEHICLES/WEST COAST LIGHTS AND SIRENS INC.

That the City Council authorize the City Manager to execute a sole source Purchase Agreement/Order in the amount of \$380,000 for Fiscal Year 2013-14 with West Coast Lights and Sirens Inc. of Riverside, California, for the purchase and installation of emergency lighting and equipment in the Police patrol vehicles, and authorize the company as a vendor for future purchases.

7. ACQUISITION OF AVIATION MOBILE VIDEO RECEIVERS UNDER THE URBAN AREA SECURITY INITIATIVE GRANT/HELINET, INC.

That the City Council authorize the City Manager to negotiate and execute a purchase agreement with Helinet, Inc. of Van Nuys, California, for the acquisition of Mobile Commander Video Receivers up to the grant award amount of \$519,041; and authorize any future amendments to the agreement consistent with the grant award and approved spending plan.

8. A RESOLUTION APPOINTING REPRESENTATIVES OF THE CITY OF ONTARIO TO THE ONTARIO INTERNATIONAL AIRPORT – INTER AGENCY COLLABORATIVE (ONT-IAC) MEDIATION BOARD

That the City Council adopt a resolution appointing the Council Airport Liaison Subcommittee as the two City Officials to represent the City of Ontario on the ONT-IAC Mediation Board.

RESOLUTION NO. _____

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ONTARIO, CALIFORNIA, APPOINTING TWO CITY OFFICIALS TO REPRESENT THE CITY OF ONTARIO ON THE ONTARIO INTERNATIONAL AIRPORT – INTER AGENCY COLLABORATIVE (ONT-IAC) MEDIATION BOARD.

9. PURCHASE OF WATER METERS AND REPAIR PARTS/HD SUPPLY WATERWORKS

That the City Council authorize the sole source purchase of new and replacement water meters and repair parts for a total not to exceed amount of \$425,000 from HD Supply Waterworks of Perris, California.

10. CONSTRUCTION CONTRACT FOR THE FOURTH STREET WATER MAIN IMPROVEMENTS/NORSTAR PLUMBING AND ENGINEERING, INC./ALBERT A. WEBB AND ASSOCIATES, INC.

That the City Council:

- (A) Approve the plans and specifications;
- (B) Award Contract No. UT 1314-02 (on file with Records Management Department) to Norstar Plumbing and Engineering, Inc. of Alta Loma, California, in the bid amount of \$1,298,828 plus a 15% contingency (\$194,825) for a total of \$1,493,653 for the construction of the Fourth Street Water Main Improvements Project; authorize the City Manager to execute said contract and file a notice of completion at the conclusion of all construction activities related to the project;
- (C) Authorize the City Manager to execute a Professional Services Agreement (on file with Records Management Department) with Albert A. Webb and Associates, Inc. of Riverside, California, in the amount of \$139,400 plus a 15% contingency (\$20,910) for a total of \$160,310 for construction management and inspection services.

11. AGREEMENT FOR TEMPORARY WATER SERVICE/STRATHAM-LEWIS ONTARIO DEVELOPMENT COMPANY, LLC (SL ONTARIO)

That the City Council authorize the City Manager or his designee to execute a Temporary Water Service Agreement (on file with Records Management Department) with Stratham-Lewis Ontario Development Company, LLC (SL Ontario) of Upland, California, for temporary water service from agricultural wells, subject to non-substantive changes; and authorize the City Manager or his designee to execute future agreements subject to non-substantive changes.

PUBLIC HEARINGS

12. INTRODUCTION OF ORDINANCES AMENDING CHAPTERS 3, 7 AND 8B OF TITLE 6 OF THE ONTARIO MUNICIPAL CODE RELATING TO SOLID WASTE, SEWER AND WATER SERVICES AND FEES

That the City Council conduct a public hearing to:

- (A) Consider all written protests against the proposed increases in the rates for solid waste, sewer and water services in accordance with California Constitution, Article XIII D, Section 6(a); and
- (B) Introduce and waive further reading of ordinances amending Chapter 3, of Title 6 of the Ontario Municipal Code related to solid waste services and authorizing increases to the rates for solid waste service charges and fees; and
- (C) Introduce and waive further reading of ordinances amending Chapter 7, of Title 6 of the Ontario Municipal Code related to sewer services and authorizing increases to the rates for sewer service charges and fees; and
- (D) Introduce and waive further reading of ordinances amending Chapter 8B, of Title 6 of the Ontario Municipal Code relating to water services and authorizing increases to the rates for water service charges and fees.

Notice of public hearing has been duly given and affidavits of compliance are on file in the Records Management Department.

Written communication.

Oral presentation.

Public hearing closed.

ORDINANCE NO. _____

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ONTARIO, CALIFORNIA, AMENDING SECTIONS 6-3.101, 6-3.104, 6-3.105, 6-3.106, 6-3.107, 6-3.209, 6-3.301, 6-3.302, 6-3.304, 6-3.305, 6-3.307, 6-3.308, 6-3.309, 6-3.310, 6-3.312, 6-3.313, 6-3.314, 6-3.401, 6-3.406, 6-3.502, 6-3.503, 6-3.504, 6-3.505, 6-3.510, 6-3.601, 6-3.602, AND 6-3.603 OF CHAPTER 3, OF TITLE 6 OF THE ONTARIO MUNICIPAL CODE, SECTIONS RELATED TO INTEGRATED SOLID WASTE MANAGEMENT.

ORDINANCE NO. _____

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ONTARIO, CALIFORNIA, AUTHORIZING INCREASES TO THE RATES FOR ITS SOLID WASTE SERVICE FEES AND OTHER MISCELLANEOUS ONE-TIME SERVICE FEES.

SUBJECT: CITY MANAGER EMPLOYMENT AGREEMENT

RECOMMENDATION: That the City Council and Housing Authority Board approve an employment agreement (on file in the Records Management Department) with Al C. Boling to serve as City Manager and Executive Director of the Housing Authority, respectively; and adopt a resolution in accordance with California Government Code section 36506 setting the salary for the City Manager.

COUNCIL GOALS: Develop Strategies and Take Actions, Including Regaining Local Control of the Ontario International Airport, to Minimize the Negative Impacts of the Global Financial Downturn on Ontario's Economy and City's Fiscal Health
Operate in a Businesslike Manner

FISCAL IMPACT: Appropriations for the ongoing salary and associated benefits costs have been included in the City's baseline operating budget and the Adopted Budget for Fiscal Year 2013-14.

BACKGROUND: On October 1, 2013, the City Council took action to approve the appointment of Al C. Boling to the position of City Manager/Executive Director subject to the successful completion of negotiations of the terms and conditions of his employment. The subject employment agreement reflects the results of those negotiations.

RESOLUTION NO. _____

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ONTARIO,
CALIFORNIA, APPROVING A CITY MANAGER EMPLOYMENT
AGREEMENT.

WHEREAS, Al C. Boling and the City of Ontario, California (the "City") desire to enter into an Employment Agreement by which the City agrees to employ Mr. Boling as its City Manager effective December 29, 2013; and

WHEREAS, under the terms of the Employment Agreement, the City Manager would receive an annual salary of \$250,000; those salary adjustments and benefits as are set forth in the Executive Management Compensation and Benefits Profile; and other terms and conditions as described in the Employment Agreement; and

WHEREAS, the City Attorney prepared an Employment Agreement; and

WHEREAS, the City Council has reviewed the Employment Agreement with the City Manager, a copy of which is attached hereto as Exhibit "A."

NOW, THEREFORE, BE IT RESOLVED, by the City Council of the City of Ontario, as follows:

SECTION 1. The Employment Agreement attached hereto as Exhibit "A" is hereby approved.

SECTION 2. The initial salary of \$250,000 provided for in the Employment Agreement shall be effective December 29, 2013, with subsequent salary increases as are set forth in the Executive Management Compensation and Benefits Profile of 3% effective January 12, 2014; 4% effective July 13, 2014; and 3.5% effective July 12, 2015.

SECTION 3. This Resolution shall become effective immediately upon its passage.

The City Clerk of the City of Ontario shall certify as to the adoption of this Resolution.

PASSED, APPROVED, AND ADOPTED this ____ day of _____, 2013.

CITY OF ONTARIO

Agenda Report
November 5, 2013

SECTION:
CONSENT CALENDAR

SUBJECT: RESOLUTION APPROVING THE MEASURE I 2014/2015 THROUGH 2018/2019 FIVE-YEAR CAPITAL PROJECTS NEEDS ANALYSIS

RECOMMENDATION: That the City Council adopt a resolution approving the 2014/2015 through 2018/2019 Measure I Five-Year Capital Projects Needs Analysis (CPNA) and authorize the City Manager to approve minor changes to the plan as may be required by the City and SANBAG.

COUNCIL GOALS: Develop Strategies and Take Actions, Including Regaining Local Control of the Ontario International Airport, to Minimize the Negative Impacts of the Global Financial Downturn on Ontario's Economy and the City's Fiscal Health
Pursue City's Goals and Objectives by Working with Other Governmental Agencies
Invest in the City's Infrastructure (Water, Streets, Sewers, Parks, Storm Drains and Public Facilities)

FISCAL IMPACT: The Measure I Five-Year CPNA is a tool to assist the SANBAG Board of Directors and SANBAG staff in programming available and projected Measure I fund revenues. The CPNA is not a budget commitment. The individual projects listed in the CPNA are either currently identified or will be identified in the City of Ontario Capital Improvement Program Budget at the time that the local fund share is needed and approved by the City Council.

BACKGROUND: Ontario's FY 2014/2015 CPNA includes only one project, Grove Avenue from Fourth Street to Airport Drive widening. Prior year CPNA projects including the South Milliken Avenue and North Vineyard Avenue grade separation projects have been removed at SANBAG's request because they are dealt with through existing cooperative funding agreements. SANBAG also requested that freeway interchange projects be omitted in this year's CPNA because they are being addressed in their 10-Year Delivery Plan funding process via project Baseline Agreements. Other projects have also been removed because the current phase is complete and/or there is insufficient local match DIF funding at this time to proceed into the next phase of the projects.

San Bernardino County voters approved passage of the 2010 through 2040, thirty year Measure I program in November 2004 authorizing San Bernardino Associated Governments, acting as the San

4

Bernardino County Transportation Authority, to impose a one-half percent retail transactions and use tax in the incorporated and unincorporated territory of the County of San Bernardino. Revenue from the tax can only be used for transportation improvements and traffic management programs authorized in the 2010-2040 Measure I Expenditure Plan set forth in Ordinance No. 04-1 of the Authority. The Expenditure Plan for the San Bernardino Valley Subarea requires that Measure I revenue be applied to the following programs.

Freeways	29%
Freeway Interchanges	11%
Major Streets (including Railroad Grade Separations)	20%
Local Streets (per capita pass through)	20%
Metrolink/Passenger Rail	8%
Senior/Disabled Transit Service	8%
Express Bus/Bus Rapid Transit Service	2%
Traffic Management Systems	2%

Ontario has eight freeway interchanges, four highway-railroad grade separations, and forty-one arterial street projects that are eligible for the Valley Major Streets and Freeway Interchange Programs funding. A sampling of Ontario’s projects are the South Milliken Avenue and North Vineyard Avenue highway-railroad grade separations, Mission Boulevard and Holt Boulevard widening, I-10 Freeway at Grove Avenue/Fourth Street Interchange and SR 60 Freeway Interchanges reconstruction at Mountain Avenue, Euclid Avenue, Grove Avenue, Vineyard Avenue and Archibald Avenue.

The 2010-2040 Measure I Strategic Plan requires each local jurisdiction applying for revenue from the Valley Major Street and Freeway Interchange Programs to annually adopt and update a Five-Year CPNA. The Five-Year CPNA is not a funding commitment by either SANBAG or the City, but a tool to assist SANBAG staff and their Board of Directors in programming available Measure I fund revenues. The CPNA is not a wish list but a financially constrained, realistic schedule of the projects for which the agency intends to use Measure I dollars. Financially constrained means that the required local development impact fee (DIF) match contribution will be available before the project begins or the DIF match requirement has been met by an internal Measure I loan arranged with SANBAG in accordance with the Measure I Strategic Plan. Historically CPNA’s for the Valley jurisdictions have included projects for both the Valley Freeway Interchange and Major Streets Programs. However, for FY 2013/2014, the CPNA will only apply to the Major Street Program.

The CPNA process requires that the City Council approve the CPNA by resolution. City staff anticipates that there may need to be minor changes to the CPNA during the fiscal year. Therefore, staff is recommending that the City Manager be given the authority to approve minor changes to the CPNA as requested by SANBAG and/or City staff.

RESOLUTION NO. _____

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ONTARIO, CALIFORNIA, ADOPTING THE MEASURE I, 2014/2015 THROUGH 2018/2019, FIVE-YEAR CAPITAL PROJECTS NEEDS ANALYSIS.

WHEREAS, San Bernardino County voters approved passage of the 2010 through 2040, thirty-year Measure I program in November 2004 authorizing San Bernardino Associated Governments, acting as the San Bernardino County Transportation Authority, to impose a one-half percent retail transactions and use tax in the incorporated and unincorporated territory of the County of San Bernardino; and

WHEREAS, revenue from the tax can only be used for transportation improvements and traffic management programs authorized in the 2010-2040 Measure I Expenditure Plan set forth in Ordinance No.04-1 of the Authority; and

WHEREAS, the 2010-2040 Measure I Strategic Plan requires each local jurisdiction applying for revenue from the Valley Major Street and Freeway Interchange Programs to annually adopt and update a Five-Year Capital Projects Needs Analysis (CPNA); and

WHEREAS, Ontario has prepared the necessary CPNA projects form as provided by SANBAG and a location map attached hereto which includes the Valley Major Street that are eligible for Measure I Program funding.

NOW, THEREFORE, BE IT RESOLVED that the City Council of the City of Ontario, California hereby adopts the Measure I 2014/2015 through 2018/2019 Capital Projects Needs Analysis, and authorizes the City Manager to approve minor changes to the plan as may be required by the City and SANBAG:

The City Clerk of the City of Ontario shall certify as to the adoption of this Resolution.

PASSED, APPROVED, AND ADOPTED this 5th day of November 2013.

SUBJECT: COOPERATIVE FUNDING AGREEMENT FOR THE SOUTH MILLIKEN AVENUE GRADE SEPARATION PROJECT

RECOMMENDATION: That the City Council approve a Cooperative Funding Agreement totaling \$585,000 (on file in the Records Management Department) with San Bernardino Associated Governments (SANBAG) for funding the Plans, Specifications and Estimates (PS&E) phase of the South Milliken Avenue Grade Separation Project; and authorize the City Manager to execute said Agreement and future amendments to the Agreement.

COUNCIL GOALS: Develop Strategies and Take Actions, Including Regaining Local Control of the Ontario International Airport, to Minimize the Negative Impacts of the Global Financial Downturn on Ontario's Economy and the City's Fiscal Health
Invest in the City's Infrastructure (Water, Streets, Sewers, Parks, Storm Drains and Public Facilities)

FISCAL IMPACT: The agreement with SANBAG provides for the use of \$585,000 of Measure I funds on a reimbursement basis for the PS&E phase of the project. SANBAG's share will be 80% of the actual expenses with a not to exceed amount of \$468,000. The City's share is the remaining 20% which is estimated to be \$117,000 and will come from Old Model Colony Development Impact Fees. The funding split is in accordance with the City's adopted DIF program and SANBAG's approved Measure I Nexus Study. If approved, the additional appropriations of \$585,000 will be included in the First Quarter Budget Report to City Council

BACKGROUND: In June 2010, the City and SANBAG executed a Cooperative Funding Agreement in the amount of \$4,745,000 to jointly fund the PS&E phase of the South Milliken Avenue Grade Separation Project. That agreement expired on June 30, 2013; and now an additional \$585,000 is needed for the PS&E phase due to California Transportation Commission Right of Way Certification and design impacts due to Southern California Edison easement requirements. All other terms and conditions of this new agreement are the same as the previous agreement.

SUBJECT: A PURCHASE AGREEMENT FOR EQUIPPING POLICE FLEET VEHICLES

RECOMMENDATION: That the City Council authorize the City Manager to execute a sole source Purchase Agreement/Order in the amount of \$380,000 for Fiscal Year 2013-14 with West Coast Lights and Sirens Inc. of Riverside, California, for the purchase and installation of emergency lighting and equipment in the Police patrol vehicles, and authorize the company as a vendor for future purchases.

COUNCIL GOALS: Develop Strategies and Take Actions, Including Regaining Local Control of the Ontario International Airport, to Minimize the Negative Impacts of the Global Financial Downturn on Ontario's Economy and the City's Fiscal Health
Maintain the Current High Level of Public Safety
Operate in a Businesslike Manner

FISCAL IMPACT: The total cost for purchase and installation of the specialized police equipment is estimated to be \$380,000 this year and will equip 41 vehicles. Routine replacement of patrol vehicles will require additional purchases and installations in future years and shall not exceed the amounts allocated in the Equipment Services Fund budget for the respective fiscal years.

BACKGROUND: The Ford Police Interceptor SUV is the new patrol vehicle for the City of Ontario's Police department. Twenty of these vehicles were recently delivered from a bid awarded in the 2012-13 budget and an additional twenty-one have been purchased from the 2013-14 budget. All of these vehicles will need to have new electronics, lighting, cages, rear seats and other related equipment installed.

Fleet Services evaluated several companies that specialize in this type of work. The focus was on cost, location of facility, being a factory authorized dealer for the products to be installed, and having adequate staffing and a facility large enough to retrofit several vehicles at a time. West Coast Lights and Sirens Inc. was identified to be the best qualified, and a pilot project of three of the new patrol vehicles included the purchase and install of electronics and related equipment. After field testing these vehicles,

West Coast Lights & Sirens was shown to be the best qualified to provide the level of workmanship necessary to ensure a safe and reliable fleet for the Ontario Police Department.

Staff recommends the sole source selection of West Coast Lights & Sirens for the purchase and install of electronics and related specialty law enforcement equipment in the police fleet.

SUBJECT: ACQUISITION OF AVIATION MOBILE VIDEO RECEIVERS UNDER THE URBAN AREA SECURITY INITIATIVE GRANT

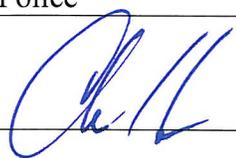

RECOMMENDATION: That the City Council authorize the City Manager to negotiate and execute a purchase agreement with Helinet, Inc. of Van Nuys, California, for the acquisition of Mobile Commander Video Receivers up to the grant award amount of \$519,041; and authorize any future amendments to the agreement consistent with the grant award and approved spending plan.

COUNCIL GOALS: Develop Strategies and Take Actions, Including Regaining Local Control of the Ontario International Airport, to Minimize the Negative Impacts of the Global Financial Downturn on Ontario's Economy and the City's Fiscal Health
Maintain the Current High Level of Public Safety
Pursue City's Goals and Objectives by Working with Other Governmental Agencies

FISCAL IMPACT: On February 5, 2013, the City Council approved the acceptance of a grant award of \$263,486 provided through the Riverside Urban Area Security Initiative (RUASI) grant. On August 15, 2013 CalEMA approved a funding increase of \$255,555, bringing the total funded amount to \$519,041. The additional grant revenue and associated appropriations adjustments will be included in the Fiscal Year 2013-14 First Quarter Budget Report.

BACKGROUND: The City Council previously approved the spending plan for the FY 2012 UASI Grant Program which includes the purchase of Mobile Commander Ground Video Receivers as an extension of the FY 2009 RUASI Regional Aviation Downlink System to provide real-time aerial imagery from law enforcement aviation assets operated by the RUASI member agencies. Helinet, Inc. of Van Nuys is the sole source provider for microwave relay equipment and downlink receivers for this inter-county regional project. Equipment purchased under this agreement will be distributed to public safety agencies throughout the Riverside Urban Area, expanding real-time intelligence capabilities and interagency coordination efforts.

SUBJECT: A RESOLUTION APPOINTING REPRESENTATIVES OF THE CITY OF ONTARIO TO THE ONTARIO INTERNATIONAL AIRPORT – INTER AGENCY COLLABORATIVE (ONT-IAC) MEDIATION BOARD

RECOMMENDATION: That the City Council adopt a resolution appointing the Council Airport Liaison Subcommittee as the two City Officials to represent the City of Ontario on the ONT-IAC Mediation Board.

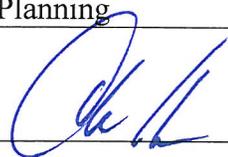

COUNCIL GOALS: Develop Strategies and Take Actions, Including Regaining Local Control of the Ontario International Airport, to Minimize the Negative Impacts of the Global Financial Downturn on Ontario's Economy and the City's Fiscal Health
Invest in the Growth and Evolution of the City's Economy
Pursue City's Goals and Objectives by Working with Other Governmental Agencies

FISCAL IMPACT: None.

BACKGROUND: The City Council adopted the Airport Land Use Compatibility Plan (ALUCP) for Ontario International Airport (ONT) on April 19, 2011 (Ordinance No. 2935). The ALUCP requires participation by all jurisdictions affected by ONT within San Bernardino County. To implement the ALUCP, the City of Ontario entered into a Cooperative Agreement with the cities of Chino, Fontana, Montclair, Rancho Cucamonga, Upland and the County of San Bernardino. In July 2012, the "Ontario International Airport – Inter Agency Collaborative" (ONT- IAC) was officially created.

The purpose of the Cooperative Agreement and ONT-IAC is to maintain local jurisdictional control of land use planning for areas within the Airport Influence Area of ONT. The Agreement established a collaborative process to implement the ALUCP and mediate disputes if they arise through the ONT-IAC Mediation Board. The composition of the Mediation Board includes:

- **City of Ontario** – Two members representing the City of Ontario;
- **LAWA** – One member representing LAWA;
- **Public** – Two public representatives (at least one having aviation expertise) appointed by the Ontario City Council with recommendations from the other Participating Agencies.
- **Other Participating Agency** – Two members representing the Participating Agency within whose jurisdiction the disputed project is located, appointed by the Participating Agency's governing body.

Each participating agency has submitted the names of their two appointed Mediation Board Members (*Attachment A – Participating Agency Mediation Board Members*). It is now appropriate for the City of Ontario, City Council to appoint its two members to the ONT-IAC Mediation Board; and it is recommended that the Council's Airport Liaison Subcommittee serve on the Mediation Board. Staff will return at a future Council Meeting to present the participating agency recommendations for the appointments of the two Public members.

Attachment A – Participating Agency Mediation Board Members

Participating Agency	Mediation Board Member
City of Chino	Council Member Eunice Ulloa
City of Chino	Planning Commissioner Harvey Luth
City of Rancho Cucamonga	Mayor L. Dennis Michael
City of Rancho Cucamonga	Council Member Diane Williams
City of Fontana	Mayor pro Tem John Roberts
City of Fontana	Council Member Jesse Sandoval
County of San Bernardino	Fourth District Supervisor Gary Ovitt
County of San Bernardino	Chief Executive Officer Gregory C. Devereaux
City of Montclair	Mayor pro Tem Bill Ruh
City of Montclair	Planning Commission Chairperson Tenice Johnson
City of Upland	Council Member Brendan Brandt
City of Upland	Planning Commissioner Ron King

RESOLUTION NO. _____

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ONTARIO, CALIFORNIA, APPOINTING TWO CITY OFFICIALS TO REPRESENT THE CITY OF ONTARIO ON THE ONTARIO INTERNATIONAL AIRPORT – INTER AGENCY COLLABORATIVE (ONT-IAC) MEDIATION BOARD.

WHEREAS, State Law Public Utilities Code Section 21670.1(c)(2) (Alternative Process) allows local agencies to be responsible for airport land use compatibility planning in place of an Airport Land Use Commission; and

WHEREAS, the Ontario City Council adopted the Airport Land Use Compatibility Plan for Ontario International Airport on April 19, 2011 (Ordinance No. 2935); and

WHEREAS, a Cooperative Agreement was executed on July 17, 2012 (Resolution No. 2012-058) establishing ONT-IAC, a collaborative process and partnership with the Cities of Chino, Fontana, Montclair, Ontario, Rancho Cucamonga, Upland and the Counties of Riverside and San Bernardino for Airport Land Use Compatibility Planning for Ontario International Airport; and

WHEREAS, the Cooperative Agreement adopted a process for the mediation of disputes arising from the preparation, adoption, implementation and amendment of the ALUCP for ONT by establishing the following:

a. The ONT-IAC Technical Staff Group comprised of senior staff members from the participating agencies appointed by the City Manager or County Chief Executive Officer to review projects for consistency with the ALUCP; and

b. The ONT-IAC Mediation Board, an official voting body established to formally hear disputes that are not resolved by the Technical Staff Group and comprised of elected or appointed government officials from the Participating Agencies as outlined within the Cooperation Agreement; and

c. An administrative function to manage ONT-IAC administered by the City of Ontario, Planning Department; and

WHEREAS, the City of Ontario received an effective date of February 7, 2013 for the Cooperative Agreement from Caltrans Division of Aeronautics allowing the City of Ontario to implement the agreement and form the ONT-IAC Mediation Board; and

WHEREAS, on August 6, 2013, the City of Chino, City Council appointed Council Member Eunice Ulloa and Planning Commissioner Harvey Luth to serve as Chino's representatives on the ONT-IAC Mediation Board; and

WHEREAS, on August 7, 2013, the City of Rancho Cucamonga, City Council appointed Mayor L. Dennis Michael and Council Member Diane Williams to serve as Rancho Cucamonga's representatives on the ONT-IAC Mediation Board; and

WHEREAS, on August 13, 2013, the City of Fontana, City Council appointed Mayor pro Tem John Roberts and Council Member Jesse Sandoval to serve as Fontana's representatives on the ONT-IAC Mediation Board; and

WHEREAS, on August 20, 2013, the County of San Bernardino Board of Supervisors appointed Fourth District Supervisor Gary Ovitt and Chief Executive Officer Gregory C. Devereaux to serve as County of San Bernardino's representatives on the ONT-IAC Mediation Board; and

WHEREAS, on September 3, 2013, the City of Montclair, City Council appointed Mayor pro Tem Bill Ruh and Planning Commission Chairperson Tenice Johnson to serve as Montclair's representatives on the ONT-IAC Mediation Board; and

WHEREAS, September 9, 2013, the City of Upland, City Council appointed Council Member Brendan Brandt and Planning Commissioner Ron King to serve as Upland's representatives on the ONT-IAC Mediation Board; and

WHEREAS, all legal prerequisites to the adoption of this Resolution have occurred.

NOW, THEREFORE, IT IS HEREBY FOUND, DETERMINED, AND RESOLVED by the City Council of the City of Ontario, California hereby appoints the Council Airport Liaison Subcommittee to serve as Ontario's representatives on the ONT-IAC Mediation Board:

SECTION 1. The documents and materials that constitute the record of proceedings are located at the City of Ontario City Hall, 303 East "B" Street, Ontario, California 91764. The custodian for these records is the City Clerk of the City of Ontario.

SECTION 2. The City Clerk shall certify to the adoption of the Resolution.

PASSED, APPROVED, AND ADOPTED this 5th day of November 2013.

CITY OF ONTARIO

Agenda Report

November 5, 2013

SECTION:
CONSENT CALENDAR

SUBJECT: PURCHASE OF WATER METERS AND REPAIR PARTS

RECOMMENDATION: That the City Council authorize the sole source purchase of new and replacement water meters and repair parts for a total not to exceed amount of \$425,000 from HD Supply Waterworks of Perris, California.

COUNCIL GOALS: Develop Strategies and Take Actions, Including Regaining Local Control of the Ontario International Airport, to Minimize the Negative Impacts of the Global Financial Downturn on Ontario's Economy and the City's Fiscal Health
Invest in the City's Infrastructure (Water, Sewers, Parks, Streets, Storm Drains and Public Facilities)

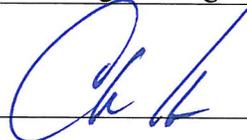

FISCAL IMPACT: The actual cost of meters to be purchased will be determined based on unit pricing for the various sizes of meters and actual meter repair, replacement and new installation needs. The Fiscal Year 2013-14 Water Operating budget includes \$425,000 for the purchase of new and replacement meters and repair parts. New developments pay for new meter installations while the cost of meter testing, repair and replacement is included in the rates the City bills for water service. There is no impact to the General Fund.

BACKGROUND: There are over 32,500 water meters citywide, which includes 4,500 meters that serve landscape areas, as well as industrial and commercial businesses. Approximately 28,000 meters are used for residential. The accuracy of meters has a direct relationship to accounting and billing for water purchases. To maintain accuracy and functionality, meters need to be replaced approximately every ten years and they are repaired as needed.

The Master Meter 3G Radio Read Meter is the City's standard specification for all new and replacement meter installations as a result of a public procurement process and product evaluation. HD Supply Waterworks is the exclusive distributor in California for Master Meter 3G Radio Read Meters, and staff has reviewed pricing for consistency and recommends this sole source award to HD Supply Waterworks.

SUBJECT: CONSTRUCTION CONTRACT FOR THE FOURTH STREET WATER MAIN IMPROVEMENTS

RECOMMENDATION: That the City Council:

- (A) Approve the plans and specifications;
- (B) Award Contract No. UT 1314-02 (on file with Records Management Department) to Norstar Plumbing and Engineering, Inc. of Alta Loma, California, in the bid amount of \$1,298,828 plus a 15% contingency (\$194,825) for a total of \$1,493,653 for the construction of the Fourth Street Water Main Improvements Project; authorize the City Manager to execute said contract and file a notice of completion at the conclusion of all construction activities related to the project;
- (C) Authorize the City Manager to execute a Professional Services Agreement (on file with Records Management Department) with Albert A. Webb and Associates, Inc. of Riverside, California, in the amount of \$139,400 plus a 15% contingency (\$20,910) for a total of \$160,310 for construction management and inspection services.

COUNCIL GOALS: Develop Strategies and Take Actions, Including Regaining Local Control of the Ontario International Airport, to Minimize the Negative Impacts of the Global Financial Downturn on Ontario's Economy and the City's Fiscal Health
Invest in the City's Infrastructure (Water, Streets, Sewers, Parks, Storm Drains and Public Facilities)

FISCAL IMPACT: The Fiscal Year 2013-2014 Capital Improvement Program includes appropriations from the Water Capital Fund for this project. The recommended contract awards to Norstar Plumbing and Engineering, Inc., and Albert A. Webb Associates, Inc. will total \$1,438,228 plus a 15% contingency (\$215,735) for a total of \$1,653,963. There is no impact to the General Fund.

BACKGROUND: The City's Water Master Plan has identified the need to replace undersized and aging pipelines to maintain the reliability of water service to the community and to improve service

STAFF MEMBER PRESENTING: Scott Burton, Utilities General Manager

10

pressure and fire flow availability. The Fourth Street Water Main Improvements Project consists of the installation of 4,300 linear feet of 18-inch water pipeline and appurtenances. A location map is provided for reference.

On September 19, 2012, proposals were solicited for the preparation of plans and specifications for the design of the Fourth Street Water Main Improvements Project. Albert A. Webb and Associates, Inc. was awarded the contract based on their qualifications and successful completion of similar projects. Award of the construction management and inspection services was deferred to coincide with the construction phase of the project. Approval of the Professional Services Agreement between the City and Albert A. Webb and Associates, Inc. will maintain continuity of the project and complete the award of this phase of the contract.

On September 12, 2013, seventeen (17) bids were received for the construction portion of the Fourth Street Water Main Improvements Project. The bids ranged from a low of \$1,298,828 to a high of \$1,953,677. The lowest five (5) bids are summarized below:

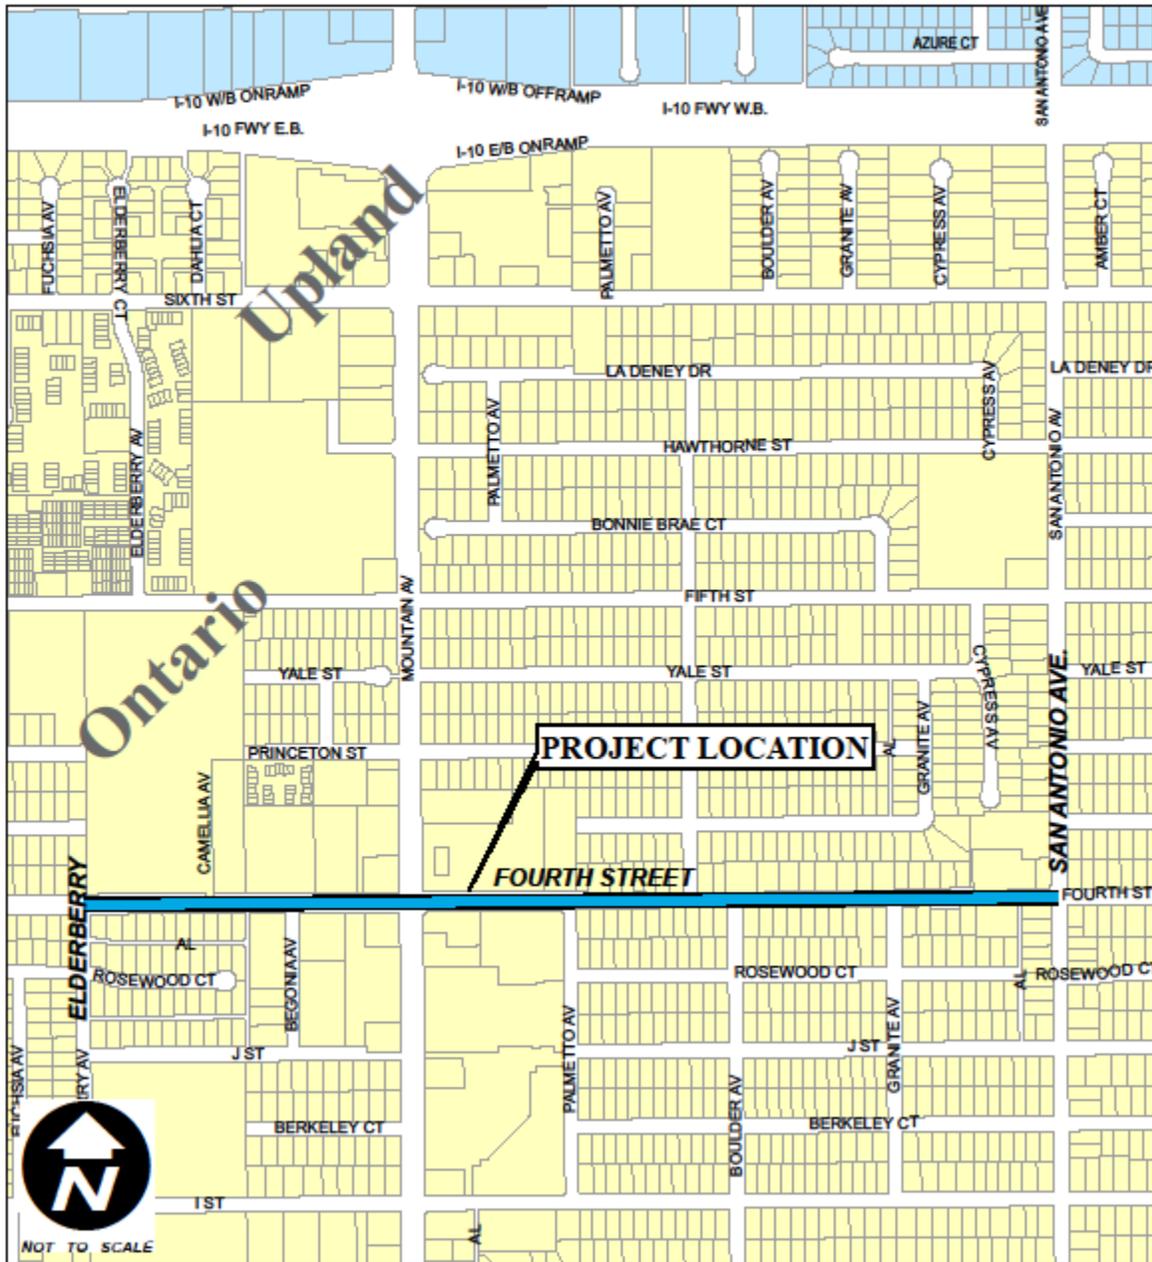

<u>Bidder</u>	<u>Location</u>	<u>Amount</u>
Norstar Plumbing & Engineering, Inc.	Alta Loma, CA	\$1,298,828
Christensen Brothers General Engineering, Inc.	Apple Valley, CA	\$1,299,546
J.A. Salazar Construction & Supply Corp.	La Habra, CA	\$1,347,872
TK Construction	San Bernardino, CA	\$1,352,551
Pro-Craft Construction, Inc.	Redlands, CA	\$1,362,254

Staff recommends the award to Norstar Plumbing and Engineering, Inc. of Alta Loma, California, based on their expertise and ability to perform the work in a timely manner and successful completion of this type of work in the past.

The project is a component of the 2012 Infrastructure Master Plans that was approved by the City Council on December 4, 2012. A Mitigated Negative Declaration (MND) was prepared and approved for the 2012 Infrastructure Master Plans pursuant to the provisions of CEQA. The MND addressed the drainage, sewer, water and recycled water master plans (2012 Infrastructure Master Plans) including their alignments, pipe sizes and installation for the City. An analysis of the project has determined that there is no deviation from the description of this component of the overall 2012 Infrastructure Master Plans. Thus, no further CEQA analysis is required.

OMUC CONTRACT No. UT1314-02

FOURTH ST. WATER MAIN IMPROVEMENTS FROM ELDERBERRY AVE. TO SAN ANTONIO AVE.

CITY OF ONTARIO

Agenda Report

November 5, 2013

SECTION:
CONSENT CALENDAR

SUBJECT: AGREEMENT FOR TEMPORARY WATER SERVICE

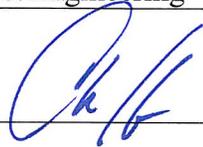

RECOMMENDATION: That the City Council authorize the City Manager or his designee to execute a Temporary Water Service Agreement (on file with Records Management Department) with Stratham-Lewis Ontario Development Company, LLC (SL Ontario) of Upland, California, for temporary water service from agricultural wells, subject to non-substantive changes; and authorize the City Manager or his designee to execute future agreements subject to non-substantive changes.

COUNCIL GOALS: Develop Strategies and Take Actions, Including Regaining Local Control of the Ontario International Airport, to Minimize the Negative Impacts of the Global Financial Downturn on Ontario's Economy and the City's Fiscal Health
Invest in the City's Infrastructure (Water, Streets, Sewers, Parks, Storm Drains and Public Facilities)
Ensure the Development of a Well Planned, Balanced, and Self-Sustaining Community in the New Model Colony

FISCAL IMPACT: The rate for such use will be consistent with the City's current potable water commodity charge in effect at the time. Under this agreement, SL Ontario will pump the City's groundwater rights from existing agricultural wells for grading and dust control purposes only. There is no impact to the General Fund.

BACKGROUND: The upcoming development by SL Ontario within the Subarea 29 Specific Plan in the New Model Colony, will require a significant amount of water for construction, including mass grading and dust control at the site. This agreement will allow SL Ontario to produce water for such operations at the project site and conserve water deliveries from the City's potable water distribution system. Upon the construction of the initial recycled water infrastructure in the New Model Colony, SL Ontario will be required to stop use of pumped groundwater and use available recycled water for the remainder of its grading and dust control operations. At the conclusion of construction operations, the wells will be either abandoned or ownership transferred to the City for future monitoring purposes.

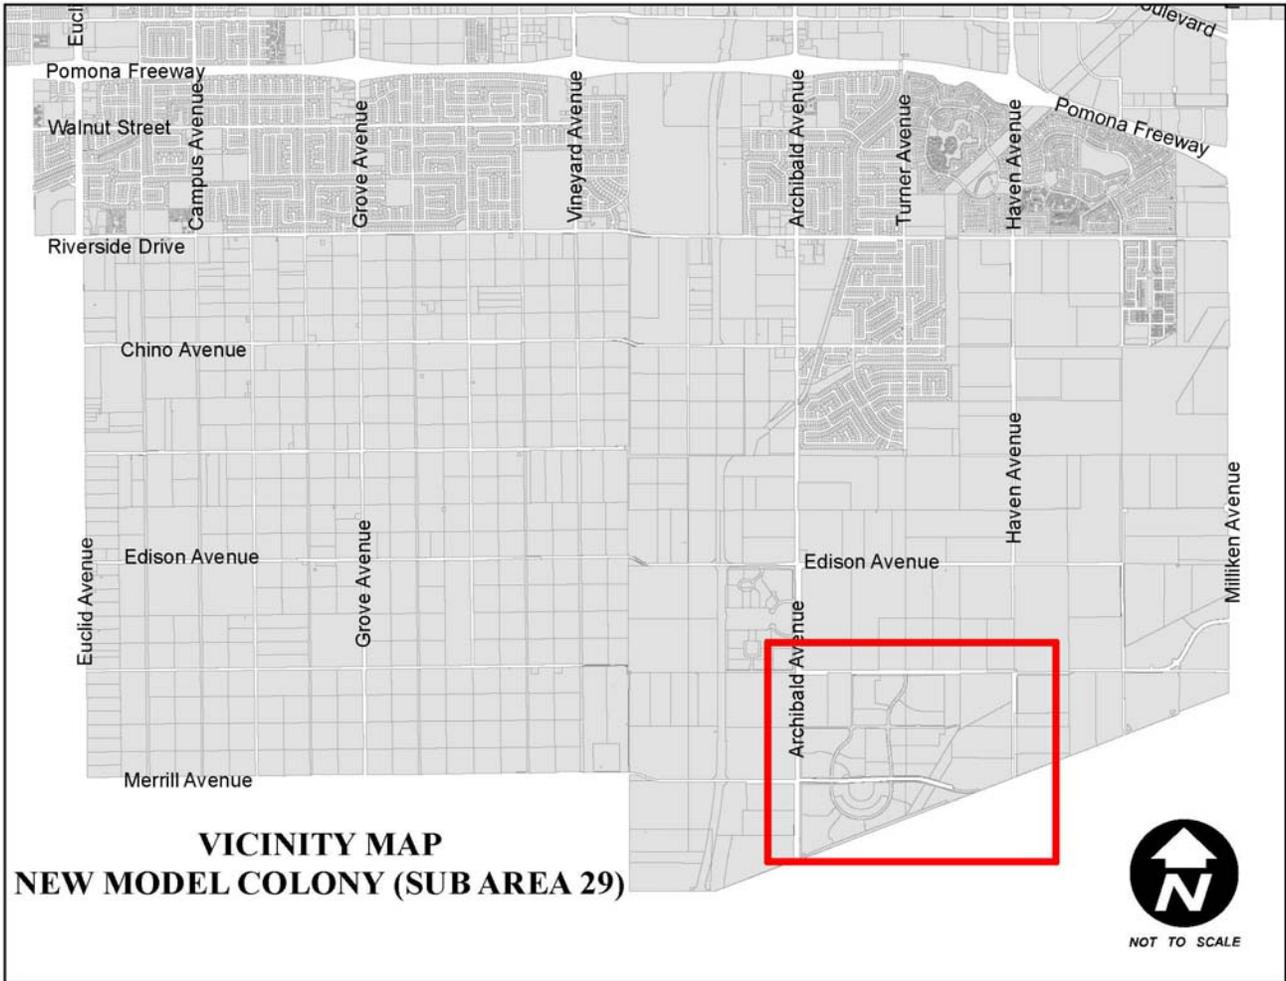

STAFF MEMBER PRESENTING: Scott Burton, Utilities General Manager

November 5, 2013

SECTION:
PUBLIC HEARINGS

SUBJECT: INTRODUCTION OF ORDINANCES AMENDING CHAPTERS 3, 7 AND 8B OF TITLE 6 OF THE ONTARIO MUNICIPAL CODE RELATING TO SOLID WASTE, SEWER AND WATER SERVICES AND FEES

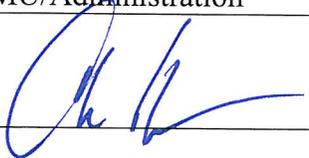

RECOMMENDATION: That the City Council conduct a public hearing to:

- (A) Consider all written protests against the proposed increases in the rates for solid waste, sewer and water services in accordance with California Constitution, Article XIII D, Section 6(a); and
- (B) Introduce and waive further reading of ordinances amending Chapter 3, of Title 6 of the Ontario Municipal Code related to solid waste services and authorizing increases to the rates for solid waste service charges and fees; and
- (C) Introduce and waive further reading of ordinances amending Chapter 7, of Title 6 of the Ontario Municipal Code related to sewer services and authorizing increases to the rates for sewer service charges and fees; and
- (D) Introduce and waive further reading of ordinances amending Chapter 8B, of Title 6 of the Ontario Municipal Code relating to water services and authorizing increases to the rates for water service charges and fees.

COUNCIL GOALS: Develop Strategies and Take Actions, Including Regaining Local Control of the Ontario International Airport, to Minimize the Negative Impacts of the Global Financial Downturn on Ontario's Economy and the City's Fiscal Health
Operate in a Businesslike Manner
Invest in the City's Infrastructure (Water, Streets, Sewers, Parks, Storm Drains and Public Facilities)

FISCAL IMPACT: A review of the service charges for the Utilities Enterprise Funds (Solid Waste, Sewer and Water) has been prepared covering Fiscal Year 2014-15 and Fiscal Year 2015-16. This review is provided as Exhibit "A" to the ordinances and is incorporated by reference as part of the

12

administrative record. Current service charges and fees for solid waste, sewer and water will not provide adequate revenues to meet operational needs through Fiscal Year 2015-16; therefore, rate increases are recommended for each of these services on January 1, 2014 and January 1, 2015. Adopting the recommended solid waste, sewer and water service charges will provide adequate revenues to meet operational and capital facility needs through Fiscal Year 2015-16. The current average residential combined utility bill (solid waste, sewer and water) for City charges is \$115.22 per month. These recommendations will result in an average monthly increase of \$2.45, or 2.1%, in the first year and \$2.45, or 2.1%, in the second year.

BACKGROUND: Pursuant to Proposition 218 (California Constitution, Article XIII D, Section 6), the City is required to comply with the following procedures prior to increasing solid waste, sewer and water services fees and charges:

Proposition 218 Procedure

1. Parcels upon which the increased fee or charge is proposed to be imposed have been identified, and Proposition 218 Notice ("Notice") was mailed on September 19, 2013 to (a) the record owner (as defined in California Government Code Section 53750(j) (the "Owner") of each identified parcel (as defined in California Government Code Section 53750(g)); and (b) any customer of record who, at the time the notice is mailed, has a billing account with the City and is directly liable to pay the fee ("Customer") for an identified parcel.
2. The Notice contained (a) the amount of the fee or charge; (b) the basis on which it was calculated; (c) reason for the increase; and (d) the date, time, and location the City Council will conduct a public hearing on the proposed increase.
3. A public hearing was scheduled for November 5, 2013 (at least 45 days after the Notice was mailed) to consider all written protests against the proposed increase to the fee or charge. If at the conclusion of the hearing written protests against the proposed increased fee are presented by a majority of Owners/Customers of parcels to be charged, the City may not increase the fee.

Resolution 2007-097 (Adopted on August 21, 2007) established the following procedures for considering protests against proposed rate increases in accordance with California Constitution, Article XIII D, Section 6(a):

1. Each Owner or Customer may submit one written protest per parcel. Each protest must be submitted to the City Clerk at 303 East "B" Street, Ontario, California 91764, or in person at the public hearing.
2. All protests must be received by the City Clerk by the close of the public hearing. Any protest received after the close of the public hearing, even if postmarked prior to that time, will not be accepted or counted.
3. Each protest must be in writing and provide the location of the identified parcel (by assessor's parcel number or street address) and include the signature of the Owner or Customer. Protests submitted by e-mail will not be accepted. Although oral comments or testimony at the public hearing will not qualify as a formal written protest, the City Council welcomes input from the public during the public hearing on the proposed fee.

4. To be valid, a protest must (a) state that it is in opposition to the proposed fee; and (b) contain the original signature of an Owner or Customer of the identified parcel. Any protest that does not contain this information or an original signature of either an Owner or Customer shall not be tabulated.
5. Any Owner or Customer who submits a protest may withdraw it by submitting a written request to withdraw the protest. The request must be submitted to the City Clerk prior to the close of the public hearing either at 303 East "B" Street, Ontario, California 91764, or in person at the public hearing. The withdrawal of a protest must include the location of the identified parcel (by assessor's parcel or street address) and include the original signature of the Owner or Customer who submitted the protest. Only the Owner or Customer who submitted the protest may withdraw it. A request to withdraw a protest submitted by e-mail will not be accepted.
6. If an identified parcel is owned by more than a single Owner or more than one name appears on the City's records as the Customer for the identified parcel, or if the Customer is not the Owner, each Owner or Customer may submit a protest; provided, however, only one protest will be counted per identified parcel. Any one protest submitted in accordance with these procedures shall be sufficient to count as a protest for that identified parcel.
7. The City Clerk shall determine the validity of all protests. The City Clerk shall not accept as valid any protest if the City Clerk determines that any of the following conditions exist:
 - a. The protest is not in writing.
 - b. The protest does not provide the location of the identified parcel by either assessor's parcel number or street address.
 - c. The protest does not contain an original signature of an Owner or Customer of the property identified on the protest.
 - d. The protest does not state its opposition to the proposed fee which is the subject of the protest proceeding.
 - e. The protest is not received by the City Clerk prior to the close of the public hearing on the proposed fee.
 - f. A valid request to withdraw the protest is received prior to the close of the public hearing on the proposed fee.
8. The City Clerk's decision regarding the validity of a protest or a request for the withdrawal of a protest of shall constitute a final action of the City and shall not be subject to any internal appeal.
9. The City Clerk may begin to tabulate protests at any time after the close of the public hearing on the proposed fee. In the event the City Clerk cannot complete the tabulation of the protests before the conclusion of the City Council meeting, the City Council may continue the action to impose or not impose the fee to another City Council meeting date. The continuation of the action on the item to another meeting does not reopen the public hearing on the proposed fee.
10. A majority protest exists if valid written protests are timely submitted and not withdrawn by the Owners of or Customers with respect to, a majority of the identified parcels.

Proposed Rates

Utility services for solid waste, sewer and water are operated as separate Enterprise Funds and are not commingled with the City's General Fund or each other. These utility services are funded by fees and charges (rates) and the budgets are set annually. Rates and services are reviewed periodically (see Exhibit "A" to the ordinances, incorporated by reference as part of the administrative record) to ensure that the established service rates are:

- a. Adequate to recover costs reasonably borne in providing the services;
- b. Equitable to all customer classes;
- c. In compliance with all State and Federal regulations; and
- d. Easily explained to customers.

The basis and reasons for the proposed increases are to enable the City to recover operating expenses, and to maintain the operational and financial stability of the utilities, while maintaining our commitment to provide the highest quality services at the lowest possible rates for our customers. The proposed rate increases will occur over two years. The current and proposed rates are set forth in the attached ordinances amending Chapters 3, 7 and 8B of Title 6, of the Ontario Municipal Code relating to services and fees for solid waste, sewer and water services. The proposed rates are based on multi-year financial plans. The multi-year financial plans assess the City's revenue requirements for both operations and capital facilities for solid waste, sewer and water using information from the most recent master plans and operational cost projections.

Solid Waste

The solid waste service charges have not been increased in five years, since January 1, 2009, as a result of the following cost avoidance and cost cutting measures:

- Expanded the recycling program to reduce the cost of landfill disposal;
- Extended the useful life of solid waste vehicles to reduce capital replacement cost; and
- Increased operational efficiencies.

Solid waste expenses consist of material recovery processing and landfill disposal costs, operation and maintenance (O&M) expenses including general overhead costs related to supervision, utility billing and customer service, cost allocations to the General Fund for City provided services, purchase of new and replacement vehicles and equipment, street sweeping and illegal dumping clean up services; and, a capital improvement program.

As a result of increasing costs, the City's current solid waste rates will not generate adequate revenue to cover the City's projected expenditures for solid waste services. The recommended solid waste rate increases will increase the average residential solid waste bill by \$0.52 per month or 2% from the current rate of \$26.09 effective on bills sent on or after January 1, 2014, and by \$0.53 per month or 2% to the rate of \$27.14 effective on bills sent on or after January 1, 2015.

Sewer

The Sewer Utility Fund faces many challenges in the coming years that continue to increase the cost of providing sewer services. Some of these challenges are:

- Increased sewer treatment cost (IEUA Pass-Through);
- Aging sewer system, which requires more frequent maintenance, repairs and replacement; and
- Legislative mandates to ensure adequate sewer capacity and maintenance.

To offset some of the cost increases associated with increasing regulatory requirements and the maintenance and replacement of aging infrastructure, the following cost avoidance and cost cutting measures have been implemented which will limit the proposed rate increase to a minimum:

- Extending the useful life of vehicles and equipment to reduce capital replacement cost; and
- Increasing operational efficiencies.

The City maintains the sewer collection system to provide a high level of customer service and comply with Federal, State and local laws and regulations, particularly Waste Discharge Requirement (WDR) and Sanitary Sewer Overflow (SSO) regulations. These regulations require that the collection system be properly managed, operated, and maintained at all times and adequate capacity to convey base flows and peak flows for all parts of the collection system is provided. The SSO regulations require video inspecting of all sewer lines and taking all feasible steps to stop and mitigate the impact of sanitary sewer overflows.

The City contracts with the Inland Empire Utilities Agency (IEUA) for sewer treatment at regional sewer treatment facilities owned and operated by IEUA. The IEUA Board of Directors sets the treatment rate per EDU (equivalent dwelling unit = one single-family residence) which is a pass-through charge on the City utility bills.

The recommended increases in the City monthly sewer service charge are needed to fund capital construction replacement projects to correct system deficiencies and improve system reliability, meet operational needs, and comply with mandated regulations related to SSO.

The City sewer monthly rate is recommended to increase by \$0.38 per EDU or 3% from the current \$12.60 per EDU to \$12.98 per EDU effective on bills sent on or after January 1, 2014 and by \$.039 or 3% to \$13.37 per EUD effective on bills sent on or after January 1, 2015.

Water

The water industry throughout California faces many challenges in the coming years that continue to increase the cost of providing water services. Some of these challenges are:

- Increased costs of imported water, which constitutes approximately one third of the City's water supply. The increase in imported water cost also impacts the cost of acquiring additional groundwater production rights needed to supplement the City production rights;
- Increased costs to replace and reconstruct aging water facilities and to construct new facilities to correct existing system deficiencies; and

- Legislative mandates related to more stringent Drinking Water Standards and the presence of various plumes of groundwater contaminants, such as nitrates, volatile organics and perchlorate, which reduce the useful life of some of the existing wells, limit the areas where new wells can be drilled, or require expensive water treatment.

To offset some of the cost increases to meet increasing regulatory requirements, pay for more expensive imported water and replace and maintain aging infrastructure, the following cost avoidance and cost cutting measures have been implemented which will limit the proposed rate increase to a minimum:

- Expand the use of recycled water to reduce the overall water supply cost;
- Reduce energy cost by controlling time of pumping and use of more efficient motors; and
- Increasing operational efficiency to reduce labor cost.

The recommended water rate will increase the average residential water bill by \$1.55 per month or 2% from the current \$76.53 per month to \$78.08 per month effective on bills sent on or after January 1, 2014, and by \$1.53 per month or 2% to \$79.61 per month effective on bills sent on or after January 1, 2015. The recommended increase in water charges is needed to fund increased imported water costs, capital construction replacement projects and the increased cost of operations and water treatment.

As a result of the updated cost of service study for water service and fees, it is recommended that the rate differential for the potable water commodity rates for the OMC and NMC be eliminated. The current projections for NMC potable water demand and available supply, along with the current and anticipated future unit cost of this supply, from groundwater rights and pumping as a result of agricultural land conversion for example, support the elimination of the rate differential.

While still inexpensive, there is a rapid escalation in the cost to purchase recycled water from IEUA. As a result, the cost to provide recycled water to Ontario's customers has increased. In response to the escalating cost of recycled water, it is recommended to eliminate the lower cost second tier rate for recycled water; and it is recommended that the recycled water rate be increased by \$0.08 (6%) from the current rate of \$1.35 per hundred cubic feet (hcf) to \$1.43 per hcf on January 1, 2014, and by \$0.13 (9%) per hcf to \$1.56 on January 1, 2015.

ORDINANCE NO. _____

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ONTARIO, CALIFORNIA, AMENDING SECTIONS 6-3.101, 6-3.104, 6-3.105, 6-3.106, 6-3.107, 6-3.209, 6-3.301, 6-3.302, 6-3.304, 6-3.305, 6-3.307, 6-3.308, 6-3.309, 6-3.310, 6-3.312, 6-3.313, 6-3.314, 6-3.401, 6-3.406, 6-3.502, 6-3.503, 6-3.504, 6-3.505, 6-3.510, 6-3.601, 6-3.602, AND 6-3.603 OF CHAPTER 3, OF TITLE 6 OF THE ONTARIO MUNICIPAL CODE, SECTIONS RELATED TO INTEGRATED SOLID WASTE MANAGEMENT.

WHEREAS, it is the policy of the City of Ontario (the "City") that the accumulation, collection, removal, disposal, composting, and recycling of refuse shall be controlled by the City for the protection of the public health, safety, and welfare and to contribute toward the diminution of health hazards and pollution in the City; and

WHEREAS, the City Council finds that to give practical effect to this policy, a comprehensive system for the periodic collection, removal, disposal, composting and/or recycling of refuse from all premises in the City is essential and benefits all residents of the City; and

WHEREAS, the City currently has in place uniform requirements and regulations for direct and indirect users of the refuse and recycling collection services of the City which allow the City to comply with all applicable state and federal laws, including, but not limited to, The Integrated Waste Management Act of 1989, State Assembly Bill 75, Public Resources Code §§ 49520-49524, California Code Title 14 Division 7 and any subsequent amendments to each; and

WHEREAS, the City has determined that it is appropriate to amend certain provisions of the Ontario Municipal Code related to solid waste services to further accomplish these purposes.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF ONTARIO DOES ORDAIN AS FOLLOWS:

SECTION 1. The City Council hereby finds and determines that the recitals discussed above are true and correct and are hereby incorporated and adopted as findings and determinations by the City Council as if fully set forth herein.

SECTION 2. Section 6-3.101 of Chapter 3, of Title 6, Subsection 6-3.101(a), 6-3.101(b), and 6-3.101(f) of the Municipal Code is hereby amended to read as follows:

Sec. 6-3.101. Declaration of policy.

(a) The intent and purpose of this chapter is to comply with state law on solid waste management as it is found in California Public Resources Code § 40000 *et seq.*

(b) State law requires local agencies such as the City to control and reduce their waste streams, and meet per capita waste generation goals each year, pursuant to Assembly Bill 939 (Pub. Res. Code § 41780) and Senate Bill 1016 (Pub. Res. Code Sec. 42920-42927). This reduction requires an ongoing evolution of the practices within the City to include elements that reduce waste generation, promote reuse, and require collection of recyclable and organic material. Pursuant to A.B. 939 requirements, the City shall require mandatory refuse and recycling collection.

(f) The City Manager or his or her authorized designee shall be responsible for reviewing refuse and recycling collection services, contracts, permits, fees and rates and for making recommendations on the administration of the above to the City Council for final approval.

SECTION 3. Section 6-3.104 of Chapter 3, of Title 6 of the Municipal Code is hereby amended to read as follows:

Sec. 6-3.104. Applicability.

This chapter shall apply to all users of the City's refuse, recycling, green waste and other organics collection services within the City and to users outside the City who are by permit, contract, or agreement with the City, users of the City's refuse, recycling and green waste collection services or are conducting business or activities within the City which fall under the provisions of this chapter.

SECTION 4. Section 6-3.105 of Chapter 3, of Title 6, Subsections 6-3.105(a) through 6-3.105(c) and 6-3.105(e) of the Municipal Code is hereby amended to read as follows:

Sec. 6-3.105. Exclusive jurisdiction.

(a) The collection of all refuse and waste within the City shall be performed under the direction of the City Manager, and for such purposes, the City may use City personnel, enter into contract agreements with private hauling firms or approve franchise agreements to perform such collection. Solid waste enterprises operating pursuant to such a contract or franchise agreement shall meet the terms, rates, standards and services specified in the contract or franchise agreement which shall be comparable to services established by the City. However, the City Manager may authorize any person to collect, remove, and disperse refuse, recyclables, green waste and other organics under such terms, conditions, and limitations deemed necessary in the interests of the public health, safety, and welfare. The City may, at its option, enter into contracts with solid waste enterprises for some or all services related to the disposal, transfer, recycling, collection, billing or customer service related activities.

(b) Residential integrated waste management and recycling services and commercial integrated waste management and refuse services shall be provided exclusively under the direction of the City. A solid waste enterprise may not provide waste collection services except as authorized by the City pursuant to § 6-3.105(a). This section does not prohibit the commercial collection of recyclables pursuant to §§ 6-3.502 through 6-3.505, provided all such commercial collection of recyclables complies with the provisions of this chapter.

(c) No person, solid waste enterprise or the agents, servants or employees thereof, shall provide collection or integrated waste services within the City without the City's approval, which approval shall be issued only on a vote of the City Council and may be removed for failure to comply with the health and sanitation regulations of the City and San Bernardino County.

(e) Each violation of this section will be considered an infraction and subject to the penalties listed in § 1-2.01.

SECTION 5. Section 6-3.106 of Chapter 3, of Title 6 of the Municipal Code is hereby repealed in its entirety.

SECTION 6. Section 6-3.107 of Chapter 3, of Title 6, of the Municipal Code is hereby amended to read as follows:

Sec. 6-3.107. Definitions.

For the purpose of this chapter, unless otherwise apparent from the context, certain words and phrases used in this chapter shall have the meanings hereinafter designated. The definitions in this chapter are included for reference purposes only and are not intended to narrow the scope of definitions set forth in federal or state laws or regulations. Words used in this chapter in the singular may include the plural and the plural may include the singular. Use of the masculine shall also mean feminine and neuter.

(a) "Administrative Services Director" means the Administrative Services Director of the City of Ontario.

(b) "Applicant" means any individual, firm, limited liability company, association, partnership, political subdivision, government agency, municipality, industry, public or private corporation, or any other entity whatsoever who applies to the City for the applicable permits to undertake any construction, demolition, or renovation project within the City or to provide recycling collection services within the City.

(c) "Authorized recycling agent" means a person with whom the City authorizes by contract or permit to collect its recyclable waste material. An authorized recycling agent may be a municipal collection service, private refuse hauler, private recycling enterprise, or private nonprofit corporation or association.

(d) "Bulky item" means any item unable to be collected through normal collection method, such as appliance, furniture or bundled brush.

(e) "Business recycling plan" means a completed business recycling plan form, approved by the City for the purpose of compliance with this article, submitted by the applicant for any large project.

(f) "C & D" or "construction and demolition materials" means lumber, paper, cardboard, metals, masonry (brick, concrete, and the like), carpet, plastic, pipe (plastic, metal, and clay), drywall, rocks, dirt, and green waste related to land development. These materials produce debris that is not hazardous waste, defined by Public Resources Code § 40141.

(g) "City" means the City of Ontario, California.

(h) "City Manager" means the chief administrative officer of the City of Ontario or his or her designee.

(i) "Collection" means the operation of gathering together and transporting of garbage, solid waste and refuse to a point of disposal and/or recycling or composting center/facility.

(j) "Collector" means a person employed by the City or any other person (or the agents or employees thereof) whom the City shall have duly licensed, franchised, granted a permit to, or contracted with, to collect, carry, transport, compost, and/or recycle garbage, refuse and solid waste within the City.

(k) "Combustible solid waste matter" means matter which includes all magazines, newspapers, hats, minor trimmings from lawns, trees, shrubs, and flower gardens, pasteboard boxes, rags, paper, straw, sawdust, manure, packing material, shavings, boxes, and other solid waste matter that may incinerate through contact with flames of ordinary temperature.

(l) "Commingled" means mixed in one mass; blended.

(m) "Commercial" means any apartment house with four (4) or more units, business, industry, commercial establishment, or construction site, but shall not include residential dwellings.

(o) "Commercial recycler" means a business that the City shall have duly licensed, granted a permit to, or contracted with, to collect, carry, transport, compost, and/or recycle commodities within the City.

(p) "Compost" means the product resulting from the controlled biological decomposition of organic wastes that are source separated from the municipal solid waste stream or which are separated at a centralized facility. "Compost" includes organic material such as sludge, vegetable, yard, green, or wood wastes, that is not hazardous waste.

(q) "Construction" means the building of any facility or structure or any portion thereof including any tenant improvements to an existing facility or structure.

(r) "Construction and demolition debris" means used or discarded materials removed from premises during construction or renovation of a structure resulting from construction, remodeling, repair, or demolition operations on any pavement, house, commercial building, or other structure.

(s) "Container" means the City-provided ninety-six (96)-gallon, sixty-four (64)-gallon, or thirty-two (32)-gallon receptacle, collected by automated side-loading residential collection vehicle.

(t) "Conversion rate" means the rate set forth in the standardized Conversion Rate Table approved by the City pursuant to this chapter for use in estimating the volume or weight of materials identified in a Waste Management Plan.

(u) "Customer" means the owner and/or occupant of any property within the City that is required to participate in the City's solid waste, including green waste, other organics and recyclables, collection program.

(v) "Deconstruction" means the careful dismantling of buildings and structures in order to salvage as much as possible.

(w) "Demolition" means the decimating, razing, ruining, tearing down or wrecking of any facility, structure, pavement or building, whether in whole or in part, whether interior or exterior.

(x) "Designated recycling collection location" means the place where an authorized recycling agent has contracted with either the City or other public agency, or a private entity to pick up recyclable material segregated from other waste material. "Designated recycling collection location" includes, but is not limited to, the curbside or service alley of a residential neighborhood or the service alley or designated area of a commercial enterprise.

(y) "Diversion requirement" means the diversion of at least fifty percent (50%) of the total construction and demolition debris generated by a project via reuse or recycling, unless the applicant has been granted an infeasibility exemption pursuant to § 6-3.603, in which case the diversion requirement shall be the maximum feasible diversion rate possible for the circumstances.

(z) "Divert" means to use material for any purpose other than disposal in a landfill or transformation facility.

(aa) "Dwelling, multiple" means a residential building designed for occupancy by more than one (1) family, consisting of more than one (1) living unit, even where there is no more than one (1) water meter on such premises, but excluding hotels, motels and lodges.

(ab) "Dwelling, single-family" means a detached building designed for occupancy by one (1) family and consisting of a solitary living unit.

(ac) "Fire Department" means the Fire Department of the City of Ontario.

(ad) "Garbage" means material which includes, but is not restricted to, every accumulation of animal, vegetable, or other material:

(1) Resulting from the preparation and consumption of edible foodstuffs;

(2) Resulting from decay, dealing, or storage of meats, fish, fowl, fruits or vegetables, including the cans, containers, or wrappers wasted along with such materials;

(3) Such industrial, domestic and organic refuses or residue of animals sold for meat;

(4) Fruit, vegetable and animal matter from kitchens, dining rooms, markets, food establishments or any other place using, dealing in or handling meats, fish, fowl, fruits, vegetables, grains, or other foodstuffs; or

(5) Offal, animal excrement or the carcasses of animals, fish or fowl.

(ae) "Green building" means the use of materials in a more efficient manner. Green building practices can include salvaging dimensional lumber from structures, using reclaimed aggregates, or designing the structure in way that requires less material.

(af) "Green waste" means tree and shrubbery trimmings, tree roots less than six (6) inches in diameter, vegetation matter resulting from land clearing, grass, weeds, straw, or leaves, wood chips, sawdust and other household garden organic materials which have been segregated from other refuse materials for the purpose of deposit at a designated collection location, including curbside location, for collection and transportation to a compost facility. Green waste does not include palm fronds, cactus or tree limbs, roots or stumps larger than six (6) inches in diameter.

(ag) "Hazardous waste" means a waste, or combination of wastes, which because of its quantity, concentration or physical, chemical, or infectious characteristics may do either of the following:

(1) Cause or significantly contribute to an increase in mortality or an increase in serious irreversible, or incapacitating reversible illness; or

(2) Pose a substantial present or potential hazard to human health or environment when improperly treated, stored, transported, or disposed of, or otherwise managed. Unless expressly provided otherwise, "hazardous waste" includes extremely hazardous waste and acutely hazardous waste.

(ah) "Large project" shall have the meaning set forth in § 6-3.602(a).

(ai) "Municipal Code" means the City of Ontario Municipal Code.

(aj) "Ontario Municipal Utilities Company" means the Ontario Municipal Utilities Company of the City of Ontario.

(ak) “Noncombustible solid waste matter” means matter which includes crockery, bottles, metal vessels, glass, broken brick, tin cans, ashes, and other solid waste matter that shall not incinerate through contact with flames of ordinary temperature.

(al) “Occupant” means one who has certain legal rights to or control over the premises occupied; a tenant or owner.

(am) “Organics” means material of related to or derived from living organisms.

(an) “Person” means an individual, firm, limited liability company, association, partnership, political subdivision, government agency, municipality, industry, public or private corporation, or any other entity whatsoever.

(ao) “Post-consumer recycled materials” means a finished material or product that has served its intended use and would normally be disposed of as solid waste. Examples of post-consumer recycled materials include, but are not limited to old newspaper, office paper, yard waste, steel, glass, aluminum cans, plastic bottles, oil, asphalt, concrete, and tires.

(ap) “Pre-consumer” means materials or by-products generated after manufacturing of a product is completed, but before the product reaches the end-use consumer.

(aq) “Project” means any activity which requires an application for a building or demolition permit, or any similar permit from the City.

(ar) “Property owner” means the record owner of a property and includes the homeowner/business owner association of a residential/business condominium project.

(as) “Receptacle” means a container that holds items or matter.

(at) “Recyclable materials” or “recyclables” means reusable waste materials, including but not limited to, metal, glass, plastic and paper, and green waste, that are to be collected, separated or processed and used as raw materials. “Recyclable material” does not include refuse, hazardous waste or hazardous waste materials.

(au) “Recycle” or “recycling” means the process of collecting, sorting, cleansing, treating, and reconstructing materials that would otherwise become refuse or garbage, and returning them to the economic mainstream in the form of raw material for new, revised, or reconstituted products which meet the quality standards necessary to be used in the marketplace. This includes, without limitation, items intended for “reuse” or “personal use,” irrespective of their intended return to economic mainstream or marketplace.

(av) “Recycled material” or “recycled product” means waste material and by-products that have been recovered or diverted from the solid waste stream and that can be utilized in place of raw or virgin material in the production of a product.

“Recycled materials” may consist of material derived from post-consumer waste, manufacturing waste, industrial scrap, agricultural waste, and other items, all of which can be used in the manufacture of new products.

(aw) “Refuse” means the designated all-inclusive term for all putrescible and non-putrescible solid and semi-solid waste including, but not limited to: garbage, solid waste matter, trash, ashes, industrial wastes, construction and demolition wastes, bulky item waste, manure, vegetable or animal solid and semisolid wastes, combustible and non-combustible wastes. “Refuse” does not include hazardous or household hazardous waste, medical waste, low-level radioactive waste or recyclable materials and green waste.

(ax) “Renovation” means any change, addition, or modification in an existing structure.

(ay) “Residential” means any residential or single-family dwelling or apartment house not utilizing commercial bins.

(az) “Reuse” means further or repeated use of construction or demolition debris.

(ba) “Roll-off, temporary service” means placement of roll-off bin or drop body on the public right-of-way, not on private property.

(bb) “Salvage” means the controlled removal of construction or demolition debris from a permitted building or demolition site for the purpose of recycling, reuse, or storage for later recycling or reuse.

(bc) “Scavenging” means the removal of any recyclable and/or waste material without authorization of the property owner and/or the City.

(bd) “Small project” shall have the meaning set forth in § 3-3.602(b).

(be) “Solid waste matter” means solid waste matter which is “combustible” and “non-combustible” as defined in this section. “Solid waste matter” shall not include dirt, rocks, building materials, and tree trunks or limbs (as differentiated from minor trimmings), which shall be considered as rubbish or refuse.

(bf) “Street” means all streets, highways, avenues, lanes, alleys, courts, places, squares or other public ways in the City which have been or may hereafter be dedicated or open to public use, or such other public property so designated in any law of this state.

(bg) “Utilities General Manager” means the General Manager of the Ontario Municipal Utilities Company, or his or her authorized representative.

SECTION 7. Section 6-3.209 of Chapter 3, of Title 6, Subsection 6-3.209(b) of the Municipal Code is hereby amended to read as follows:

Sec. 6-3.209. Unauthorized receptacles.

(b) Receptacles violating this section of the chapter shall be tagged by Code Enforcement, or Solid Waste Department management, for removal within twenty-four (24) hours. If the receptacle is not removed within twenty-four (24) hours, the receptacle will be impounded by the City without granting any further notice or warning. The confiscated receptacle will be placed in a storage facility and the hauler shall be responsible for all fees incurred as a result of the impoundment.

SECTION 8. Section 6-3.301 of Chapter 3, of Title 6 of the Municipal Code is hereby amended to read as follows:

Sec. 6-3.301. Responsibility to provide for collection.

The property owner or occupant of any residential unit within the City is responsible to provide for the removal of refuse, recyclables, green waste or other organics from such premises in accordance with provisions of this chapter.

SECTION 9. Section 6-3.302 of Chapter 3, of Title 6 of the Municipal Code is hereby amended to read as follows:

Sec. 6-3.302. Placement of refuse, recycling and green waste in receptacles.

(a) All refuse, recycling, green waste and other organic materials shall be placed in suitable receptacles furnished by the City.

(b) Ashes shall be thoroughly moistened to prevent them from scattering and starting the receptacle on fire.

(c) All refuse shall be placed in receptacles as specified in this chapter and shall be drained and securely wrapped before being placed into the receptacle. Paper or other material shall be used as is necessary to confine the garbage in a package that may be handled without the loss of contents.

(d) Dog droppings, sanitary napkins, and items that are unsanitary and offensive shall be securely wrapped and placed in the City's regular refuse receptacle.

(e) Hazardous wastes such as, but not limited to, pesticides, used motor oil and other lubricants, car batteries, television and computer monitors, and tires shall not be placed into the City's containers. Household hazardous waste may be disposed of properly by being taken to household hazardous waste collection centers or any other designated collection points.

(f) All lubricants, such as motor oil, shall be disposed of in the proper manner by being taken to a household hazardous waste drop-off center or any other officially designated collection point.

(g) All refuse placed in a receptacle shall be placed loosely in such receptacle so as to ensure the ease of disposal.

(h) All materials placed into receptacles shall be contained within said receptacle and lid shall be shut completely. Until removed by the collector, the customer shall be responsible for the clean-up of any and all discards which the customer has generated, dumped, spilled or otherwise lost or littered, notwithstanding human and animal interference, wind or other natural forces and weather during storage, collection, removal or transfer. The collector shall be responsible for any discards spilled during collection, removal or transfer by the collector.

SECTION 10. Section 6-3.304 of Chapter 3, of Title 6, Subsection 6-3.304(b) of the Municipal Code is hereby amended to read as follows:

Sec. 6-3.304. Responsibility to provide for and use integrated waste, recycling and green waste collection services.

(b) It shall be unlawful for the owner or occupant of any residential unit within the City to fail or neglect to provide for the removal of refuse, recyclables, green waste or other organics from such premises in accordance with provisions of this chapter.

SECTION 11. Section 6-3.305 of Chapter 3, of Title 6 of the Municipal Code is hereby amended to read as follows:

Sec. 6-3.305. Exemption from service.

Any customer may make an application for exemption from integrated waste collection services on the basis that a developed property is unoccupied, and that no refuse, green waste, other organics or recyclable materials shall be placed or offered for collection by the City or its authorized collector, from such property. The City Manager or his or her designee may temporarily exempt such property from participation in the City's integrated waste collection program for the limited period while the property is unoccupied; provided, that any such statement or representation shall be made in affidavit form, fully sworn to by the person making such statement or representation and filed with the Ontario Municipal Utilities Company. An exemption shall be valid only for the time that the statements made in the affidavit continue to be true. Any violation of provisions of the exemption shall result in termination of the exemption and shall require the customer to subscribe to the integrated waste collection services in accordance with this chapter.

SECTION 12. Section 6-3.307 of Chapter 3, of Title 6 of the Municipal Code is hereby amended to read as follows:

Sec. 6-3.307. Residential collection frequency.

All refuse, recycling, green waste and other organics shall be collected from residential units a minimum of one (1) time per week.

SECTION 13. Section 6-3.308 of Chapter 3, of Title 6 of the Municipal Code is hereby amended to read as follows:

Sec. 6-3.308. Residential receptacles, placement.

(a) Residential refuse, recycling, green waste or other organics receptacles shall be placed for collection by 6:00 a.m. on the scheduled collection day, but not prior to the evening preceding the collection day. Receptacles shall be removed no later than the evening after collection day. Such receptacles shall be placed for collection along the alley where a useable alley exists. Where there is no useable alley, such receptacles shall be placed for collection near the street curb. Where no curbs or walks exist, such receptacles shall be placed in a location convenient for collection along the street right-of-way and placed at least three (3) feet from any mailboxes, cars, or any other obstructions for safety and efficiency.

(b) Any obstructing object(s) that prevent the solid waste collector from collecting residential refuse will be reported to Code Enforcement. The Code Enforcement officer will tag the obstructing object(s) (e.g. basketball hoop) with a notice of violation requiring immediate removal. If the property owner is issued two (2) notice of violations for the same obstructing object(s), the City will impound the object(s) without granting any further notice or warning. The confiscated object(s) will be placed in a storage facility and the property owner shall be responsible for all fees incurred as a result of the impoundment.

(c) If the provisions of this section are not fully complied with, the solid waste collector shall place a tag indicating a violation on the container. No collection shall be made until the provisions of this section are complied with. The resident may request a collection prior to the next scheduled collection date and shall be charged as listed in § 6-3.401(f) of this chapter.

(d) It shall be the customer's responsibility to provide means of entering and exiting premises, adequate collection vehicle turning radius, and vertical and horizontal clearance for the solid waste collectors and equipment.

(e) In all cases of dispute or complaints arising from or concerning the place where receptacles from residential units shall be placed while awaiting the removal of their contents, the City Manager shall forthwith designate the place and his or her decision shall be final.

SECTION 14. Section 6-3.309 of Chapter 3, of Title 6, Subsection 6-3.309(c) of the Municipal Code is hereby amended to read as follows:

Sec. 6-3.309. Residential collections of bulky items.

(c) If the bulky item pick-up exceeds the resident's bulky item collection limits as specified in subsection (b), the City may pick up the bulky item and charge the resident according to fees listed in § 6-3.401(f).

SECTION 15. Section 6-3.310 of Chapter 3, of Title 6 of the Municipal Code is hereby amended to read as follows:

Sec. 6-3.310. Responsibility to provide for and use collection services.

(a) The property owner or occupant of any commercial or industrial establishment within the City shall make arrangements for the removal of refuse, recyclables, green waste and other organics from such premises in accordance with provisions of this chapter.

(b) It shall be unlawful for the owner or occupant of any commercial or industrial establishment within the City to fail or neglect to provide for the removal of refuse, recyclables, green waste or other organics from such premises in accordance with provisions of this chapter.

SECTION 16. Section 6-3.312 of Chapter 3, Title 6 of the Municipal Code is hereby amended to read as follows:

Sec. 6-3.312. Commercial collection frequency.

All commercial establishments generating refuse shall be collected a minimum of one (1) time per week. The City Manager, or designee, may require a greater number of collections per week for commercial establishments as deemed necessary to comply with the provisions of this chapter or when he or she deems it necessary or expedient for efficient handling or for the protection of the public health, safety, and welfare.

SECTION 17. Section 6-3.313 of Chapter 3, Title 6, Subsection 6-3.313 (b) of the Municipal Code is hereby amended to read as follows:

Sec. 6-3.313. Commercial receptacles, placement.

(b) In all cases of disputes or complaints arising from or concerning the placement of bins or drop bodies, a written notice shall be given to the City. In all cases of disputes or complaints, the City Manager, or designee, shall designate the placement, and his or her decision shall be final.

SECTION 18. Section 6-3.314 of Chapter 3, of Title 6, Subsection 6-3.314(1)(iii) of the Municipal Code is hereby amended to read as follows:

Sec. 6-3.314. Commercial storage standards.

(iii) The exterior doors of the enclosure(s) for recyclables shall be posted with permanent, reflectorized signs stating "Recyclables Only" and "Solamente Reciclajes" in letters a minimum of one and one-half (1.5) inches in height for a total sign area within a minimum width of ten (10) inches and a minimum length of fourteen (14) inches. Each receptacle shall be labeled, identifying which material is to be recycled in it. General instructions about how to recycle shall be posted within the enclosure or near the receptacle area; the instructions shall be visible to the users of the receptacles. The name of the person or business responsible for maintenance of the receptacle shall be posted within the enclosure.

SECTION 19. Section 6-3.401 of Chapter 3, of Title 6, Subsections 6-3.401(c) and 6-3.401(d) of the Municipal Code is hereby amended to read as follows:

Sec. 6-3.401. Solid waste collection charges.

(c) The City Council may require any person liable for payment of a refuse, recycling, green waste or other organics service charges to make a reasonable advanced payment with the Revenue Services Department as security for the payment of such charges.

(d) All monies received from the collection of refuse, recyclables, green waste and other organics shall be deposited in the refuse fund of the City.

SECTION 20. Section 6-3.406 of Chapter 3, of Title 6 of the Municipal Code is hereby amended to read as follows:

Sec. 6-3.406. Excess tonnage, weight violations.

All roll-off refuse containers and compactors are limited to a maximum of twelve (12) tons. It is the customer's responsibility to ensure that the containers are not overloaded, and the load contents are balanced for safe collection. If the contents are not balanced, or excess tonnage is apparent, the City may require excess tonnage to be off-loaded by the customer prior to City collection. In the event the City hauls excess tonnage, charges for violation of weight limitations in excess of twelve (12) tons of refuse matter per commercial roll-off shall be imposed in addition to the existing disposal charges in effect at the time of disposal for actual weight over twelve (12) tons.

SECTION 21. Section 6-3.502 of Chapter 3, of Title 6 of the Municipal Code is hereby amended to read as follows:

Sec. 6-3.502. Commercial collection of recyclables and other commodities.

Written authorization to collect recyclables within the City is required. This written authorization shall be in the form of a Commercial Recycler Collection Permit. No vested right shall be given by issuance of permits provided for in this section. The City reserves the right to establish by Municipal Code or in Commercial Recycler Collection Permits, requirements on collection for recyclables if deemed appropriate by the Administrator.

SECTION 22. Section 6-3.503 of Chapter 3, of Title 6 of the Municipal Code is hereby amended to read as follows:

Sec. 6-3.503. Permit required.

Businesses seeking to conduct business as a commercial collection recycler to collect and haul recyclables within the City shall obtain a Commercial Recycler Collection Permit.

SECTION 23. Section 6-3.504 of Chapter 3, of Title 6, Subsection 6-3.504(a) and Subsection 6-3.504(d) of the Municipal Code is hereby amended to read as follows:

Sec. 6-3.504. Permit application.

(a) Businesses seeking to obtain a Commercial Recycler Collection Permit shall complete and file with the City, prior to commencing collection efforts, an application on the forms prescribed by the City, and pay any applicable application fees. Any such business collecting recyclables in the City shall have a business license pursuant to OMC § 3-1.105 and if applicable, be registered with the Department of Conservation, Division of Recycling.

(d) After evaluation of the data, the City Manager or his or her designee may issue a Commercial Recycler Collection Permit, subject to terms and conditions set forth in this chapter and as otherwise determined by the Administrator to be appropriate to comply with AB 939.

SECTION 24. Section 6-3.505 of Chapter 3, of Title 6, Subsections 6-3.505(a), 6-3.505(c), 6-3.505(d), 6-3.505(e) and 6-3.505(f) of the Municipal Code is hereby amended to read as follows:

Sec. 6-3.505. Permit conditions.

(a) All permits shall be expressly subject to all provisions of this chapter and all other regulations, charges for use, term and fees established by the City. Commercial Recycler Collection Permit conditions shall be enforced by the City in accordance with this chapter and all applicable county, state and federal regulations.

(c) All such businesses holding a Commercial Recycler Collection Permit shall keep recycling containers in good condition and free from graffiti. Recycling containers must be kept in a clean and sanitary condition and must be appropriately sanitized upon notification from the City.

(d) Such recycling containers, roll-offs, drop bodies or any other vessel to collect recyclables by businesses holding a Commercial Recycler Collection Permit must be placed according to the standards set by the City. Such commercial recycling containers shall not be placed in the public right-of-way. The recycling containers shall be placed in enclosure(s) which meet City standards when applicable.

(e) Recycling containers, roll-offs, drop bodies or any other vessel to collect recyclables by businesses holding a Commercial Recycler Collection Permit must be used exclusively for the collection of recyclable materials. Residual non-recyclable material must not exceed five percent (5%) in any vessel, as determined at the discretion of the Administrator.

(f) Each violation of this section will be considered an infraction and subject to penalties listed in OMC § 1-2.01, and will be considered by the City cause for revocation of the Commercial Recycler Collection Permit.

SECTION 25. Section 6-3.510 of Chapter 3, of Title 6 of the Municipal Code is hereby amended to read as follows:

Sec. 6-3.510. Disposal of recyclable materials.

No person, expressly including, but not limited to, anyone possessing a current, valid Commercial Recycler Collection Permit issued pursuant to this chapter, may charge a fee or receive any compensation for the collection, transport, disposal, processing or recycling of recyclable materials, or any other materials including solid waste, or charge a rental fee for a container of any items to be collected within the city, and shall collect only those materials that are sold or donated by the generator thereof. Nothing in this chapter limits the right of any person to donate, sell, or otherwise dispose of his or her recyclable materials.

SECTION 26. Section 6-3.601 of Chapter 3, of Title 6, Subsection 6-3.601(c) of the Municipal Code is hereby amended to read as follows:

Sec. 6-3.601. Business recycling plan.

(c) All customers subject to the provisions of this chapter shall submit a business recycling plan to the Ontario Municipal Utilities Agency within thirty (30) days of receipt of written notice. Business recycling plans shall be considered complete once final approval is made by the Ontario Municipal Utilities Agency.

SECTION 27. Section 6-3.602 of Chapter 3, of Title 6, Subsections 6-3.602(a), 6-3.602(b), 6-3.602(c), 6-3.602(e), 6-3.602(g) and 6-3.602(g)(2) of the Municipal Code is hereby amended to read as follows:

Sec. 6-3.602. Construction and Demolition Recycling Plan.

(a) A construction and demolition recycling plan shall be submitted for conducting the following types of development activities:

- (1) The construction of any non-residential structure;
- (2) The demolition or renovation of and/or additions of tenant improvements to any structure whereby the total costs are projected to be greater than or equal to One Hundred Thousand Dollars (\$100,000);
- (3) The construction of any residential structure three (3) stories or less.

(b) A Construction and Demolition Recycling Plan is not required for smaller demolition, and renovation projects within the City whose total costs are less than One Hundred Thousand Dollars (\$100,000.00). Customers performing these types of projects shall be encouraged to divert at least fifty percent (50%) of all project-related construction and demolition debris from landfill to recycling or reuse operations.

(c) In preparing the Construction and Demolition Recycling Plan, customers for building or demolition permits involving the removal of all or part of an existing structure shall consider deconstruction, to the maximum extent feasible.

(e) All customers with projects subject to the provisions of this chapter shall implement, at a minimum, the measures identified in the Construction and Demolition Recycling Plan and shall demonstrate compliance with the following construction site requirements:

(g) The issuance of the certificate of occupancy will be conditional on submittal of a report that documents the construction and demolition debris recycled. The report shall be submitted to the Utilities General Manager and shall contain the following information:

(2) Copies of recycling receipts or other pertinent documentation that demonstrates waste diversion and recycling in conformance with the approved Construction and Demolition Recycling Plan. Customers shall make reasonable efforts to ensure that all construction and demolition debris diverted for recycling or hauled to landfill are measured and recorded using the most accurate method of measurement available. To the extent practical, all construction and demolition debris shall be weighed by measurement on scales in compliance with all regulatory requirements for accuracy and maintenance. For construction and demolition debris for which weighing is not practical due to small size or other considerations, a volumetric measurement shall be used. For conversion of volumetric measurements to weight, customers shall use the standardized conversion rates approved by the City for this purpose; and

SECTION 28. Section 6-3.603 of Chapter 3, of Title 6 of the Municipal Code is hereby amended to read as follows:

Sec. 6-3.603. Infeasibility exemption.

If a customer subject to this chapter experiences unique circumstances or emergency conditions that make it infeasible to comply with the diversion requirement, the City may waive the diversion requirements required under § 6-3.602(a). The customer shall indicate on the Construction and Demolition Recycling Plan the maximum rate of diversion feasible for each material and the specific circumstances that make it infeasible to comply with the diversion requirement.

SECTION 29. If any section, subsection, subdivision, sentence, clause, or phrase in this Ordinance or any part thereof is for any reason held to be unconstitutional or invalid, ineffective by any court of competent jurisdiction, such decision shall not affect the validity or effectiveness of the remaining portions of this ordinance or any part thereof. The City Council hereby declares that it would have adopted each section irrespective of the fact that any one or more subsections, subdivisions, sentences, clauses, or phrases be declared unconstitutional, invalid, or ineffective.

SECTION 30. A full reading of this Ordinance is hereby waived. This Ordinance was introduced at a regular meeting of the City Council of the City of Ontario, California, on November 5, 2013, and thereafter adopted at a regular meeting of the City Council held on the 19th day of November 2013.

SECTION 31. This Ordinance shall become effective thirty (30) calendar days after its adoption by the City Council.

SECTION 32. The Mayor shall sign this Ordinance and the City Clerk shall certify as to the adoption and shall cause a summary thereof to be published at least once, in a newspaper of general circulation in the City of Ontario, California within fifteen (15) days of the adoption. The City Clerk shall post a certified copy of this ordinance, including the vote for and against the same, in the Office of the City Clerk, in accordance with Government Code Section 36933.

ORDINANCE NO. _____

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ONTARIO, CALIFORNIA, AUTHORIZING INCREASES TO THE RATES FOR ITS SOLID WASTE SERVICE FEES AND OTHER MISCELLANEOUS ONE-TIME SERVICE FEES.

WHEREAS, it is the policy of the City of Ontario (the "City") that the accumulation, collection, removal, disposal, composting, and recycling of refuse shall be controlled by the City for the protection of the public health, safety, and welfare and to contribute toward the diminution of health hazards and pollution in the City; and

WHEREAS, the City Council finds that to give practical effect to this policy, a comprehensive system for the periodic collection, removal, disposal, composting and/or recycling of refuse from all premises in the City is essential and benefits all residents of the City; and

WHEREAS, the City currently has in place uniform requirements and regulations for direct and indirect users of the refuse and recycling collection services of the City which allow the City to comply with all applicable state and federal laws, including, but not limited to, the Integrated Waste Management Act of 1989, State Assembly Bill 75, Public Resources Code §§ 49520-49524, California Code Title 14 Division 7 and any subsequent amendments to each; and

WHEREAS, the City determined to undertake a rate study to analyze the revenue requirements, and the rate structure necessary to proportionately allocate the costs of providing solid waste services (including recyclable material) to its solid waste customers; and

WHEREAS, the rate study demonstrates that existing solid waste revenues are and will be insufficient to cover current and projected operations and maintenance and equipment replacement costs of the City's Solid Waste Services (the "Services"); and

WHEREAS, a report of the results of the rate study (the "Rate Report"), attached hereto as Exhibit "A" and by this reference incorporated herein, has been prepared which includes the proposed rates for the solid waste service charges and documents the estimated and reasonable costs of providing the Services to property owners and tenants directly liable for payment of such service fees (collectively "customers") in the City; and

WHEREAS, the findings and determinations contained herein are based upon the Rate Report documenting the estimated reasonable costs of providing the Services to customers in the City; and

WHEREAS, the rate structure for solid waste service charges is comprised of a charge for operations and maintenance, billing, customer service, and other related costs ("City Charge"); and

WHEREAS, the City has determined to adopt a two-year schedule of rate increases to the City Charge, commencing January 1, 2014 and January 1, 2015, respectively; and

WHEREAS, the schedule of proposed rates for the solid waste service charges is attached hereto as Exhibit "B" and by this reference incorporated herein and by this reference made an operative part hereof; and

WHEREAS, the City made available to the public the Rate Report documenting the estimated costs required to provide the Services for which the fees are proposed to be increased and the revenue sources anticipated to provide such Services; and

WHEREAS, the City Council hereby finds and determines the following with regard to the proposed solid waste service charges:

1. The revenues derived from the proposed solid waste (including recyclable material) service charges will not exceed the funds required to provide the Services and shall be used exclusively for providing these Services;

2. The amount of the proposed solid waste service charges will not exceed the proportional cost of the Services attributable to each customer;

3. The proposed solid waste service charges are imposed for Services which are immediately available to the customer;

4. The proposed solid waste service charges are imposed on the basis of the amount of solid waste generated by the customer;

5. The proposed solid waste charges will not be used for any other purpose than that for which they are imposed;

6. The proposed solid waste charges are not levied for general governmental services;

7. The proposed solid waste service charges are not calculated or developed on the basis of any parcel map, including an assessor's parcel map, but are based upon reasonable estimates of the demand placed upon the City in its role as a provider of the Services; and

8. The proposed solid waste service charges represent increases in the charges needed to provide the Services and to operate the City's solid waste system and facilities.

WHEREAS, the City hereby finds and determines that in accordance with the provisions of California Constitution Article XIII D, Section 6 ("Article XIII D"):

1. The City identified the parcels upon which the increased solid waste service charges are proposed to be imposed, and calculated the amount of the fees or charges proposed to be imposed on each parcel;

2. On September 19, 2013, the City mailed written Notice to customers of each parcel upon which the proposed increase to the solid waste service charges are proposed for imposition, which explained: (a) the amount of the charges; (b) the basis on which they were calculated; (c) the reason for the increases; and (d) the date, time, and location of the public hearing on the proposed increases; and

3. On November 5, 2013, (more than 45 days after mailing the Notice), the City conducted a public hearing and considered all written protests against the proposed increases to the solid waste service charges; and

4. At the conclusion of the public hearing, written protests against the proposed increases to the solid waste service charges were not presented by a majority of customers subject to the proposed charges; and

WHEREAS, the City has also determined to increase the rates for other miscellaneous one-time solid waste service fees that are imposed as a request for service or product; and

WHEREAS, the Rate Report also includes the proposed rates for the new miscellaneous one-time solid waste service fees and charges and documents the estimated and reasonable costs of providing the Services related thereto; and

WHEREAS, the City hereby finds and determines that in accordance with the provisions of California Constitution Article XIII C, Section 1(e)(2), the new miscellaneous one-time solid waste service fees that are imposed as a request for service or product and are imposed for a specific government service or product provided directly to the payer that is not provided to those not charged, and do not exceed the reasonable costs to the City of providing the service or product; and

WHEREAS, in accordance with the California Environmental Quality Act ("CEQA") and the CEQA Guidelines, the City Staff has determined that the amendments to the Municipal Code, and the increases in sewer service charges are exempt from CEQA pursuant to Section 15378 and Section 15273 of the CEQA Guidelines because: (a) the increased charges are for the purpose of meeting operational and maintenance expenses of the aforementioned services; and (b) the charges constitute the creation of a funding mechanism/other governmental fiscal activity which does not involve any commitment to any specific project which may result in a potentially significant physical impact on the environment.

NOW, THEREFORE, IT IS HEREBY RESOLVED AS FOLLOWS:

SECTION 1. The City Council hereby finds and determines that the recitals discussed above are true and correct and are hereby incorporated and adopted as findings and determinations by the City Council as if fully set forth herein.

SECTION 2. The current rates for solid waste service fees and charges as set forth in Exhibit B shall remain in full force and effect in accordance with the schedule set forth in Exhibit B. Commencing January 1, 2014 and January 1, 2015, respectively, the City Council hereby authorizes and establishes the rates for solid waste service fees and charges and the miscellaneous one-time service fees as more fully set forth in Exhibit B.

SECTION 3. The current rates for the miscellaneous one-time solid waste service fees as set forth in Exhibit B shall remain in full force and effect in accordance with the schedule set forth in Exhibit B. Commencing January 1, 2014, and January 1, 2015, respectively, the City Council hereby authorizes and establishes the rates for the miscellaneous one-time service fees as more fully set forth in Exhibit B.

SECTION 4. The rate for excess tonnage and weight violation charges authorized pursuant to Ontario Municipal Code section 6-3.406 adopted by the City Council pursuant to Ordinance No. 2880, on February 4, 2008, and as set forth in Exhibit B, attached hereto and by this reference incorporated herein, shall remain in full force and effect until otherwise amended by an ordinance duly adopted the City Council.

SECTION 5. If any section, subsection, subdivision, sentence, clause, or phrase in this Ordinance or any part thereof is for any reason held to be unconstitutional or invalid, ineffective by any court of competent jurisdiction, such decision shall not affect the validity or effectiveness of the remaining portions of this Ordinance or any part thereof. The City Council hereby declares that it would have adopted each section irrespective of the fact that any one or more subsections, subdivisions, sentences, clauses, or phrases be declared unconstitutional, invalid, or ineffective.

SECTION 6. This Ordinance shall supersede all other previous City Council resolutions and ordinances that may conflict with, or be contrary to, this Ordinance.

SECTION 7. A full reading of this Ordinance is hereby waived. This Ordinance was introduced at a regular meeting of the City Council of the City of Ontario, California, on November 5, 2013, and thereafter adopted at a regular meeting of the City Council held on November 19, 2013.

SECTION 8. This Ordinance shall become effective thirty (30) calendar days after its adoption by the City Council.

SECTION 9. City staff is directed to file a Notice of Exemption within five (5) days of the adoption of this Ordinance.

SECTION 10. The Mayor shall sign this Ordinance and the City Clerk shall certify as to the adoption and shall cause a summary thereof to be published at least once, in a newspaper of general circulation in the City of Ontario, California within fifteen (15) days of the adoption. The City Clerk shall post a certified copy of this ordinance, including the vote for and against the same, in the Office of the City Clerk, in accordance with Government Code Section 36933.

ORDINANCE NO. _____

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ONTARIO, CALIFORNIA, AMENDING SECTIONS 6-7.706 AND 6-7.708 OF CHAPTER 7, OF TITLE 6 OF THE ONTARIO MUNICIPAL CODE RELATED TO THE PUBLIC SEWER SYSTEM.

WHEREAS, the City pays the Inland Empire Utilities Agency (“IEUA”) to treat wastewater discharged and collected within the City; and

WHEREAS, pursuant to the Regional Sewerage Service Contract with IEUA, the City is required to finance the capital expansion of the regional sewerage facilities serving the City and operated by IEUA; and

WHEREAS, the City collects Capital Capacity Reimbursement Account (“CCRA”) fees to meet its obligation to finance the capital expansion of the regional sewerage facilities serving the City and operated by IEUA; and

WHEREAS, the CCRA fees are capacity charges within the meaning of California Government Code Section 66013; and

WHEREAS, the City Council of the City of Ontario (the “City”) has determined that certain amendments to the City Municipal Code governing the City’s public sewer system are necessary, including renaming the CCRA fees as Regional Sewer Capacity Fees to reflect that the fees are collected for the purpose of funding capital expansion of the regional sewerage facilities serving the City and operated by IEUA; and

WHEREAS, the Regional Sewer Capacity Fees are necessary to finance these public regional sewerage facilities and to pay for regional sewerage public facilities in existence at the time Regional Sewer Capacity Fees are imposed or for new public facilities to be acquired or constructed in the future that are of proportional benefit to the person or property being charged, including, real property interests, and entitlements and other rights of the City involving capital expense relating to its use of existing or new public facilities.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF ONTARIO DOES ORDAIN AS FOLLOWS:

SECTION 1. The City Council hereby finds and determines that the recitals discussed above are true and correct and are hereby incorporated and adopted as findings and determinations by the City Council as if fully set forth herein.

SECTION 2. Section 6-7.706 of Chapter 7, of Title 6, the entire section of the Municipal Code shall be amended and is hereby amended to read as follows:

Sec. 6-7.706. Regional Sewer Capacity Fees.

(a) The Regional Sewer Capacity Fees are capacity charges within meaning of California Government Code Section 66013.

(b) The City is required to deposit Regional Sewer Capacity Fees in a separate capital facilities fund with other charges received, and account for the charges in a manner to avoid any commingling with other moneys of the City, except for investments, and shall expend those charges solely for the purposes for which the charges were collected. Any interest income earned from the investment of moneys in the capital facilities fund shall be deposited in that fund.

(c) The City is a party to the Regional Sewerage Service Contract, the obligations of which include financing the capital expansion of the regional sewerage facilities serving the City. These regional sewerage facilities are operated by the Inland Empire Utilities Agency (IEUA).

(d) IEUA has prepared a Ten (10) Year Capital Improvement Program which includes a study of the impact of anticipated development within the jurisdiction of each of the contracting agencies, including the City, upon the need for and cost of sufficient wastewater interceptor and treatment capacity.

(e) Purpose and findings.

(1) In order to implement the goals and objectives of the City of Ontario's General Plan and the Chino Basin Regional Sewerage Service Contract, a Ten (10) Year Capital Improvement Program is prepared annually by IEUA for those expansions of the regional sewerage facilities to be needed by the contracting agencies to mitigate sewage impacts caused by new development in the City of Ontario and within the spheres of each of the contracting agencies.

(2) The Ten (10) Year Capital Improvement Program, which is hereby incorporated by reference, establishes that certain public sewerage treatment facilities must be or had to be constructed to provide adequate treatment capacity to service anticipated new development within the jurisdiction of each of the contracting agencies. The cities and agencies contracting for sewage treatment with the IEUA are Cucamonga Valley Water District, and the cities of Ontario, Chino, Chino Hills, Fontana, Montclair and Upland.

(3) The contracting agencies and IEUA have determined that a capacity charge is needed in order to completely finance these public improvements and to pay for public facilities in existence at the time capacity charges are imposed or for new public facilities to be acquired or constructed in the future that are of proportional benefit to the person or property being charged, including, real property interests, and entitlements and other rights of the local agency involving capital expense relating to its use existing or new public facilities.

(4) IEUA's Ten (10) Year Capital Improvement Program identifies the need for new regional wastewater interceptor, treatment and disposal facilities and sets forth the relationship between new development, needed facilities and estimated costs of the facilities. This report is annually updated by IEUA. The report utilizes the

contracting agencies' forecasted growth and an analysis of IEUA's financial projection of being able to provide capacity. Those projections have been examined and have been found to be reasonable estimates of the projected growth within the City and the regional service area of the IEUA.

(5) The Regional Sewer Capacity Fees collected pursuant to this section shall be used to finance only the regional wastewater interceptor, treatment and disposal facilities identified in the IEUA Ten (10) Year Capital Improvement Program in accordance with the terms of the Regional Contract.

(6) New development within the City of Ontario will generate additional need for sewage treatment capacity within the regional service area and will contribute to the degradation of treatment facility capacity within the regional service area of the IEUA.

(7) The amount of the Regional Sewer Capacity Fees does not exceed the estimated reasonable cost of providing the service for which the fees are imposed.

(8) There is a need in the City for sewage treatment capacity which has not been constructed or has been constructed in anticipation of new development which has not contributed its fair share towards these facility costs and said facilities have been called for in or are consistent with the City's General Plan.

(i) There is a reasonable relationship between the need for the wastewater interceptor, treatment and disposal facilities and the types of development considered in the forecasts submitted by the contracting agencies, including the City of Ontario, for which a CCRA fee is hereby imposed;

(ii) There is a reasonable relationship between the use of such fee and each type of development project upon which the fee is imposed;

(iii) There is a reasonable relationship between the IEUA amount of the fee and the cost of the facilities to be built to service new development projects for which the fee is imposed; and

(iv) The procedures used to determine these relationships are described in more detail in the "Agreement Amending and Supplementing Chino Basin Regional Sewage Service Contract" and the Ten (10) Year Capital Improvement Program.

(9) There is a need in this City for sewage treatment capacity which has not now been constructed or has been constructed in anticipation of new development which has not contributed its fair share towards these facility costs and said facilities have been called for in or are consistent with the City's General Plan.

(10) The cost estimates set forth in IEUA's Ten (10) Year Capital Improvement Program are reasonable cost estimates for constructing wastewater interceptor, treatment and disposal facilities necessitated by projected new development, and the development fees collected by the City from any affected development project will not exceed the total of these costs attributable to the increased capacity necessary to serve that project.

(f) “Equivalent Dwelling Unit (EDU)” is a numerical value designation where one EDU represents the sewage flow from a single-family residential household. Every developer constructing any new residential, commercial, or industrial structure which will be connected to the City's public sewer shall pay to the City a Regional Sewer Capacity Fee calculated by multiplying the number of EDUs by the current IEUA rate per EDU. The Regional Sewer Capacity Fee will automatically be adjusted each year on July 1 to the amount adopted by the IEUA Board of Directors.

(g) For the purposes of computing uniform financial obligations for each Contracting Agency in the Regional Sewerage System, the following computation shall be used to determine EDUs for residential, commercial and industrial units:

(1) Residential is a structure or part of a structure which is designed for the purpose of providing permanent housing for one family or tenant shall be one EDU. This includes, but is not limited to, a single family detached residence, an apartment, a townhouse, a condominium, or mobile home space within a mobile home park.

(2) Commercial is a structure which is designed for the purpose of providing permanent housing for enterprises engaged in the exchange of goods and services. This shall include, but is not limited to, all private business and service establishments, schools, churches, and public facilities. EDUs shall be determined by multiplying the fixture units, as defined in the Uniform Plumbing Code, shown on the approved building plans by the appropriate sewage factor. Total EDUs for commercial centers with various use categories will be the sum of the EDUs computed for each category use as follows:

COMMERCIAL USE CATEGORIES LISTING

<u>No.</u>	<u>Type of Commercial</u>	<u>Gallons Per Fixture</u>	<u>BOD/TSS</u>	<u>Sewage Factor</u>
I	Motel/Hotel Recreation/Amusement Restaurant (Fast Food) Office Retail Store Market (without Butcher Shop) Bar Tavern	12	230/220	0.0444
II	Market (with Butcher Shop)..... Bakery Mortuary	24	250/350	0.1081
III	Convalescent Home Hospital Health Spa (with Pool) Restaurant (Full Service)	42	250/300	0.178
IV	Laundromat Laundry Dry Cleaner (Processor)	43	350/500	0.2499
V	Car Wash (Coin Operated)	102	150/500	0.491

VI	Church School Public Facility	17	230/220	0.063
VII	Health Spa (without Pool).....	42	230/220	0.1555

(3) Industrial is a structure which is designed for the purpose of providing permanent housing for enterprises engaged in the production, manufacturing, or processing of material. EDUs for industrial users shall be determined as follows:

(i) For domestic type wastewater, multiply the fixture units, as defined by the Uniform Plumbing Code, as shown on the approved building plans by a sewer factor of 0.0741 based on a twenty (20) gallons per fixture unit flow per day.

(ii) For industrial wastewater, compute the number of EDUs from information contained on the industrial waste permit, as set forth in § 6-7.702 of this chapter.

(iii) Combine the resultant EDUs derived from (i) and (ii) above.

(4) The Sewage Factor formula used for Commercial and Industrial Categories is as follows:

Sewage Factor = Gallons per Fixture

$$((0.37 + (0.31 \text{ BOD}/230) + (0.32 \text{ SS}/220)) / 270)$$

(h) Exempt from the Regional Sewer Capacity Fee shall be the following:

(1) Any residential, commercial or industrial structure which is or will be connected exclusively to another agency's sewer system or to a private sewage disposal system; and

(2) That portion of a newly constructed commercial and/or industrial development's waste which is discharged into the non-reclaimable waste system.

(i) For residential structures with a building permit issued prior to July 1, 1979, no Regional Sewer Capacity Fees will be levied at the time of connection to the regional system. If the original permit was issued after July 1, 1979, then the Regional Sewer Capacity Fees established at the time of permit issuance will apply.

(j) The Regional Sewer Capacity Fees will apply to all commercial and industrial development regardless of when the structure was constructed. When a non-residential user requests to connect to the regional system or to modify its use, if already connected, the Regional Sewer Capacity Fee shall be based on the current fee in effect at the time the connection or modified use is made.

(k) Additional Regional Sewer Capacity Fees shall be levied on existing commercial and industrial users who expand or revise their use. The additional Regional Sewer Capacity Fee shall be based on the additional number of EDUs according to the following criteria:

(1) Regional Sewer Capacity Fees will only be levied on the fixture unit (FU) count difference between existing FUs and new FUs.

(2) The Regional Sewer Capacity Fee will be determined based on the fee in effect at the time of building or sewer permit issuance for the revised or expanding development.

(3) A change in use, placing a commercial development in a different commercial category, will not result in the recalculation of the CCRA obligation for the existing FUs. Only the Regional Sewer Capacity Fees for the new added FUs will be levied based on the commercial category which best defines the proposed use.

(l) All sewer use rights and capacity shall remain with the existing building and shall be sold to building owners rather than tenants. In cases where an existing building is completely demolished, the transfer of capacity rights can be permitted provided that:

(1) Proof of building demolition can be documented;

(2) Payment for original system capacity can be documented;

(3) The demolition occurs simultaneously with the transfer; and

(4) The transfer occurs within the contracting agency who originally sold the capacity.

(5) The capacity rights shall be determined based on number of EDUs of the demolished structure.

(m) Regional Sewer Capacity Fees shall be paid at the time of the application for a building permit.

(n) Regional Sewer Capacity Fees collected shall be deposited in the City of Ontario's Sanitary Sewerage Collection and Treatment Fund and used to finance construction of wastewater interceptor, treatment.

(o) **Delete**

SECTION 3. Section 6-7.708 of Chapter 7, of Title 6, of the Municipal Code shall be amended and is hereby amended to read as follows:

Exhibit A. **Delete** Exhibit A.

Sec. 6-7.708. Interagency wastewater connection requirements and agreement.

SECTION 4. If any section, subsection, subdivision, sentence, clause, or phrase in this Ordinance or any part thereof is for any reason held to be unconstitutional or invalid, ineffective by any court of competent jurisdiction, such decision shall not affect the validity or effectiveness of the remaining portions of this Ordinance or any part thereof. The City Council hereby declares that it would have adopted each section irrespective of the fact that any one or more subsections, subdivisions, sentences, clauses, or phrases be declared unconstitutional, invalid, or ineffective.

SECTION 5. This Ordinance shall supersede all other previous City Council resolutions and ordinances that may conflict with, or be contrary to, this Ordinance.

SECTION 6. A full reading of this Ordinance is hereby waived. This Ordinance was introduced at a regular meeting of the City Council of the City of Ontario, California, on November 5, 2013, and thereafter adopted at a regular meeting of the City Council held on November 19, 2013.

SECTION 7. This Ordinance shall become effective thirty (30) calendar days after its adoption by the City Council.

SECTION 8. City staff is directed to file a Notice of Exemption within five (5) days of the adoption of this Ordinance.

SECTION 9. The Mayor shall sign this Ordinance and the City Clerk shall certify as to the adoption and shall cause a summary thereof to be published at least once, in a newspaper of general circulation in the City of Ontario, California within fifteen (15) days of the adoption. The City Clerk shall post a certified copy of this ordinance, including the vote for and against the same, in the Office of the City Clerk, in accordance with Government Code Section 36933.

PASSED, APPROVED, AND ADOPTED this _____ day of _____ 2013.

I hereby certify that the foregoing is the original of Ordinance No. _____ duly passed and adopted by the Ontario City Council at their regular meeting held _____ and that Summaries of the Ordinance were published on _____ and _____, in the Inland Valley Daily Bulletin newspaper.

MARY E. WIRTES, MMC, CITY CLERK

(SEAL)

ORDINANCE NO. _____

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ONTARIO, CALIFORNIA, AUTHORIZING INCREASES TO THE RATES FOR ITS SEWER SERVICE CHARGES.

WHEREAS, the City pays the Inland Empire Utilities Agency ("IEUA") to treat wastewater discharged and collected within the City; and

WHEREAS, the City determined to undertake a rate study to analyze the revenue requirements, and the rate structure necessary to proportionately allocate the costs of providing sewer services to its sewer customers, including the cost of the treatment of City sewer services by the IEUA; and

WHEREAS, the rate study demonstrates that existing sewer system revenues are and will be insufficient to cover: (i) current and projected operations and maintenance costs of the City's sewer system (the "System"); and (ii) the capital infrastructure improvements needed to repair, replace, and update the System; and

WHEREAS, a report of the results of the rate study (the "Rate Report"), attached hereto as Exhibit "A" and by this reference incorporated herein, has been prepared which includes the proposed rates for the sewer service charges and documents the estimated and reasonable costs of providing sewer services to property owners and tenants directly liable for payment of such service fees (collectively "customers") in the City; and

WHEREAS, the findings and determinations contained herein are based upon the Rate Report documenting the estimated reasonable costs of providing sewer services to customers in the City; and

WHEREAS, the rate structure for sewer service charges is comprised of two components: (i) a charge for capital replacement, operations and maintenance, billing, customer service, and other related costs ("City Charge"); and (ii) a charge for wastewater treatment ("IEUA Charge"); and

WHEREAS, the City has determined to: (i) adopt a two-year schedule of rate increases to the City Charge; and (ii) authorize a two-year schedule of rate increases to the IEUA Charge for the cost of any future rate increases adopted by the IEUA Board of Directors and imposed on the City for the treatment of sewer discharged and collected within the City (each such rate increase by IEUA is referred to herein as a "Pass Through"); and

WHEREAS, the schedule of proposed rates for the sewer service charges is attached hereto as Exhibit "B" and by this reference incorporated herein and by this reference made an operative part hereof; and

WHEREAS, the City made available to the public the Rate Report documenting the estimated costs required to provide the sewer services for which the fees are proposed to be increased and the revenue sources anticipated to provide such services; and

WHEREAS, the City Council hereby finds and determines the following with regard to the proposed rate increases to the sewer service charges:

1. The revenues derived from the proposed sewer service charges will not exceed the funds required to provide the sewer services and shall be used exclusively for the System;

2. The amount of the proposed sewer service charges will not exceed the proportional cost of the service attributable to each parcel upon which they are proposed for imposition;

3. The proposed sewer service charges will not be imposed on a parcel unless the sewer services are actually used by, or immediately available to, the customer of the parcel;

4. The proposed sewer service charges will not be used for any other purpose than that for which they are imposed;

5. The proposed sewer service charges are not levied for general governmental services;

6. The proposed sewer service charges are not calculated or developed on the basis of any parcel map, including an assessor's parcel map, but are based upon reasonable estimates of the demand placed upon the City in its role as a provider of the sewer services; and

7. The proposed sewer service charges represent increases in the charges needed to operate sewer collection and treatment facilities; and

WHEREAS, the City hereby finds and determines that in accordance with the provisions of California Constitution Article XIII D, Section 6 ("Article XIII D"):

1. The City identified the parcels upon which the increased sewer service charges are proposed to be imposed, and calculated the amount of the fees or charges proposed to be imposed on each parcel;

2. On September 19, 2013, the City mailed written Notice to customers of each parcel upon which the proposed increase to the sewer service charges are proposed for imposition, which explained: (a) the amount of the charges; (b) the basis on which they were calculated; (c) the reason for the increases; and (d) the date, time, and location of the public hearing on the proposed increases; and

3. On November 5, 2013, (more than 45 days after mailing the Notice), the City conducted a public hearing and considered all written protests against the proposed increases to the sewer service charges; and

4. At the conclusion of the public hearing, written protests against the proposed increases to the sewer service charges were not presented by a majority of customers subject to the proposed charges; and

WHEREAS, in accordance with the California Environmental Quality Act ("CEQA") and the CEQA Guidelines, the City Staff has determined that the amendments to the Municipal Code, and the increases in sewer service charges are exempt from CEQA pursuant to Section 15378 and Section 15273 of the CEQA Guidelines because: (a) the increased charges are for the purpose of meeting operational and maintenance expenses of the aforementioned services; and (b) the charges constitute the creation of a funding mechanism/other governmental fiscal activity which does not involve any commitment to any specific project which may result in a potentially significant physical impact on the environment.

NOW THEREFORE, THE CITY COUNCIL OF THE CITY OF ONTARIO DOES ORDAIN AS FOLLOWS:

SECTION 1. The City Council hereby finds and determines that the recitals discussed above are true and correct and are hereby incorporated and adopted as findings and determinations by the City Council as if fully set forth herein.

SECTION 2. The current rates for the City sewer service charges as set forth in Exhibit B shall remain in full force and effect in accordance with the schedule set forth in Exhibit B. Commencing January 1, 2014, and January 1, 2015, respectively, the City Council hereby authorizes and establishes the rates for the City Charge component of the sewer service charges at the rates and in the amounts as set forth in Exhibit B.

SECTION 3. Except as otherwise authorized and provided in this Section 3, the current rates for the IEAU Charge as set forth in Exhibit B shall remain in full force and effect. The City Council hereby authorizes the imposition of future rate increases to the IEUA Charge component of its sewer service charges required as a result of any Pass Through. Such Pass Through rate increases may be imposed annually for a two-year period, beginning on July 1, 2014, and July 1, 2015, respectively, at the rates, in the amounts, and in accordance with the authorizations and limitations set forth in Exhibit B.

SECTION 4. The City Council hereby authorizes and directs the City Manager to implement and take all actions necessary to effectuate the rates for the sewer service charges set forth herein.

SECTION 5. If any section, subsection, subdivision, sentence, clause, or phrase in this Ordinance or any part thereof is for any reason held to be unconstitutional or invalid, ineffective by any court of competent jurisdiction, such decision shall not affect the validity or effectiveness of the remaining portions of this Ordinance or any part

thereof. The City Council hereby declares that it would have adopted each section irrespective of the fact that any one or more subsections, subdivisions, sentences, clauses, or phrases be declared unconstitutional, invalid, or ineffective.

SECTION 6. This Ordinance shall supersede all other previous City Council resolutions and ordinances that may conflict with, or be contrary to, this Ordinance.

SECTION 7. A full reading of this Ordinance is hereby waived. This Ordinance was introduced at a regular meeting of the City Council of the City of Ontario, California, on November 5, 2013, and thereafter adopted at a regular meeting of the City Council held on November 19, 2013.

SECTION 8. This Ordinance shall become effective thirty (30) calendar days after its adoption by the City Council.

SECTION 9. City staff is directed to file a Notice of Exemption within five (5) days of the adoption of this Ordinance.

SECTION 10 The Mayor shall sign this Ordinance and the City Clerk shall certify as to the adoption and shall cause a summary thereof to be published at least once, in a newspaper of general circulation in the City of Ontario, California within fifteen (15) days of the adoption. The City Clerk shall post a certified copy of this ordinance, including the vote for and against the same, in the Office of the City Clerk, in accordance with Government Code Section 36933.

PASSED, APPROVED, AND ADOPTED this _____ day of _____ 2013.

I hereby certify that the foregoing is the original of Ordinance No. _____ duly passed and adopted by the Ontario City Council at their regular meeting held _____ and that Summaries of the Ordinance were published on _____ and _____, in the Inland Valley Daily Bulletin newspaper.

MARY E. WIRTES, MMC, CITY CLERK

(SEAL)

**EXHIBIT B
RATE SCHEDULES**

(a) The rate structure for City sewer service charges is comprised of two components: (1) a charge for capital replacement, operations and maintenance, billing, customer service, and other related costs (“City Charge”); and (2) a treatment charge for costs imposed on the City by Inland Empire Utilities Agency (“IEUA Charge”) that is passed through by the City to its sewer customers.

(b) The monthly charges for sewer services shall be the sum of the IEUA Charge as listed under sub-section (c) below plus the City Charge as listed under sub-section (d) below.

(c) The current rates for the IEUA Charge per equivalent dwelling unit (“EDU”) is \$13.39, and the projected rates for the IEUA Charge per EDU in 2014 and 2015 are \$14.39 and \$15.64, respectively. Future rate increases adopted by the IEUA Board of Directors and imposed on the City for the treatment of wastewater discharged and collected in the City will be passed through to City customers at the rates adopted by IEUA (each such rate increase by the IEUA is referred to herein as a “Pass Through”). Once adopted by the IEUA Board of Directors, the actual Pass Through will be applied to the rates for the IEUA Charges as follows:

1. The IEUA Charge per unit for single-family residential property shall be equal to the charge per one (1) EDU.

2. The IEUA Charge per unit for multiple-family residential property shall be equal to the charge per seven tenths of one (0.7) EDU.

3. The IEUA Charge for non-residential customers shall be equal to the charge per one (1) EDU times the customer’s number of EDUs.

4. Notwithstanding the forgoing, any increase in the rates to the IEUA Charge above the projected rates set forth in the table below shall not exceed five percent (5% per year), and in no event shall such rates be increased in any year as a result of a Pass Through by more than the cost of providing sewer service. Prior to implementing any increase in the IEUA Charge as a result of a Pass Through, the City will provide written notice of the rate increase to customers not less than 30 days prior to its effective date.

(d) The rates for the City Charge shall be as follows:

Customer Classification	City Charge Rates		
	Current Rates (\$)	Rates (\$) Effective 1/1/2014	Rates (\$) Effective 1/1/2015
Single Family Residential per Month per Unit	12.60	12.98	13.37
Multiple Family Residential per Month per Unit	12.10	12.46	12.84
Non-Residential per Month per EDU (1)	12.60	12.98	13.37

1. The rates for the City Charge for non-residential customers shall be the sum of the per unit charges listed below and the number of EDUs times the EDU rate listed under subsection (d) above. With the exception of hotels and motels, one (1) unit equals one (1) building unit. For hotels and motels, one (1) unit equals one (1) room.

Per Unit Sewer Service Collection Charges for Non-Residential Customers	Current Rates (\$)	Rates (\$) Effective 1/1/2014	Rates (\$) Effective 1/1/2015
Hotel/Motel per room charge	7.90	8.14	8.38
Professional Offices per building unit charge	12.40	12.77	13.16
Other Commercial per building unit charge	30.40	31.31	32.25
Categorical/Significant Industry per permitted unit	113.70	117.11	120.62
Class II Industry per permitted unit	113.70	117.11	120.62
Other Industries per permitted unit	56.90	58.61	60.37

ORDINANCE NO. _____

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ONTARIO, CALIFORNIA, AMENDING SECTIONS 6-8.51, 6-8.52, AND 6-8.57 OF CHAPTER 8B, OF TITLE 6 OF THE ONTARIO MUNICIPAL CODE RELATED TO WATER SERVICES.

WHEREAS, the City Council of the City of Ontario (the "City") has determined that certain amendments to the City Municipal Code are necessary in order to reflect changes in the organizational management of the City, and to authorize the adoption of rates for certain water service fees and charges for agricultural use; and

WHEREAS, the City proposes to amend Sections 6-8.51, 6-8.52, and 6-8.57 to reflect these changes and to authorize the adoption of rates for certain water service fees for agricultural use in accordance with the rates established by the Chino Basin Watermaster for replenishment assessments; and

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF ONTARIO DOES ORDAIN AS FOLLOWS:

SECTION 1. The City Council hereby finds and determines that the recitals discussed above are true and correct and are hereby incorporated and adopted as findings and determinations by the City Council as if fully set forth herein.

SECTION 2. Section 6-8.51 of Chapter 8B, of Title 6, Subsection 6-8.51(i) of the Municipal Code is hereby amended to read as follows:

Sec. 6-8.51. Service fees and charges.

(i) Charges for agricultural use. Charges for use of recycled water for agricultural service where the agricultural use provides assignment of water production rights to the City shall be determined by the Utilities General Manager; provided, however, such charges will be consistent with the most recent rate study and current rates charged by the Chino Basin Watermaster for replenishment assessments.

SECTION 3. Section 6-8.52 of Chapter 8B, of Title 6, Subsection 6-8.52(o) of the Municipal Code is hereby amended to read as follows:

Sec. 6-8.52. Water service connection.

(o) Service connection maintained by Ontario Municipal Utilities Company. The Ontario Municipal Utilities Company shall maintain the service connection extending from the water main to the meter. All pipes and fixtures extending or lying on the outlet side of the meter, excluding a City provided customer shutoff valve, 12-inch brass nipple and coupling shall be installed and maintained by the applicant. The Ontario Municipal Utilities Company shall set and maintain a meter on each service connection and the consumer shall be held liable for any damage to the meter due to his or her negligence.

Every service connection shall be equipped with a curb stop or valve on the inlet side of the meter. Such valve or curb stop is intended for the exclusive use of the Ontario Municipal Utilities Company to control the water supply through a service connection. If the curb stop or valve is damaged due to the consumer's use or negligence, the consumer shall be liable for replacement costs.

SECTION 4. Section 6-8.57 of Chapter 8B, of Title 6, Subsection 6-8.57(b) of the Municipal Code is hereby amended to read as follows:

Sec. 6-8.57. Water quality control.

(b) Backflow prevention devices. The Utilities General Manager shall make the determination as to where and what kind of backflow prevention devices shall be required for services. The backflow prevention devices required by the Utilities General Manager shall be installed by and at the expense of the consumer. The consumer shall test and service these devices to maintain them in a satisfactory operating condition and shall overhaul or replace such devices if they are found defective. The frequency of testing shall be determined by the Utilities General Manager, but in no case shall the backflow prevention device be tested less than once every year. Records of such test, repairs, and overhauling shall be submitted by the consumer, on forms provided by the Ontario Municipal Utilities Company, to the Ontario Municipal Utilities Company. Tests shall be conducted and reported in the manner as prescribed by the City Manager.

SECTION 5. If any section, subsection, subdivision, sentence, clause, or phrase in this Ordinance or any part thereof is for any reason held to be unconstitutional or invalid, ineffective by any court of competent jurisdiction, such decision shall not affect the validity or effectiveness of the remaining portions of this Ordinance or any part thereof. The City Council hereby declares that it would have adopted each section irrespective of the fact that any one or more subsections, subdivisions, sentences, clauses, or phrases be declared unconstitutional, invalid, or ineffective.

SECTION 6. This Ordinance shall supersede all other previous City Council resolutions and ordinances that may conflict with, or be contrary to, this Ordinance.

SECTION 7. A full reading of this Ordinance is hereby waived. This Ordinance was introduced at a regular meeting of the City Council of the City of Ontario, California, on November 5, 2013, and thereafter adopted at a regular meeting of the City Council held on November 19, 2013.

SECTION 8. This Ordinance shall become effective thirty (30) calendar days after its adoption by the City Council.

SECTION 9. The Mayor shall sign this Ordinance and the City Clerk shall certify as to the adoption and shall cause a summary thereof to be published at least once, in a newspaper of general circulation in the City of Ontario, California within fifteen (15) days of the adoption. The City Clerk shall post a certified copy of this ordinance, including the vote for and against the same, in the Office of the City Clerk, in accordance with Government Code Section 36933.

ORDINANCE NO. _____

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ONTARIO, CALIFORNIA, AUTHORIZING INCREASES TO THE RATES FOR ITS WATER SERVICE FEES AND CHARGES, NEW METER CHARGES AND OTHER MISCELLANEOUS ONE-TIME WATER SERVICE FEES.

WHEREAS, approximately one third of the City's water supply is imported from Northern California via the California Aqueduct and is purchased indirectly from the Metropolitan Water District of Southern California ("MWD") through the Inland Empire Utility Agency ("IEUA"); and

WHEREAS, this water is delivered to the Water Facilities Authority ("WFA") for treatment and sale to the City; and

WHEREAS, the City is subject to certain regulatory requirements and charges imposed by the Chino Basin Watermaster (the "Watermaster") to protect the groundwater basin within the City, and costs of such regulatory requirements are passed on to City water customers through its water service fees and charges; and

WHEREAS, the City has experienced and anticipates future increases in the costs to operate and maintain the water system ("System") and to provide ongoing repairs, replacements, and upgrades to the System, including costs imposed on the City by MWD, IEUA, WFA, and the Watermaster; and

WHEREAS, the City determined to undertake a rate study to analyze the revenue requirements, and the rate structure necessary to proportionately allocate the costs of providing ongoing water services to its water customers; and

WHEREAS, the rate study demonstrates that existing System revenues are and will be insufficient to cover: (i) current and projected operations and maintenance costs of the System; and (ii) the capital infrastructure improvements needed to repair, replace, and update the System; and

WHEREAS, a report of the results of the rate study (the "Rate Report"), attached hereto as Exhibit "A" and by this reference incorporated herein, has been prepared which includes the proposed rates for the water service fees and charges and documents the estimated and reasonable costs of providing water services to property owners and tenants directly liable for payment of such service fees and charges (collectively referred to herein as "customers") in the City; and

WHEREAS, the findings and determinations contained herein are based upon the Rate Report documenting the estimated reasonable costs of providing water services to customers in the City; and

WHEREAS, the rate structure for water service charges is comprised of a charge for capital replacement, operations and maintenance, billing, customer service, and other related costs ("City Charge"); and

WHEREAS, the City has determined to increase the rates for its water service fees and charges for a two-year period, commencing January 1, 2014 and January 1, 2015, respectively; and

WHEREAS, the City has also determined to increase the rates for new meter charges and other miscellaneous one-time service fees that are imposed as a request for service or product and are not based on any property parcel map, including an assessor's parcel map; and

WHEREAS, the Rate Report also includes the proposed rates for the new meter charges and other miscellaneous one-time water service fees and charges and documents the estimated and reasonable costs of providing the water services related thereto; and

WHEREAS, the schedule of proposed rates for the water service fees and charges for ongoing water service, the new meter charges and other miscellaneous one-time service fees is attached hereto as Exhibit "B" and by this reference incorporated herein; and

WHEREAS, the City made available to the public the Rate Report documenting the estimated costs required to provide the water services for which the fees and charges are proposed to be increased and the revenue sources anticipated to provide such services; and

WHEREAS, the City Council hereby finds and determines the following with regard to the proposed rate increases to the water service fees and charges:

1. The monthly water service charges consist of two components: (a) a fixed monthly service charge (the "Readiness-to-Serve Charge"), which is imposed only as a condition of extending or initiating service upon the request of a customer; and (b) a variable monthly water usage charge (the "Commodity Charge"), which is imposed on the basis of the amount of water used or consumed by the customer;

2. The rates for the Readiness-to-Serve Charge are established on the basis of the meter size of the property receiving water service from the City and are calculated to recover the City's fixed costs of water facilities repairs and replacements, as well as the cost of meter reading, billing and customer service. The rates for the Commodity Charge are calculated on the basis of the cost of providing water, including purchasing water, managing the City's water resources, and deterring water waste and encouraging water use efficiency, and consists of two tiers which will impose higher rates per unit of water as the level of consumption increases.

3. The private fire service fee is imposed only as a condition of extending or initiating such service by the installation of a private fire hydrant and upon the request of the consumer or property owner for the delivery of water to the property for the purpose of private fire service protection.

4. The proposed water service fees and charges referenced above and those included in Exhibit B represent increases in such fees and charges;

5. The revenues derived from the proposed water service fees and charges will not exceed the funds required to provide the water services and shall be used exclusively for the System;

6. The amount of the proposed water service fees and charges will not exceed the proportional cost of the service attributable to each parcel upon which they are proposed for imposition;

7. The proposed water service fees and charges will not be imposed on a parcel unless the water services are actually used by, or immediately available to, the customer of the parcel;

8. The proposed water service fees and charges will not be used for any other purpose than that for which they are imposed;

9. The proposed water service fees and charges are not levied for general governmental services;

10. The proposed water service fees and charges are not calculated or developed on the basis of any parcel map, including an assessor's parcel map, but are based upon reasonable estimates of the demand placed upon the City in its role as a provider of the water services; and

11. The proposed water service fees and charges represent increases in the fees and charges needed to provide water services and to operate the City's potable and reclaimed water system and facilities; and

WHEREAS, the City hereby finds and determines that in accordance with the provisions of California Constitution Article XIII D, Section 6 ("Article XIII D") :

1. The City identified the parcels upon which the increased water service fees and charges are proposed to be imposed, and calculated the amount of the fees and charges proposed to be imposed on each parcel;

2. On September 19, 2013, the City mailed written notice to customers of each parcel upon which the proposed increases to the water service fees and charges are proposed for imposition, which explained: (a) the amount of the fees and charges; (b) the basis on which they were calculated; (c) the reason for the increases; and (d) the date, time, and location of the public hearing on the proposed increases; and

3. On November 5, 2013, (more than 45 days after mailing the notice), the City conducted a public hearing and considered all written protests against the proposed increases to the water service fees and charges; and

4. At the conclusion of the public hearing, written protests against the proposed increases to the water service fees and charges were not presented by a majority of customers subject to the proposed fees and charges; and

WHEREAS, the City hereby finds and determines that in accordance with the provisions of California Constitution Article XIII C, Section 1(e)(2), the new meter charges and other miscellaneous one-time service fees that are imposed as a request for service or product and are not based on any property parcel map, including an assessor's parcel map, are imposed for a specific government service or product provided directly to the payer that is not provided to those not charged, and do not exceed the reasonable costs to the City of providing the service or product; and

WHEREAS, in accordance with the California Environmental Quality Act ("CEQA") and the CEQA Guidelines, the City Staff has determined that the amendments to the Municipal Code, and the increases in water service fees and charges, the new meter charges and other miscellaneous one-time service fees are exempt from CEQA pursuant to Section 15378 and Section 15273 of the CEQA Guidelines because: (a) the increased fees and charges are for the purpose of meeting operational and maintenance expenses of the aforementioned services; and (b) the charges constitute the creation of a funding mechanism/other governmental fiscal activity which does not involve any commitment to any specific project which may result in a potentially significant physical impact on the environment.

NOW THEREFORE, THE CITY COUNCIL OF THE CITY OF ONTARIO DOES ORDAIN AS FOLLOWS:

SECTION 1. The City Council hereby finds and determines that the recitals discussed above are true and correct and are hereby incorporated and adopted as findings and determinations by the City Council as if fully set forth herein.

SECTION 2. The current rates for water service fees and charges as set forth in Exhibit B shall remain in full force and effect in accordance with the schedule set forth in Exhibit B. Commencing January 1, 2014, and January 1, 2015, respectively, the City Council hereby authorizes and establishes the rates for water service fees and charges as more fully set forth in Exhibit B.

SECTION 3. The current rates for the new meter charges and other miscellaneous one-time service fees as set forth in Exhibit B shall remain in full force and effect in accordance with the schedule set forth in Exhibit B. Commencing January 1, 2014, and January 1, 2015, respectively, the City Council hereby authorizes and establishes the rates for the new meter charges and other miscellaneous one-time service fees as more fully set forth in Exhibit B.

SECTION 4. The City Council hereby authorizes and directs the City Manager to implement and take all actions necessary to effectuate the rates for the water service fees and charges, the new meter charges and other miscellaneous one-time service fees set forth in Exhibit B.

SECTION 5. If any section, subsection, subdivision, sentence, clause, or phrase in this Ordinance or any part thereof is for any reason held to be unconstitutional or invalid, ineffective by any court of competent jurisdiction, such decision shall not affect the validity or effectiveness of the remaining portions of this Ordinance or any part thereof. The City Council hereby declares that it would have adopted each section irrespective of the fact that any one or more subsections, subdivisions, sentences, clauses, or phrases be declared unconstitutional, invalid, or ineffective.

SECTION 6. This Ordinance shall supersede all other previous City Council resolutions and ordinances that may conflict with, or be contrary to, this Ordinance.

SECTION 7. A full reading of this Ordinance is hereby waived. This Ordinance was introduced at a regular meeting of the City Council of the City of Ontario, California, on November 5, 2013, and thereafter adopted at a regular meeting of the City Council held on November 19, 2013.

SECTION 8. This Ordinance shall become effective thirty (30) calendar days after its adoption by the City Council.

SECTION 9. City staff is directed to file a Notice of Exemption within five (5) days of the adoption of this Ordinance.

SECTION 10. The Mayor shall sign this Ordinance and the City Clerk shall certify as to the adoption and shall cause a summary thereof to be published at least once, in a newspaper of general circulation in the City of Ontario, California within fifteen (15) days of the adoption. The City Clerk shall post a certified copy of this ordinance, including the vote for and against the same, in the Office of the City Clerk, in accordance with Government Code Section 36933.

PASSED, APPROVED, AND ADOPTED this _____ day of _____ 2013.

EXHIBIT A

City of Ontario

Solid Waste, Sewer, & Water Rate Report

EXECUTIVE SUMMARY

The City recently evaluated the service and infrastructure needs, programs, operation and maintenance costs of the City's solid waste, sewer and water enterprises. The City has determined that water, sewer and solid waste service charges are and will be insufficient to cover (i) current and projected operations and maintenance costs for providing solid waste, water and sewer and (ii) the cost of capital infrastructure improvements needed to cover anticipated costs repair and update the City's water and sewer systems. Accordingly, the City has determined that rate increases are necessary to address the need for infrastructure and sewer and water quality improvements, and to avoid operational deficits and depletion of reserves.

The following table illustrates the combined effect of the proposed rate increases on the monthly utility bill for City charges for "Typical Residential" and "Typical Commercial – Industrial" customers over the next two years.

Combined Utility Rate

Typical Residential

Service	Current	January 2014	January 2015
Solid Waste	\$ 26.09	\$ 26.61	\$ 27.14
Sewer	\$ 12.60	\$ 12.98	\$ 13.37
Water	\$ 76.53	\$ 78.08	\$ 79.61
Combined	\$115.22	\$117.67	\$120.12

Typical Commercial - Industrial

Service	Current	January 2014	January 2015
Solid Waste	\$ 277	\$ 283	\$ 288
Sewer	\$ 219	\$ 226	\$ 233
Water	\$ 948	\$ 967	\$ 986
Combined	\$1,444	\$1,476	\$1,507

SOLID WASTE ENTERPRISE

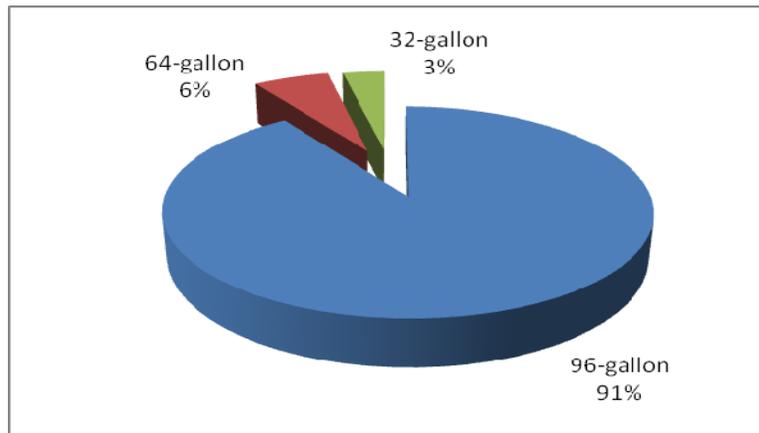

A review of the solid waste service charges indicates that current and projected revenue estimates based on the current rates are not sufficient to cover the anticipated cost of providing solid waste services. Therefore, staff recommends changes to the solid waste rates that the City should charge its customers in calendar years 2014 and 2015. The rates for solid waste services have not been increased in five (5) years. This was achieved primarily as a result of implementing cost cutting measures to reduce the cost of landfill disposal, by expanding the recycling programs, and extending the useful life of solid waste vehicles.

The City provides the following three types of collection service to its customers:

Automated curbside: The City offers three sizes of containers to automated service customers, 32-gallon, 64-gallon and 96-gallon. The charges are based on the size of containers. In FY 2012-13, the City served approximately 31,070 automated service customers, about 91 percent of automated service customers used the 96-gallon containers, about six percent used the 64-gallon containers and about three percent used the 32-gallon containers.

Figure 1

FY 2012-13 Residential Curbside Service

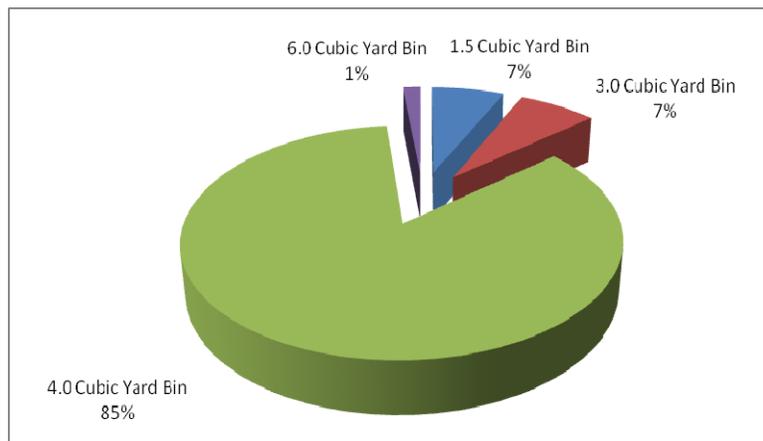

For residential automated service customers, the rates for service are different in the “Old Model Colony” (OMC) and the “New Model Colony” (NMC) based on a differential cost of service. The difference in the cost of service is primarily driven by 1) greater collection times servicing stops; and 2) greater transportation distances. It takes approximately 20% longer to service a typical residential route in the NMC than it does in the OMC due to the increased housing densities as well as access. Also, the average distance of travel per day for the collection vehicles is approximately 30% greater than in the OMC.

Together, these factors result in a higher cost of service (e.g., more collection vehicles, more personnel, fuel costs, etc.) for the NMC when compared to the OMC.

Commercial bins: Commercial bin service includes collection of 1.5 cubic-yard, 3.0 cubic-yard, 4.0 cubic-yard, and 6.0 cubic-yard standard and compactor bins for refuse, greenwaste, and co-mingled recycling. In FY 12-13, the City serviced approximately 4,700 commercial bin customers and about 85 percent of these were 4.0 cubic-yard bins.

Figure 2
FY 2012-13 Commercial Bin Service

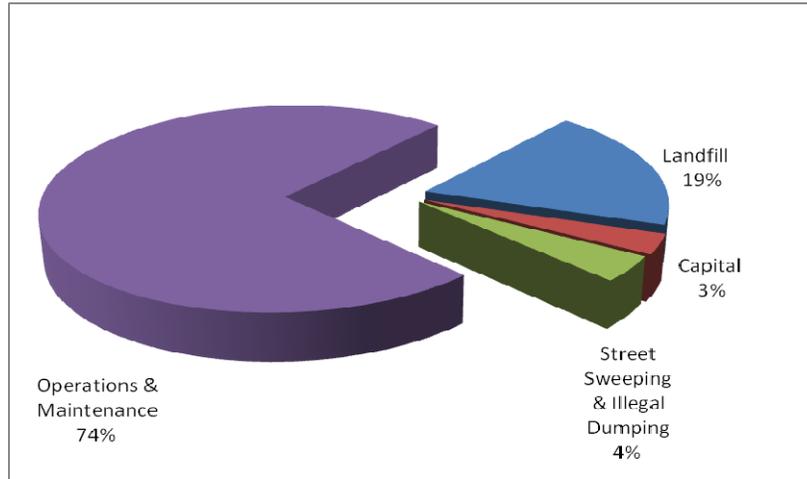

Roll-off bins: Roll-off service includes open-top and compactor service for refuse, single-commodity recycling, greenwaste, and inert material. In FY 2012-13, the City serviced approximately 12,700 roll-off loads.

The City continues to exceed the State mandated diversion rate for recyclable materials. To further encourage recycling, the City offers specific services and rates for co-mingled recycling and greenwaste collection services for automated service customers, co-mingled recycling and greenwaste collection services for commercial bin customers, and single-commodity recycling, greenwaste, and inert collection services for roll-off customers.

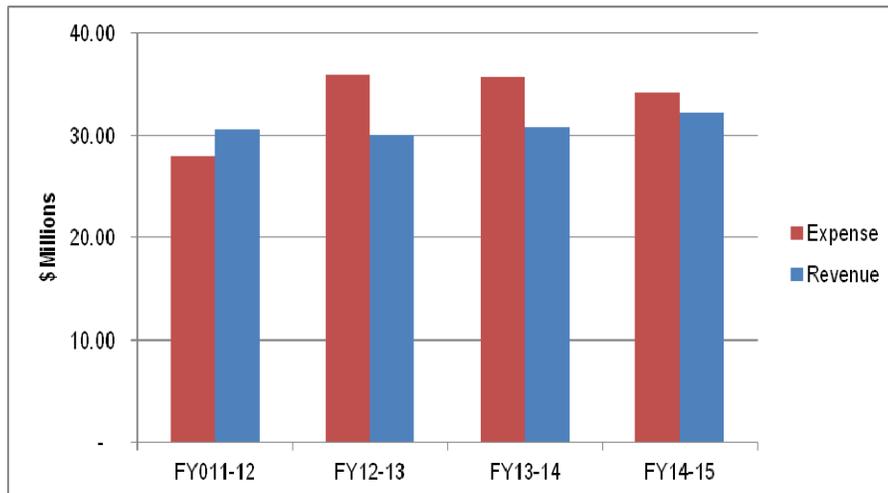

Solid waste expenses consist of landfill disposal costs; operation and maintenance (O&M) expenses including general overhead costs related to supervision, utility billing and customer service, cost allocations to the General Fund for City provided services; street sweeping and illegal dumping clean up services; and a capital improvement program, as illustrated by Figure 3.

Figure 3
FY 2012-13 Expenses - \$36 million

The City's current solid waste rates will not generate adequate revenue to cover the City's projected expenditures, as illustrated by Figure 4.

Figure 4

Since revenues generated by the existing solid waste service charges included in Table 1 are not adequate to cover the anticipated expenditures to provide solid waste services, staff recommends the following solid waste rates that the City should charge its customers in calendar years 2014 and 2015. Staff will continue to periodically review the financial plan to ensure continued financial stability.

**Table 1
Proposed Solid Waste Rate Schedule**

Automated Collection Rates							
Old Model Colony	Gallons	\$/First Can Set			\$/Each Extra Trash Can		
		Current	1/1/2014	1/1/2015	Current	1/1/2014	1/1/2015
	96	\$26.09	\$26.61	\$27.14	\$23.82	\$24.30	\$24.78
	64	\$22.68	\$23.13	\$23.60	\$20.42	\$20.83	\$21.24
	32	\$19.28	\$19.68	\$20.07	\$17.01	\$17.35	\$17.70

Special Empty is half the rate listed above for each Bin or Compactor size							6	\$369.00	\$376.38	\$383.91

Roll Off (Compactor/Open Top) Service Rates ^(a)			
Service	Current	1/1/2014	1/1/2015
Refuse per Load up to 5 tons. Charges apply for additional weight	\$479.00	\$489.00	\$499.00
Charge per ton over 5 tons	\$48.21	\$49.20	\$50.20
Excess Weight Charge per ton over 12 tons	\$107.00	\$109.00	\$111.00
Recycle per Load – Single Commodity. Actual Disposal Charge Additional ^(b, c)	\$148.00	\$151.00	\$154.00
Recycle per Load – Inert/Co-mingled/Greenwaste. Actual Disposal Charge Additional ^(c)	\$186.00	\$190.00	\$194.00
(a) A minimum of one pick per week (if no service, the per load charge is assessed)			
(b) Maximum 5% contamination			
(c) Actual disposal costs are billed in addition to the per load charge			

Co-mingled Recyclables or Green Waste Service Rates			
Cubic Yards	\$/Each Pickup/Week		
	Current	1/1/2014	1/1/2015
1.5	\$34.00	\$34.50	\$35.00
3.0	\$48.00	\$49.00	\$50.00
4.0	\$57.00	\$58.00	\$59.00
6.0	\$75.00	\$76.50	\$78.00

SEWER ENTERPRISE

A review of the sewer service charges indicates that current and projected revenue estimates based on the current rates are not sufficient to cover the anticipated cost of providing sewer services. Therefore, staff recommends changes to sewer rates that the City should charge its customers in calendar years 2014 and 2015.

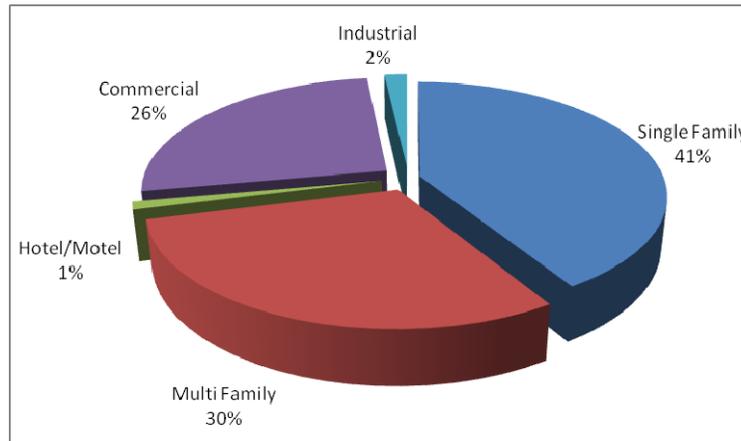

Sewer service charges are billed on a monthly basis. The rate structure for sewer service charges has two customer classifications – (1) residential, which includes single-family and multi-family residential customers; and (2) non-residential, which includes commercial and industrial customers. The rate structure is comprised of two components: (1) a charge for capital replacement, operations and maintenance, billing, customer service, and other related costs (“City Charge”); and (2) a treatment charge for costs imposed on the City by Inland Empire Utilities Agency (IEUA) (“IEUA Charge”) that is passed through by the City to its sewer customers. The rates are calculated to proportionately allocate capital replacement, operations, maintenance, and treatment costs to each customer class.

The City Charge for sewer service is a flat charge per unit for residential customers. For non-residential customers, the City Charge consists of a flat rate based on the number of building units, and a variable amount based on the amount of sewer flow in equivalent dwelling units (EDU) [EDU = sewer flow from a single family residential unit]. Sewer flows for non-residential customers are estimated based on water consumption.

The IEUA Charge for residential and non-residential is based on the number of EDUs. For residential customers, this charge is fixed at one (1) EDU of a single family residence, and seven tenths of one (0.7) EDU for a multi-family unit. For non-residential customers, the charge varies from month to month based on the number of EDUs as determined by sewer flow and water consumption.

Figure 5

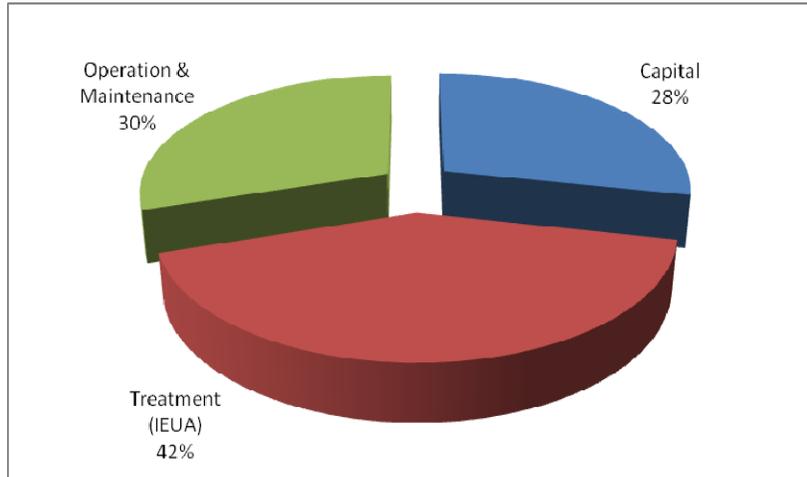

FY 2012-13 EDUs by Customer Class

The City sewer expenses consist of the cost of operation and maintenance (O&M) including sewer line cleaning, video inspection, repairs, and environmental programs. In accordance with the City’s Sewer System Management Plan (SSMP), approximately 1.2 million linear feet of sewer collection pipelines are inspected and cleaned in order to prevent the buildup of debris, such as sand, silt, grease, roots and rocks that can significantly reduce the capacity of the pipes causing blockages and overflows. Environmental program responsibilities include issuance of industrial discharge permits, monitoring sewer discharge data, conducting compliance inspections of commercial grease interceptors as part of the City’s “FOG” (Fats, Oils & Grease) program and inspections of permitted industrial facilities, as well as monitoring and reporting on sanitary sewer overflows (SSO). Other costs covered by the City charges for sewer services include general overhead costs related to supervision, utility billing and customer service, cost allocations to the General Fund for City provided services, and a capital improvement program, as shown in Figure 6.

The City’s sewer system consists of more than 350 miles of sewer pipes along with 7,500 manholes and cleanouts, and the average age of pipelines throughout Ontario is about 45 years, with some sections still in use today that date back to the 1890’s. The sewer master plan estimates the cost to replace the entire system today at more than \$215 million. Additionally, the master plan identifies more than \$95 million in capital improvement projects that are needed to correct existing system deficiencies where peak sewer flows are greater than the capacity of the pipelines. The overall age and condition of the sewer system creates a significant liability for the sewer fund. The capital improvement program is developed in order to prioritize projects within available funding, currently averaging about \$4 million per year, in order to address this liability on an annual basis.

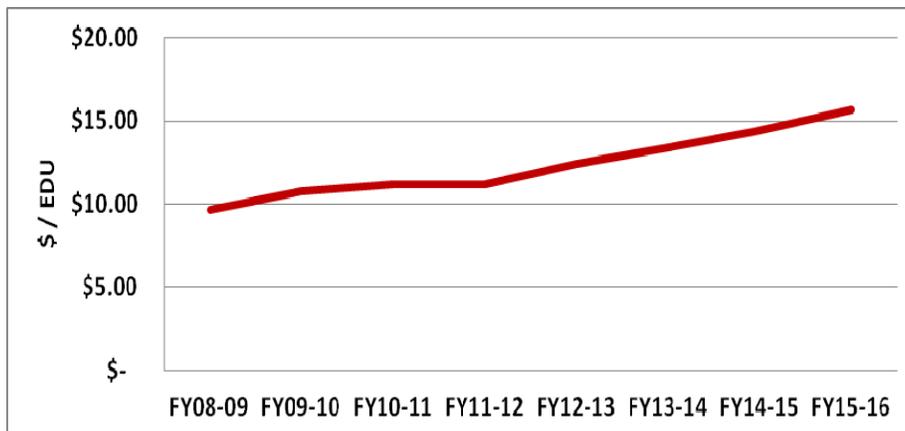

Figure 6
FY 2012-13 Expenses - \$21 million

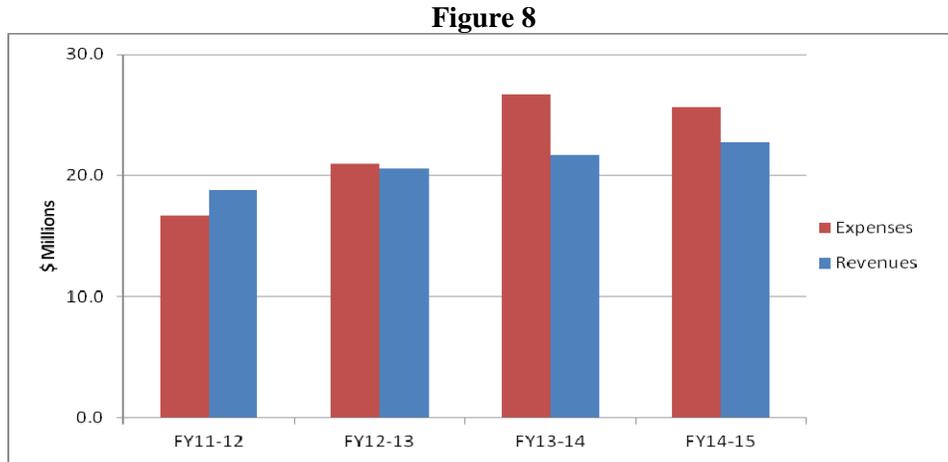

The graph includes the cost of treatment provided by IEUA. The City pays IEUA to treat its sewer and these costs are passed on to City sewer customers through the IEUA Charge.

Based on IEUA projections, the current IEUA charge will not generate adequate revenues to cover the treatment cost. The IEUA Charge is anticipated to be increased from the current charge of \$13.39 per EDU to \$14.39 per EDU in 2014 and \$15.64 per EDU in 2015 (see Figure 7). If approved by the City Council, the proposed IEUA Charges may be imposed for the periods commencing on July 1, 2014 and July 1, 2015, respectively, following adoption by IEUA Board. Prior to implementing any increase in the IEUA Charge, the City will provide written notice of the rate increase not less than 30 days prior to its effective date.

Figure 7
IEUA Pass Through Charge (Historical & Projected)

The City's current sewer rates will not provide adequate revenue to cover the City's costs for O&M and the capital improvement program, as illustrated by Figure 8.

As a result of the anticipated increases in the costs of providing sewer service, the City is proposing to increase the City Charges for sewer services in January 2014 and January 2015 and to pass through future IEUA Charges for treatment over the two-year period. The proposed rates for the sewer service charges are set forth below for the different customer classes are summarized in Table 2.

**Table 2
Proposed Rates for Sewer Services**

Sewer Service	City Charge			IEUA Charge ^(a)		
	Current	1/1/2014	1/1/2015	Current	7/1/2014	7/1/2015
Single Family Residential per Month per Unit	\$12.60	\$12.98	13.37	\$13.39	\$14.39	\$15.64
Multiple Family Residential per Month per Unit	\$12.10	\$12.46	12.84	\$9.37	\$10.07	10.95
Non-Residential per Month per EDU ^(b)	\$12.60	\$12.98	13.37	\$13.39	\$14.39	\$15.64
<p>(a) IEUA Charge is a pass through treatment charge. The rates for 2014 and 2015 are estimates provided by IEUA. Sewer bills will be adjusted by the actual amounts once adopted by the IEUA Board.</p> <p>(b) EDU (Equivalent Dwelling Unit) is a term used to compare the flows from non-residential units in terms of flows generated by a single family residential unit. Non-residential customers are also charged a per unit charge as shown in the table below:</p>						
Per Unit Sewer Service Charges for Non-Residential Customers				Current	1/1/2014	1/1/2015
Hotel/Motel per Room Charge				\$7.90	\$8.14	\$8.38
Professional Offices per Building Unit Charge				\$12.40	\$12.77	\$13.16
Other Commercial per Building Unit Charge				\$30.40	\$31.31	\$32.25
Categorical/Significant Industry per Permitted Unit				\$113.70	\$117.11	\$120.62
Class II Industry per Permitted Unit				\$113.70	\$117.11	\$120.62
Other Industries per Permitted Unit				\$56.90	\$58.61	\$60.37

WATER ENTERPRISE

A review of the water service charges indicates that current and projected revenue estimates based on the current rates are not sufficient to cover the anticipated cost of providing water services. Therefore, staff recommends changes to water rates that the City should charge its customers in calendar years 2014 and 2015.

As a result of the updated cost of service study for water service and fees, it is also recommended that the rate differential for the potable water commodity rates for the OMC and NMC be eliminated. The current projections for NMC potable water demand and available supply, along with the current and anticipated future unit cost of this supply, from groundwater rights and pumping as a result of agricultural land conversion for example, support the elimination of the rate differential.

Water service charges are billed on a monthly basis. The proposed water rate structure for water service charges has two customer classes – (1) residential, which includes single-family and multi-family customers; and (2) non-residential, which includes, commercial and industrial customers. The rate structure is comprised of two components: (1) a fixed monthly service charge (the “Readiness to Serve Charge”); and (2) a variable monthly water usage charge (the “Commodity Charge”). The Readiness to Serve Charge is a fixed charge established on the basis of the meter size of the property receiving water service from the City and is calculated to recover the City’s fixed costs of water facilities repairs and replacements as well as the cost of meter reading, billing and customer service. The Commodity Charge is calculated on the basis of the cost of providing water and consists of two tiers which will impose higher rates per unit of water as the level of consumption increases. The first tier cut-off is 15 hundred cubic feet (hcf) per month. Together, the two components are structured in such a way as to proportionately allocate capital replacement, operations and maintenance costs to each customer class, while managing the City’s water resources.

In addition to the general water service charge imposed on property owners, the City also imposes a monthly private fire service fee on certain properties. The private fire service fee is imposed only as a condition of extending or initiating water service by (i) the installation of a private fire hydrant, or (ii) upon the request of the consumer or property owner for the delivery of water to the property for the purpose of private fire service protection.

The City serves approximately 32,870 individual water customer accounts. Single family accounts make up the largest customer group with approximately 79 percent of the total accounts (see Figure 9). The average water usage for a single family residence is approximately 23 hcf per month (575 gallons per day), and single family residents accounted for about 36 percent of the total water consumed in the City.

Figure 9

FY 2012-13 Water Meters by Customer Class

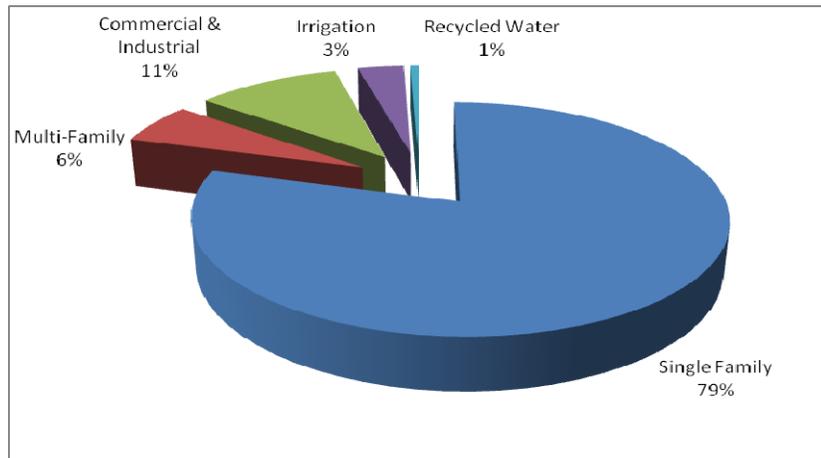

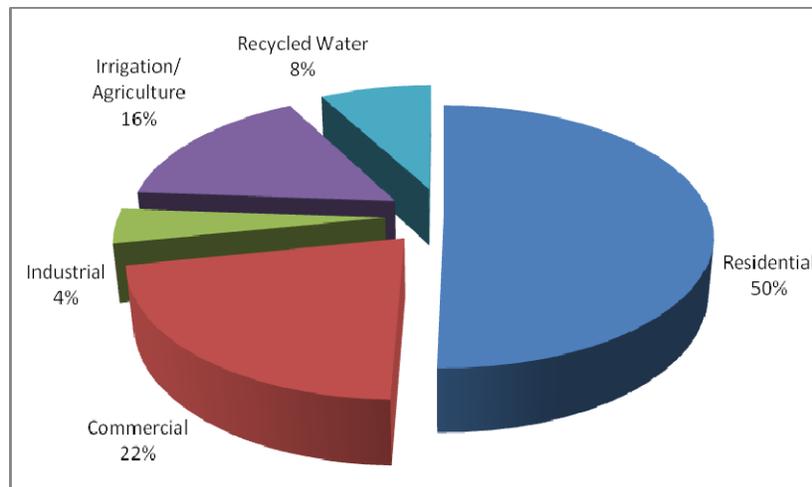

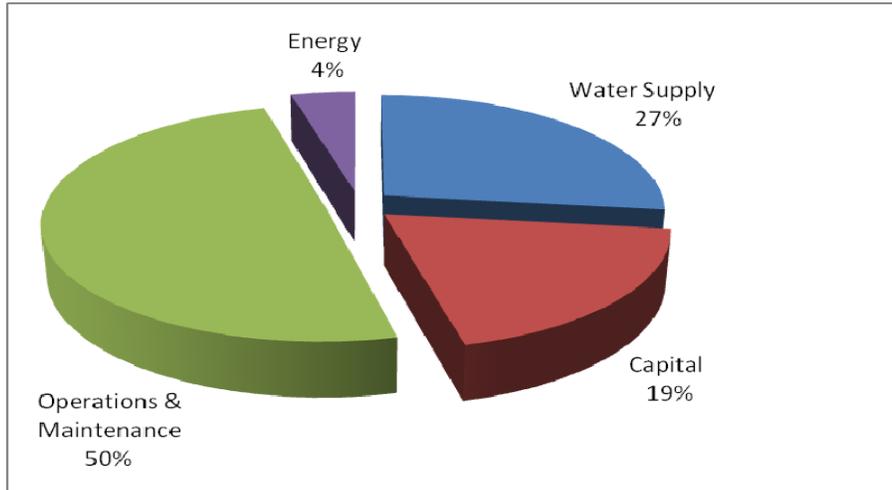

Figure 10

FY 2012-13 Water Usage by Customer Class

Water expenses consist of water supply costs including the cost to purchase imported water and supplemental water production rights, cost of energy for water production; other operation and maintenance (O&M) expenses including cost of system maintenance, general overhead costs related to supervision, utility billing and customer service, and cost allocations to the General Fund for City provided services; and a capital improvement program, as illustrated by Figure 11.

Figure 11
FY 2012-13 Expenses - \$57.4 million

The City's potable water supply includes imported water from Metropolitan Water District (MWD), groundwater pumped from its wells in the Chino Basin, and desalted water from the Chino Basin Desalter Authority (CDA). The Desalter expansion that is currently underway is anticipated to provide 3,533 acre feet (AF) of additional potable water per year. In addition to these potable water sources, the City uses recycled water for groundwater replenishment and for direct use in landscape irrigation and some industrial applications.

While still relatively inexpensive, there is a rapid escalation in the cost to purchase recycled water from IEUA. As a result, the cost to provide recycled water to Ontario's customers has increased. In response to the escalating cost of recycled water, it is recommended to eliminate the lower cost second tier rate for recycled water.

Figure 12
FY 2012-13 Water Supply by Source

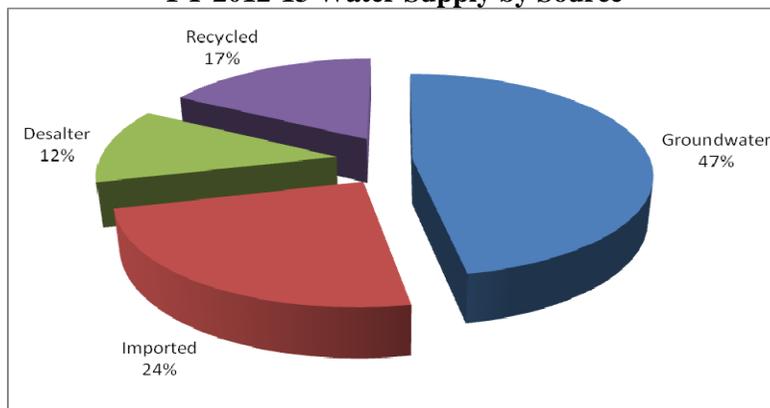

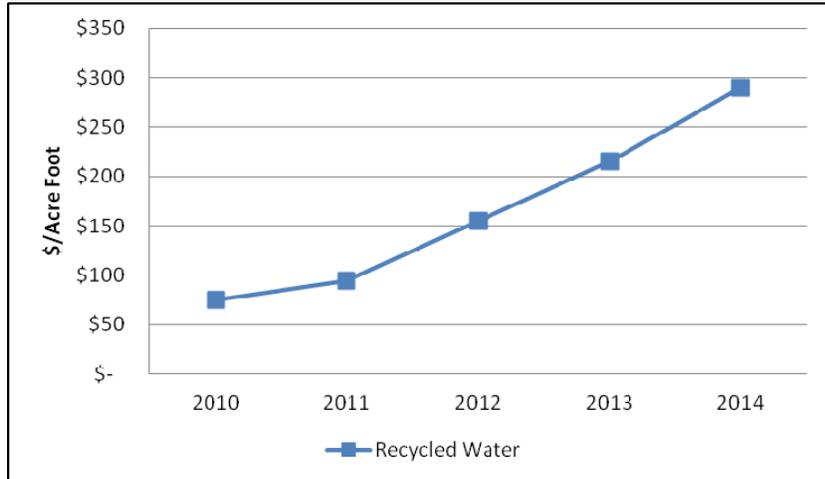

Figure 13
Recycled Water Cost (\$/AF)

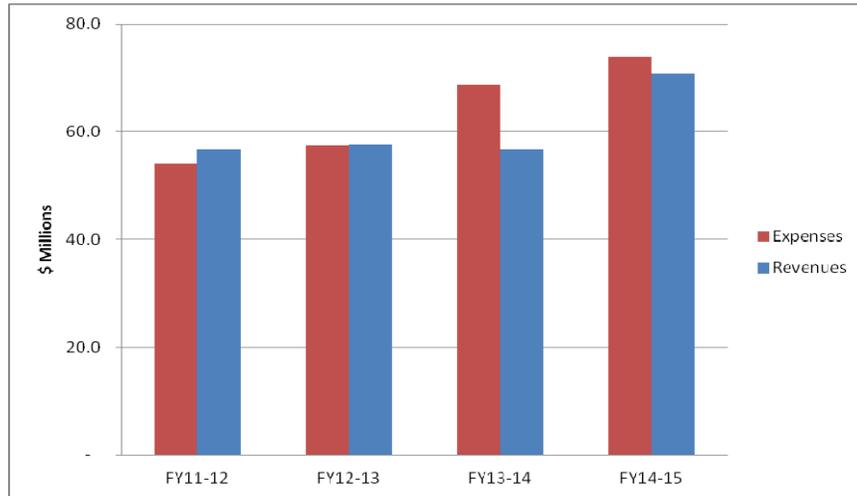

The water and recycled water master plans establish the basis and cost for new and replacement capital infrastructure required to maintain reliable water service for existing users and to expand the water systems for future users. The City maintains about 556 miles of main water pipelines, and the average age of the pipelines throughout Ontario is about 35 years, with about 115 miles (21%) of these being 50 years and older. The water system also consists of 24 active groundwater wells, 12 water reservoirs that store 75 million gallons of water, pressure reducing stations, booster stations, and water treatment facilities. The water master plan estimates the cost to replace the entire system today at more than \$410 million. Additionally, the master plans identify more than \$158 million in capital improvements that are needed to correct existing deficiencies primarily related to meeting fire flow requirements. Planned infrastructure improvements include ongoing meter replacement, additional water storage capacity, replacement of aging water production wells (five out of the City's twenty-four active wells are more than 40 years old), additional water treatment, and projects that will provide site security and system reliability such as seismic retrofits for existing water facilities.

The City's projected expenditures will exceed the available resources under the existing rates, as illustrated by Figure 14.

Figure 14

(FY 2013-14 & FY 2014-15 include some grant funded projects)

The City has experienced and anticipates future increases in the costs to operate and maintain the water system and to provide ongoing water system repairs, replacements, and upgrades. As a result of the anticipated increases in the costs of providing water service, the City is proposing to increase the City Charges for water services over the two-year period, commencing January 2014 and January 2015. Included in the proposed rates are the cost of imported water from wholesale agencies and fees imposed by regulatory agencies. The proposed rates for water service charges for the different customer classes are summarized in Table 3 below:

Table 3

Commodity Rates/HCF/Month

Monthly Water Use (Potable)	Commodity Charge Rates \$/HCF (Hundred Cubic Feet = 748 gallons)		
	Current	1/1/2014	1/1/2015
0-15 HCF	\$2.25	\$2.30	\$2.34
More than 15 HCF	\$2.61	\$2.66	\$2.72

Monthly Water Use (Recycled)	Commodity Charge Rates \$/HCF (Hundred Cubic Feet = 748 gallons)		
	Current*	1/1/2014	1/1/2015
Per HCF	\$1.35	\$1.43	\$1.56

*Current rate shown is the "Up to 1000 HCF". Future rates are applicable to all water serviced per HCF.

**EXHIBIT B TO ORDINANCE NO. _____
RATE SCHEDULES**

(a) The water rate schedule within the City limits shall include a readiness to serve charge and a commodity charge. All water furnished by the City for use within the City shall be subject to the following monthly water rate schedule:

1. The readiness-to-serve charge per month per meter size for potable and recycled water shall be as follows:

Readiness-to-Serve Charge Rates (\$/Month)						
Meter Size	Potable Water			Recycled Water		
	Current Rates in Effect	Rates Effective 1/1/2014	Rates Effective 1/1/2015	Current Rates in Effect	Rates Effective 1/1/2014	Rates Effective 1/1/2015
5/8"	21.90	22.30	22.75	10.95	11.60	12.60
3/4"	NA	30.10	30.70	NA	15.65	17.10
1"	38.90	39.65	40.40	19.45	20.60	22.45
1.5"	86.20	87.90	89.65	43.10	45.65	49.75
2"	124.30	126.75	129.25	62.15	65.85	71.75
3"	242.30	247.15	252.05	121.15	128.40	139.95
4"	384.10	391.80	399.60	192.05	203.55	221.85
6"	794.00	808.85	826.05	397.00	420.80	458.65
8"	1,178.30	1,201.85	1,225.85	589.15	624.50	680.70
10"	1,817.80	1,854.15	1,891.20	908.90	963.40	1,050.10

2. The monthly volume commodity charge per hundred cubic feet (HCF) per unit (748 gallons) for potable water shall be as follows:

Monthly Water Use (Potable)	Commodity Charge Rates \$/HCF (Hundred Cubic Feet = 748 gallons)		
	Current	1/1/2014	1/1/2015
0-15 HCF	2.25	2.30	2.34
More than 15 HCF	2.61	2.66	2.72

The monthly volume commodity charge per HCF unit for recycled water shall be as follows:

Monthly Water Use (Recycled)	Commodity Charge Rates \$/HCF (Hundred Cubic Feet = 748 gallons)		
	Current*	1/1/2014	1/1/2015
Per HCF	1.35	1.43	1.56
*Current rate shown is the "Up to 1000 HCF". Future rates are applicable to all water serviced per HCF.			

(b) Private fire service rates. The monthly rates for private fire service protection shall be at the following flat rates:

Fire Service Rates (\$/Month)			
Pipe Size	Current Rates in Effect	Rates in Effect 1/1/2014	Rates in Effect 1/1/2015
2"	11.70	11.90	12.10
4"	23.70	24.15	24.65
6"	47.20	48.10	49.05
8"	66.70	68.00	69.35
10"	90.40	92.20	94.05
12"	176.50	180.00	183.60
16"	351.40	358.40	365.55

(c) Charges for new water meters shall be at City's actual cost:

New Water Meter Rates (\$/Meter)			
Meter Size	Current Rates in Effect	Rates in Effect 1/1/2014	Rates in Effect 1/1/2015
5/8"	250	City's Actual Cost	City's Actual Cost
3/4"	NA	City's Actual Cost	City's Actual Cost
1"	295	City's Actual Cost	City's Actual Cost
1.5"	495	City's Actual Cost	City's Actual Cost
2"	600	City's Actual Cost	City's Actual Cost
Larger meters at City's actual cost			

(d) Miscellaneous one-time service fees. All miscellaneous one-time service fees are imposed as a request for service and are not based on any property parcel map, including an assessor's parcel map. The rates for fees imposed for the following services are as follows:

Other Water Services	Current Rates in Effect (\$/Service)	Rates in Effect 1/1/2014 (\$/Service)	Rates in Effect 1/1/2015 (\$/Service)
Restore Water Service (requested before 3:30 pm)	50.00	51.00	52.00
Restore Water Service (requested after 3:30 pm)	100.00	102.00	104.00
Broken Meter Lock	134.00	137.00	139.00
Install meter same day	250.00	255.00	260.00
Install meter next day	146.00	149.00	152.00
Meter tampering	624.00	636.00	649.00
Fire Hydrant Meter Deposit	2,340.00	2,387.00	2,435.00
Fire Hydrant Meter Moved without Notice	172.00	175.00	179.00
Bacteriological Test	42.00	43.00	44.00
Backflow Prevention per Device	4.95	5.00	5.10
Other City provided services not listed above are charged at Actual Cost			

CITY OF ONTARIO

Agenda Report
November 5, 2013

SECTION:
PUBLIC HEARINGS

SUBJECT: INTRODUCTION OF ORDINANCES TO ADOPT THE 2012 INTERNATIONAL FIRE CODE, AND 2013 CALIFORNIA STATE FIRE AND BUILDING CODES

RECOMMENDATION: That the City Council:

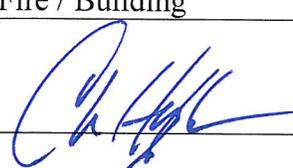

- (A) Introduce and waive further reading of an ordinance amending Chapter 4, Title 4 of the Ontario Municipal Code entitled "Fire Code" adopting by reference, with certain amendments, additions, deletions, and exceptions, the 2012 International Fire Code and the 2013 California Fire Code (California Code of Regulations, Title 24, Part 9); and
- (B) Introduce and waive further reading of an ordinance amending Chapters 1, 2, 3, 4, 5, 6, 7, 11 and 12 of Title 8 of the Ontario Municipal Code to adopt the California Building Standards Code.

COUNCIL GOALS: Develop Strategies and Take Actions, Including Regaining Local Control of the Ontario International Airport, to Minimize the Negative Impacts of the Global Financial Downturn on Ontario's Economy and the City's Fiscal Health
Maintain the Current High Level of Public Safety
Operate in a Businesslike Manner

FISCAL IMPACT: None. Adoption of the proposed Ordinances will not impact the current permit or plan check fees. The proposed Ordinances provide that future fee revisions may be enacted by City Council resolution.

BACKGROUND: Every three years, the California Building Standards Commission adopts the California Building Standards Code, which consists of the codes that regulate building construction. The California Health and Safety Code mandates that all public agencies responsible for administering Building and Safety and Fire Codes comply with the State adopted Building and Safety and Fire Codes;

STAFF MEMBER PRESENTING: Floyd Clark, Fire Chief
Kevin Shear, Building Official

Prepared by: Art Andres / Kevin Shear
Department: Fire / Building
City Manager Approval: 

Submitted to Council/O.H.A. 11/05/2013
Approved: _____
Continued to: _____
Denied: _____

13

and local agencies are required to adopt and enforce the State codes. Local agencies may also adopt amendments to the State Codes based on findings relative to local geological or topographic conditions. Staff recommends amendments to the Codes based upon certain local conditions to ensure compliance with State mandates, to assure that Ontario's Codes continue to address the latest technological advances, and to provide for the use of companion Fire and Building Codes.

Fire Codes: The proposed Ordinance adopts the 2012 International Fire Code and the 2013 California Fire Code and provides for certain local amendments. These amendments are consistent with other provisions that are in the current version of the City's Fire Code. The State Codes incorporate, by reference, the Model Codes published by the International Code Council (ICC).

Building Codes: The California Building Standards Commission has adopted the 2012 edition of the International Building Code as the State Building Code. The proposed Ordinance adopts the 2013 edition of the State Building, Electrical, Plumbing, Mechanical, Residential, and Green Building Standards Codes. The Dangerous Building Code – Chapter 11 and the Uniform Housing Code – Chapter 2 are being readopted without amendments. The summary below outlines key points involving the new State Building Codes:

- All the subject State Codes must be enforced by local agencies effective January 1, 2014.
- The State Building Standards Commission has held numerous hearings related to adoptions of the codes, hearing public testimony from all stakeholders. All public testimony endorsed the use of International Codes.

ORDINANCE NO. _____

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ONTARIO, CALIFORNIA, AMENDING CHAPTER 4 OF TITLE 4 OF THE ONTARIO MUNICIPAL CODE; ADOPTING BY REFERENCE WITH CERTAIN AMENDMENTS, ADDITIONS, DELETIONS, AND CHANGES THERETO, THE 2013 CALIFORNIA FIRE CODE AND THE 2012 INTERNATIONAL FIRE CODE, REGULATING AND GOVERNING THE SAFEGUARDING OF LIFE AND PROPERTY FROM FIRE AND EXPLOSION HAZARDS ARISING FROM THE STORAGE, HANDLING, AND USE OF HAZARDOUS SUBSTANCES, MATERIALS, AND DEVICES AND FROM CONDITIONS HAZARDOUS TO LIFE OR PROPERTY IN THE OCCUPANCY OF BUILDINGS AND PREMISES; PROVIDING FOR THE ISSUANCE OF PERMITS AND COLLECTION OF FEES; AND REPEALING ORDINANCE NO. 2927 OF THE CITY COUNCIL OF THE CITY OF ONTARIO, CALIFORNIA.

WHEREAS, pursuant to Government Code Section 50022.1 *et seq.*, the City of Ontario, California ("City") may adopt by reference the 2013 edition of the California Building Standards Code as provided in Title 24 of the California Code of Regulations; and

WHEREAS, pursuant to California Government Code Section 50022.2, the City desires to adopt by reference, the 2013 California Fire Code and the 2012 International Fire Code (California Code of Regulations, Title 24, Part 9); and

WHEREAS, California Health and Safety Code Sections 17958.7 and 18941.5 authorize cities to adopt the California Building Standards Code with modifications that are determined to be reasonably necessary because of local climatic, geological, or topographical conditions; and

WHEREAS, prior to making modifications permitted under California Health and Safety Code Sections 17958.7 and 18941.5, the City Council is required to make express findings that such modifications are needed in accordance with California Health and Safety Code Sections 17958.7; and

WHEREAS, the City Council desires to amend the following provisions of the 2013 California Fire Code and the 2012 International Fire Code:

- | | | |
|----|----------------------------|--|
| 1. | Section 103.1 | General |
| 2. | Section 103.2 | Appointment |
| 3. | Section 103.3 | Deputies |
| 4. | Sections 103.4 and 103.4.1 | Liability and Legal Defense |
| 5. | Section 104.10 | Investigations |
| 6. | Section 105.6.48 | Pallets |
| 7. | Section 107.6 | Owner/Occupant Responsibility |
| 8. | Section 109.4 | Penalties |
| 9. | Section 503.4 | Obstruction of Fire Apparatus Access Roads |

10. Section 505.3	Directories
11. Section 806.1.1	Restricted Occupancies
12. Section 901.11	Large Buildings
13. Section 903.3.8	Floor Control Valves
14. Section 2308.1	General
15. Section 2804.5	Water Supply
16. Section 2808.1	General
17. Section 2808.3	Size of Piles
18. Section 2808.4	Pile Separation
19. Section 2808.5	Combustible Waste
20. Section 2808.10	Emergency Plan
21. Section 5001.7	Unattended Parking
22. Section 6104.5	Container Positioning
23. Appendix B Section B105.2	Buildings Other Than One- and Two-Family Dwellings

WHEREAS, the City held a public hearing on November 5, 2013 at which time all interested persons had the opportunity to appear and be heard on the matter of adopting the Codes as amended herein; and

WHEREAS, the City published notice of the aforementioned public hearing pursuant to California Government Code Section 6066 on October 23, 2013; and

WHEREAS, all legal prerequisites to the adoption of this Ordinance have occurred.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF ONTARIO, CALIFORNIA, DOES ORDAIN AS FOLLOWS:

SECTION 1. The City Council hereby finds that the following proposed amendments to the 2013 California Fire Code and the 2009 International Fire Code (1) are necessary because of local climatic, geological, or topographical conditions, or (2) are of an administrative or procedural nature, and/or do not modify building standards and are reasonably necessary to safeguard life and property within the City.

Amendment	Applicable Findings from Listing Below
Sections 103.1, 103.2, 103.3, 103.4, 103.4.1, 104.10, 105.6.48, 107.6, 109.4	D-1
Section 503.4	D-2
Section 505.3	B-2, B-5, C-1, C-3 & C-4
Section 806.1.1	D-2
Section 901.11	A-1, A-2, B-2, B-3, B-4, B-5, B-6, C-1, C-2, C-3 & C-4
Section 903.3.8	D-1
Section 2308.1	A-1, B-2, B-4, B-6 & C-1
Section 2804.5	B-1, B-2, B-3, C-1, C-2 & C-3
Sections 2808.1, 2808.3, 2808.4, 2808.5, 2808.10	C-1, C-2, C-3 & C-4

Section 5001.7	A-1, A-2, B-2, B-3, B-6, C-1, C-3 & C-4
Section 6104.5	A-2, B-2, C-1, C-2 & C-3
Appendix B Section B105.2	A-1, B-2, B-3, B-4 & B-5

A. Local Geological Conditions.

A-1. The City of Ontario is subject to moderately strong to severe shaking and surface ruptures resulting from five earthquake faults located within or near the City. These local earthquake faults have the potential to cause severe personal and property damage and fire hazards. Moreover, there is also a potential for damage to roadways, water supplies, and the impairment of access allowing fire equipment to respond to emergencies in the event of a severe earthquake.

A-2. Adverse geological conditions exist in portions of the City that may cause excessive flooding. Flood control facilities are not adequate to handle the water flow that occurs during major storms or prolonged rains. Some of the streets in the City are actually designed and used for flood control purposes, thus making the fire and emergency access difficult during flood conditions. As a consequence, many of the streets within the City are impaired during such flood conditions and such flooding causes physical damage to the streets and the accumulation of debris, all of which hinder access to fire equipment for the purposes of responding to fire and other emergencies.

B. Local Topographical Conditions.

B-1. The topography of the City of Ontario is generally that of a gently sloping inclined plane that slopes in a southerly direction from an elevation of 1,190 feet to an elevation of 730 feet at the southern boundary of the City resulting in several water pressure zones to serve the City. The elevation changes caused by the mountains and hills creates the geological foundation upon which the City is built and will continue to build.

B-2. Located within the City are two major interstate freeways and a major state highway that provide for limited under crossing access points to traverse the City. These highways also restrict the ability of the water supply grid to provide water from multiple points to all areas of the City and necessitates the use of dead-end water mains to many areas adjacent to highways.

B-3. The City is bisected from east to west by two very active railroad main route tracks used by the Southern Pacific and Union Pacific Railroads. These lines are used for both commuter and large freight transport trains, including the transporting of large quantities of hazardous materials. Limited undercrossings and overcrossings exist within the City for uninterrupted emergency vehicle passage. Moreover, emergency vehicles are routinely delayed at grade crossings until passenger trains or passing freight trains clear the grade crossings.

B-4. Two large petroleum product pipelines bisect the City along the Southern Pacific Railroad right-of-way. The pipelines are used to transport large quantities of gasoline, diesel fuel, and jet fuels under high pressures. Another petroleum

pipeline intersects the City along the east side en-route to the Etiwanda electrical generating station north and east of the City. While generally underground, these pipelines pass overhead at several overpasses located over main thoroughfares in the City. Damage to these pipelines during seismic events poses the dual potential of creating a time emergency and at the same time restricting emergency vehicle access within the City.

B-5. Two large, high pressure, natural gas transmission pipelines traverse the easterly part of the City, along the I-15 Freeway and on the west side along Benson Avenue. These 36" transmission mains transport natural gas at pressures exceeding 500 psi and pass through developed residential and industrial areas. These transmission pipelines also intersect the previously mentioned petroleum pipelines. Interruption of these pipelines due to flooding or seismic events is possible and would result in reduced resources to protect the balance of the City.

B-6. A large commercial airport is located within the central portion of the City providing limited emergency vehicle access from the north to the south central portions of the City. A majority of the City is located within the approach and/or departure paths of large commercial aircraft exposing a large part of the City to potential aircraft related emergencies. Moreover, Santa Ana Winds frequently require the flight paths of arriving and departing aircraft to be reversed.

C. Local Climatic Conditions.

C-1. The City is subject to extremely strong winds, commonly referred to as "Santa Ana Winds," which can reach speeds in excess of 80 miles per hour and approach the basin from the desert via the Devore Pass. Extensive damage often occurs during such winds, including downed electric wires, downed poles, fallen trees, blowing debris, sand, and dust. Blowing dust experienced during these winds has reduced visibility near zero and impacted the response times of emergency vehicles.

C-2. During the summer months, the Santa Ana Winds produce period of extremely low humidity causing an increase in the threat of fire from dry vegetation and other common fuels. These conditions have, in the past, resulted in vegetation and structure fires.

C-3. The City experiences summer temperatures in excess of 100 degrees Fahrenheit. When coupled with severe Santa Ana Winds these conditions can cause a fire to spread quickly throughout portions of the City.

C-4. Weather conditions, coupled with flammable vegetation in bordering cities results in numerous wildland rims, which draw existing fire fighting forces from their structure protection duties for extended periods of time. This results in increased response times to structure fires when fire department personnel and equipment are committed to nonstructural fire protection activities.

D. Administrative/Procedural/Public Safety Amendments.

D-1. This amendment is necessary for administrative or procedural clarification and to establish administrative standards for the effective enforcement of the building standards of the City of Ontario and does not modify a building standard pursuant to California Health & Safety Code sections 17958, 17958.7, and/or 18941.5.

D-2. This amendment does not modify a building standard pursuant to California Health and Safety Code sections 17958, 17958.7, and/or 18941.5 and is reasonably necessary to safeguard life and property within the City of Ontario.

SECTION 2. Chapter 4 of Title 4 of the Ontario Municipal Code is hereby amended in its entirety to read as follows:

Chapter 4: Fire Code

Sections:

- 4-4.01 Adoption of International Fire Code
- 4-4.02 Cost Recovery
- 4-4.03 Establishment of the Limits of Districts in Which Stationary Containers of Flammable Cryogenic Fluids are Prohibited
- 4-4.04 Establishment of the Limits of Districts in Which Storage of Class I and Class II Liquids in Unprotected Aboveground Tanks and in Below Grade Vaulted Tanks is Prohibited
- 4-4.05 Establishment of the Limits in Which Storage of Liquefied Petroleum Gases is Restricted for the Protection of Heavily Populated or Congested Areas
- 4-4.06 Amendments to the 2013 California Fire Code and 2012 International Fire Code, Generally
- 4-4.07 Amendment: General
- 4-4.08 Amendment: Appointment
- 4-4.09 Amendment: Deputies
- 4-4.10 Amendment: Liability and Legal Defense
- 4-4.11 Amendment: Investigations
- 4-4.12 Amendment: Pallets
- 4-4.13 Amendment: Owner/Occupant Responsibility
- 4-4.14 Amendment: Violation Penalties
- 4-4.15 Amendment: Obstruction of Fire Apparatus Access Roads
- 4-4.16 Amendment: Directories
- 4-4.17 Amendment: Restricted Occupancies
- 4-4.18 Amendment: Large Buildings
- 4-4.19 Amendment: Floor Control Valves
- 4-4.20 Amendment: General
- 4-4.21 Amendment: Water Supply
- 4-4.22 Amendment: General
- 4-4.23 Amendment: Size of Piles
- 4-4.24 Amendment: Pile Separation
- 4-4.25 Amendment: Combustible Waste

- 4-4.26 Amendment: Emergency Plan
- 4-4.27 Amendment: Unattended Parking
- 4-4.28 Amendment: Container Positioning
- 4-4.29 Amendment: Buildings Other Than One- and Two-Family Dwellings

Section 4-4.01. Adoption of the International Fire Code

The City Council of the City of Ontario hereby adopts by reference with certain amendments, additions, deletions and exceptions, the 2012 International Fire Code, with errata, incorporating therein the 2013 California Fire Code, Part 9 of Title 24 of the California Code of Regulations, including Appendix Chapters B, E, and F of the 2012 International Fire Code, as compiled and published by the International Code Council (collectively the "Ontario Fire Code"), for the purpose of prescribing regulations governing conditions hazardous to life and property from fire, hazardous materials or explosion. One copy of the Ontario Fire Code is on file in the Office of the City Clerk and is hereby adopted and made a part of this Chapter as if fully set forth at length herein. From the date on which this Ordinance shall take effect, the provisions of the Ontario Fire Code shall be controlling within the City limits of the City of Ontario.

Section 4-4.02. Cost Recovery.

(A) Expense for Securing an Emergency.

1. Fire suppression, investigation and rescue or emergency medical costs shall be recoverable in accordance with Health & Safety Code Sections 13009 and 13009.1.

2. Any person or entity who negligently or intentionally, or in violation of law, causes an emergency response, including but not limited to, a traffic accident or spill of toxic or flammable fluids or chemicals, is liable for the costs of securing and investigating such emergency, including those costs set out in Health & Safety Code Section 13009 *et seq.* and Government Code Section 53150 *et seq.* Any expense incurred by the Fire Department for securing such an emergency situation shall constitute a debt of the person or entity responsible and shall be subject to collection by the City in the same manner as an obligation under contract, expressed or implied.

3. The expense of securing and investigating any emergency or hazard which is the result of a violation of this Code or any other code, ordinance or state law, or any damages caused by malicious mischief requiring any corrective or preventive actions by the Fire Department shall be a charge against the person(s) or entity whose violation caused the emergency and/or damage. Damages caused by such emergency or action may constitute a debt of such person(s) or entity responsible and shall be collectible as provided below:

i. Liability for Hazardous Activities and Conditions. The Chief may also impose the reasonable cost of fire prevention, fire suppression, incident investigation and protection of the public from other safety hazards when a fire or hazardous condition results from any of the following activities or conditions:

- (1) The manufacture, transportation, storage, handling, or spilling, of hazardous chemicals, flammable or combustible liquids, explosives, or blasting agents as defined in this Code; and
- (2) The failure to correct a hazardous condition for which a "Notice of Violation," or equivalent notice, has been previously given by the Chief; and
- (3) The use of welding equipment, cutting torches, tar pot, or other open flame devices; and
- (4) Permitting or causing the accumulation of hazardous or flammable materials on property; and
- (5) Setting of a fire or allowing a fire to be set in violation of any code, ordinance, law or regulation; and
- (6) The possession of, or causing illegal fireworks, explosive devices or destructive devices to ignite, explode or detonate; and
- (7) Creating, allowing, or maintaining a hazard as stated in Ontario Fire Code Section 109.1.

ii. Determination of Costs. Whenever the Chief determines that the fire department or other public agency has incurred costs for fire suppression, fire prevention, or protection of the public from a fire or other hazardous condition that results from the activities or conditions described in subsection (a), the Chief shall:

- (1) Calculate the costs incurred;
- (2) Identify the person(s) or entity to be charged for those costs;
- (3) Send a report with this information to the City Clerk.

iii. Method of Calculation. In determining costs to be charged a responsible person or entity, the Chief shall include all necessary expenditures to correct the hazardous condition or extinguish the fire, including, but not limited to the following:

- (1) The cost of personnel;
- (2) The cost of extinguishing agents;
- (3) The reasonable value of the use of City equipment;
- (4) The cost incurred for the use of any private contractors to mitigate or remove the hazard or condition; and
- (5) Any and all administrative costs incurred pursuant to the fee schedule as set by resolution duly adopted by the City Council.

iv. Reimbursement Hearing. The City Clerk shall, thereupon, set the report and account received by the Chief for hearing before the City Council at a regular or adjourned regular meeting to be held at least 14 calendar days after the date the Clerk mails the notice to the responsible person(s) or entity. The City Clerk shall send by regular mail a Notice of said hearing to the person or entity to be charged at the person's or entity's address as shown on the latest equalized tax assessor's roll, or as otherwise known to the City.

v. Notice to Person Charged. The Notice sent by the City Clerk to the responsible person(s) or entity shall contain:

- (1) The name of the person(s) or entity sought to be charged; and
- (2) The location, date and time of the incident upon which the claim for reimbursement is based; and
- (3) The amount of, and the basis upon which the claim for reimbursement is made; and
- (4) The date, time and place of the hearing to be held on the claim for reimbursement with a statement describing the rights of the person or entity charged and the procedures for presenting evidence at said hearing; and
- (5) The Chief's account of the sum claimed to be due.

vi. Procedure for Hearing Before the City Council. At the hearing on the Chief's accounting of the costs and other evidence upon which reimbursement is sought, the City Council shall hear and consider evidence by the person or entity against which reimbursement is sought. The City Council shall thereafter confirm or disallow the account, all or in part, and set forth in a resolution the amount of the account confirmed, if any. Thereafter, any amount confirmed by resolution of the City Council shall become a debt owing to the City of Ontario and shall be collectible by the City in the same manner as in the case of an obligation under contract expressed or implied.

(B) Service Fees.

1. Permit Fees. Any person, establishment, business, occupancy, or process requiring any permit or utilizing any special service or activity performed by or under the direction of the Fire Department shall compensate the City for the cost of such service or activity, in accordance with the adopted fee and charge schedule and any departmental policy.

2. Service Fee Refunds. The Fire Chief is authorized to refund any fee paid hereunder which is determine to be erroneously paid or collected.

i. The Fire Chief is authorized to refund eighty percent (80%) of the service fee paid when the permittee has performed no work under a permit issued in accordance with this Ordinance.

ii. The Fire Chief is authorized to refund eighty percent (80%) of the plan review fee paid when an application for a permit for which a plan review fee has been paid is withdrawn or canceled before any plan review is completed.

iii. The Fire Chief shall not authorize the refund of any fee paid except upon written application filed by the original permittee not later than one hundred eighty (180) days after the date the fee was paid. Such written application shall state the reasons for the refund request and be accompanied with a receipt of payment.

Section 4-4.03. Establishment of the Limits of Districts in Which Stationary Containers of Flammable Cryogenic Fluids Are Prohibited.

The limits referred to in Section 5806.2 of the 2013 California Fire Code in which the storage of flammable cryogenic fluids in stationary containers is prohibited are hereby established as follows:

1. All areas and zoning districts of the City except the General Industrial District of the City zoning ordinance, and with the specific approval of the Fire Chief.

Section 4-4.04. Establishment of the Limits of Districts in Which Storage of Flammable or Combustible Class I and Class II Liquids in Outside Unprotected Aboveground Tanks is Prohibited.

The limits referred to in Sections 5704.2.9.6.1 and 5706.2.4.4 of the 2013 California Fire Code in which the storage of flammable or combustible liquids in outside aboveground unprotected tanks are prohibited in all areas unless upon specific written findings, the Chief determines that the installation of flammable and combustible aboveground storage tanks or below grade vaulted tanks will not create a hazard to occupants and property owners in the area.

Section 4-4.05. Establishment of the Limits in Which Storage of Liquefied Petroleum Gases is Restricted for the Protection of Heavily Populated or Congested Areas.

The limits referred to in Section 6104.2 of 2013 California Fire Code, in which storage of liquefied petroleum gas is restricted, are hereby established as follows:

1. All areas and zoning districts of the City except the General Industrial District of the City zoning ordinance, and with the specific approval of the Fire Chief.

Section 4-4.06. Amendments to the 2013 California Fire Code (CFC) and 2012 International Fire Code (IFC), Generally.

Designated portions of the 2013 California Fire Code (CFC) and 2012 International Fire Code (IFC) are amended and changed as set forth in Sections 4-4.07 through 4-4.30.

Section 4-4.07. Amendment: General.

Section 103.1 of the IFC is amended to read as follows:

“103.1 General. The Fire Code as adopted and amended herein shall be enforced by the Bureau of Fire Prevention of the Fire Department of the City of Ontario which is hereby established and shall be operated under the supervision of the Chief of the Fire Department.”

Section 4-4.08. Amendment: Appointment.

Section 103.2 of the IFC is amended to read as follows:

“103.2 Appointment. The Fire Marshal shall be responsible for operating the Bureau of Fire Prevention and shall be appointed by the Fire Chief on the basis of examination to determine his or her qualifications.”

Section 4-4.09. Amendment: Deputies.

Section 103.3 of the IFC is amended to read as follows:

“103.3 Deputies. The Chief of the Fire Department shall recommend to the City Manager the employment of technical inspectors, who, when such authorization is made, shall be selected through an examination to determine their fitness for the position. The examination shall be open to members and/or nonmembers of the Fire Department, and appointments made after examination shall be for an indefinite term with removal only for cause.”

Section 4-4.10. Amendment: Liability and Legal Defense.

Section 103.4.1 of the IFC is hereby deleted and Section 103.4 of the IFC is amended to read as follows:

“103.4 Liability and legal defense. The Chief and other individuals charged by the Chief with the control or extinguishment of any fire, the enforcement of this Code or any other official duties, acting in good faith and without malice in the discharge of their duties, shall not thereby be rendered personally liable for any damage that may accrue to persons or property as a result of any act or by reason of any act or omission in the discharge of their duties. Any suit brought against the Chief or such individuals because of such act or omission performed in the enforcement of any provision of such Code or other pertinent laws or ordinances implemented through the enforcement of this Code or enforced by the code enforcement agency shall be defended by this jurisdiction until final termination of such proceedings, and any judgment resulting there from shall be assumed by this jurisdiction subject to the provisions of Government Code Section 825.”

Section 4-4.11. Amendment: Investigations.

Section 104.10 of the CFC is amended to read as follows:

“104.10 Investigations. The Fire Department is authorized to investigate promptly the cause, origin and circumstances of each and every fire or explosion occurring in the jurisdiction involving loss of life or injury to any person or destruction or damage to property and, if it appears to the Fire Prevention Bureau that such fire or explosion is of suspicious origin, is authorized to take immediate charge of all physical evidence relating to the cause of the fire or explosion and is authorized to pursue the investigation to its conclusion. Fire investigators shall have the powers of a police officer in performing their duties under this code. The Chief is authorized to investigate the cause, origin and circumstances of unauthorized releases of hazardous materials. The Police Department is authorized to assist the Fire Department in its investigations when requested to do so.”

Section 4-4.12. Amendment: Pallets.

Section 105.6.48 is added to the IFC to read as follows:

"105.6.48 Pallets. An operational permit is required for idle storage, handling, repair or manufacturing of combustible pallets having in excess of 1,000 units at any one site."

Section 4-4.13. Amendment: Owner/Occupant Responsibility.

Section 107.6 is added to the IFC to read as follows:

"107.6 Owner/Occupant responsibility. This code shall not be construed to relieve or lessen the responsibility of any person owning, operating or controlling any building or structure for any damages to persons or property caused by defects, nor shall the code enforcement agency or its parent jurisdiction be held as assuming any such liability by reason of the inspections authorized by this code or any permits or certificates issued under this code."

Section 4-4.14. Amendment: Violation penalties.

Section 109.4 of the IFC is amended to read as follows:

"109.4 Violation penalties. Any person who violates any of the provisions of the Fire Code as adopted and amended herein or fails to comply therewith, or who violates or fails to comply with any order made thereunder, or who builds in violation of any detailed statement of specifications or plans submitted and approved thereunder, or any certificate or permit issued thereunder, and from which no appeal has been taken, or who fails to comply with such an order as affirmed or modified by the Board of Appeals or by a court of competent jurisdiction, within the required time, shall severally for each and every such violation and noncompliance, respectively, be guilty of a misdemeanor, punishable as set forth in Chapter 2 of Title I of the Ontario Municipal Code. The imposition of one penalty for any violation shall not excuse the violation or permit it to continue; and all such persons shall be required to correct or remedy such violations or defects within a reasonable time; and when not otherwise specified, each day that a prohibited condition is maintained shall constitute a separate offense. The application of this penalty shall not be held to prevent the enforced removal of prohibited conditions."

Section 4-4.15. Amendment: Obstruction of Fire Apparatus Access Roads.

Section 503.4 of the CFC is amended to read as follows:

"503.4 Obstruction of fire apparatus access roads. The required width of a fire apparatus access road shall not be obstructed in any manner, including parking of vehicles. Access roads, private roadways and public roadways shall be provided and maintained in a passable condition at all times. Any obstruction or impediment to reasonable access may be removed by any public safety agency with the expense of such removal to be borne by the owner of the roadway, or in the case of an obstructing vehicle or object, by the owner of said vehicle or object."

Section 4-4.16. Amendment: Directories.

Section 505.3 of the CFC is added to read as follows:

"505.3 Directories. When required by the Chief, an approved directory shall be provided at designated vehicular and/or pedestrian entrances to facilities, complexes or buildings."

Section 4-4.17. Amendment: Restricted occupancies.

Section 806.1.1 of the CFC is amended to read as follows:

"806.1.1 Restricted occupancies. Natural cut trees shall be prohibited in Group A, B occupancies 4 or more stories in height, E, I-1, I-2, I-3, I-4, M, R-1, R-2 and R-4 occupancies.

Exceptions:

1. Trees shall be allowed when they have been treated with a flame retardant in accordance with California Code of Regulations, Title 19.
2. Trees shall be allowed within dwelling units in Group R-2 occupancies."

Section 4-4.18. Amendment: Large buildings.

Section 901.11 of the CFC is added to read as follows:

"901.11 Large buildings. Any building encompassing 100,000 square feet aggregate floor area or larger may be required to provide special fire protection features, such as, but not limited to, looped underground fire mains, multiple points of connection to an approved public water supply, fire pumps, on-site water supply, interior/roof hose outlets, and exterior standpipe systems. Where such systems are installed, they shall be installed in accordance with appropriate recognized standards."

Section 4-4.19. Amendment: Floor Control Valves

Item number 2 in Section 903.3.8 of the CFC is hereby amended to read as follows:

"903.3.8 Floor Control Valves.

2. Buildings that are three or more stories in height."

Section 4-4.20. Amendment: General.

Section 2308.1 of the CFC is amended to read as follows:

"2308.1 General. Automotive, marine and aircraft motor vehicle fuel-dispensing stations utilizing CNG shall be in accordance with Section 2308 and Chapter 53. Facilities utilizing unodorized CNG shall have additional fire protection features as required by the Chief."

Section 4-4.21. Amendment: Water Supply.

Section 2804.5 of the CFC is added to read as follows:

"2804.5 Water supply. An approved water supply and fire hydrant system complying with Section 508 and capable of supplying 1,500 g.p.m. fire flow for two hours shall be provided within 150 feet of all portions of the yard. In areas without adequate fire flow, the Chief may modify requirements by requiring additional separation for storage of combustible material."

Section 4-4.22. Amendment: General.

Section 2808.1 of the CFC is amended to read as follows:

"2808.1 General. The storage and processing of wood chips, hogged materials, fines, compost and raw product produced from yard waste, debris, recycling, and green waste processing facilities shall comply with Sections 2808.2 through 2808.10."

Section 4-4.23. Amendment: Size of piles.

Section 2808.3 of the CFC is amended to read as follows:

"2808.3 Size of piles. Piles shall not exceed 15 feet (4572 mm) in height, 25 feet (7620 mm) in width and 250 feet (76 200 mm) in length.

Exception: The fire code official is authorized to allow the pile size to be increased when additional fire protection is provided in accordance with Chapter 9. The increase shall be based up on the capabilities of the system installed."

Section 4-4.24. Amendment: Pile separation.

Section 2808.4 of the CFC is amended to read as follows:

"2808.4 Pile separation. Piles shall be separated from adjacent piles by approved fire apparatus access roads. Apparatus roads shall be a minimum of 20 feet (6096 mm)."

Section 4-4.25. Amendment: Combustible waste.

Section 2808.5 of the CFC is amended to read as follows:

"2808.5 Combustible waste. The storage, accumulation and handling of combustible materials and control of vegetation shall comply with Chapter 3. All incoming materials shall be ground or incorporated within 10 days. All incoming materials shall be incorporated into windrows within 15 days. Internal temperatures of stockpiles shall be monitored prior to incorporation into windrows."

Section 4-4.26. Amendment: Emergency plan.

Section 2808.10 of the CFC is amended to read as follows:

"2808.10 Emergency plan. The owner or operator shall develop a plan for monitoring, controlling and extinguishing spot fires and submit the plan to the Ontario Fire Department Fire Prevention Bureau for review and approval. The plan shall include, but not be limited to methods and policies for:

1. Monitoring, controlling and extinguishing spot fires.
2. Emergency contact information for personnel who are able to respond to location 24 hours a day, 7 days a week.
3. Onsite equipment to assist with firefighting operations, such as dozers, water tenders, and large tractors.
4. Special considerations for fire safety during extreme weather conditions.
5. Method of providing adequate onsite water supply for firefighting operation. Water system shall have a minimum delivery/replenish capability of 500 gallons per minute for 2 hours.

Section 4-4.27. Amendment: Unattended parking.

Section 5001.7 of the CFC is added to read as follows:

"5001.7 Unattended parking. Parking of tank vehicles containing hazardous materials or any vehicle containing highly toxic materials shall comply with the requirements for tank vehicles as specified in Section 5706.6.2."

Section 4-4.28. Amendment: Container Positioning.

Section 6104.5 of the CFC is added to read as follows:

"6104.5 Container Positioning. Liquefied petroleum gas containers and tanks shall be positioned in relation to one another in such a manner so that the length axis of each tank is parallel to other tanks."

Section 4-4.29. Amendment: Buildings other than one- and two-family dwellings.

Appendix B Section B105.2 of the CFC is amended to read as follows:

"B105.2 Buildings other than one- and two-family dwellings. The minimum fire-flow and flow duration for buildings other than one- and two-family dwellings shall be as specified in Table B105.1.

Exceptions:

1. A reduction in required fire-flow of up to 50 percent, as approved, is allowed when the building is provided with an approved sprinkler system installed in accordance with Section 903.3.1.1 or 903.3.1.2. The resulting fire-flow shall not be less than 1,500 gallons per minute (5678 L/min) for the prescribed duration as specified in Table B105.1.

2. [SFM] Group B, S-2 and U occupancies having a floor area not exceeding 1,000 square feet, primarily constructed of noncombustible exterior walls with wood or steel roof framing, having a Class A roof assembly, with uses limited to the following or similar uses:
 - 2.1. California State Parks buildings of an accessory nature (restrooms).
 - 2.2. Safety roadside rest areas, (SRRA), public restrooms.
 - 2.3. Truck inspection facilities, (TIF), CHP office space and vehicle inspection bays.
 - 2.4. Sand/salt storage buildings, storage of sand and salt.”

SECTION 3. The Fire Marshal shall transmit a copy of this Ordinance to the California Building Standards Commission, pursuant to Health and Safety Code Section 17958.7.

SECTION 4. Repeal of Conflicting Ordinances. Ordinance No. 2927, all former Ordinances or parts thereof conflicting or inconsistent with the provisions of this ordinance or of the Fire Code, as adopted and amended herein, are hereby repealed.

SECTION 5. Severability. The City Council of the City of Ontario hereby declares that should any section, paragraph, sentence or word of this ordinance or of the Fire Code as adopted and amended herein be declared for any reason to be invalid, it is the intent of the City Council that it would have passed all other portions of this ordinance independent of the elimination therefrom of any such portion as may be declared invalid.

SECTION 6. Effect. This ordinance shall take effect and be in force thirty (30) days after its final passage.

SECTION 7. CEQA. The City Council finds that the changes made to the California Fire Code and the International Fire Code are enacted to mitigate threats to public peace, health and safety from earthquakes, high winds and fire. Moreover, the amendments are substantially similar to those provisions previously enacted and contained in the current version of the City's Fire Code. Therefore, it can be seen with certainty that the adoption of this Ordinance will not have a significant adverse effect on the environment and is therefore exempt from the California Environmental Quality Act (CEQA) pursuant to section 15061(b)(3) of the CEQA Guidelines. Staff is directed to file a Notice of Exemption within five (5) days of the adopting of this Ordinance.

SECTION 8. The Mayor shall sign this Ordinance and the City Clerk shall certify as to the adoption and shall cause a summary thereof to be published at least once, in a newspaper of general circulation in the City of Ontario, California within fifteen (15) days of the adoption. The City Clerk shall post a certified copy of this ordinance, including the vote for and against the same, in the Office of the City Clerk, in accordance with Government Code Section 36933.

PASSED, APPROVED, AND ADOPTED this _____ day of _____ 2013.

AYES: COUNCIL MEMBERS:

NOES: COUNCIL MEMBERS:

ABSENT: COUNCIL MEMBERS:

MARY E. WIRTES, MMC, CITY CLERK

(SEAL)

I hereby certify that the foregoing is the original of Ordinance No. _____ duly passed and adopted by the Ontario City Council at their regular meeting held _____ and that Summaries of the Ordinance were published on _____ and _____, in the Inland Valley Daily Bulletin newspaper.

MARY E. WIRTES, MMC, CITY CLERK

(SEAL)

ORDINANCE NO. _____

AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF ONTARIO, CALIFORNIA, AMENDING CHAPTERS 1, 2, 3, 4, 5, 6, 7, 11 AND 12 OF TITLE 8 OF THE ONTARIO MUNICIPAL CODE, ADOPTING BY REFERENCE THE 2013 EDITION OF THE CALIFORNIA BUILDING STANDARDS CODE, INCORPORATING THE 2013 CALIFORNIA BUILDING CODE, THE 2013 CALIFORNIA MECHANICAL CODE, THE 2013 CALIFORNIA ELECTRICAL CODE, THE 2013 CALIFORNIA RESIDENTIAL CODE, THE 2013 CALIFORNIA PLUMBING CODE, THE 2013 CALIFORNIA GREEN BUILDING STANDARDS CODE, THE 1997 EDITION OF THE UNIFORM HOUSING CODE, AND THE 1997 EDITION OF THE UNIFORM CODE FOR THE ABATEMENT OF DANGEROUS BUILDINGS; TOGETHER WITH CERTAIN AMENDMENTS THERETO.

WHEREAS, pursuant to Government Code Section 50022.1 *et seq.*, the City of Ontario, California ("City") may adopt by reference the 2013 Edition of the California Building Standards Code as provided in Titles 24 and 25 of the California Code of Regulations and other codes, including, without limitation, the Uniform Housing Code and the Uniform Code for the Abatement of Dangerous Buildings; and

WHEREAS, the California Building Standards Commission recently adopted the 2013 edition of the California Building Standards Code; and

WHEREAS, California Health and Safety Code Sections 17958.7 and 18941.5 authorize cities to adopt the California Building Standards Code with modifications that are determined to be reasonably necessary because of local climatic, geological, or topographical conditions; and

WHEREAS, prior to making modifications permitted under California Health and Safety Code Sections 17958.7 and 18941.5, the City Council is required to make express findings that such modifications are needed in accordance with California Health and Safety Code Sections 17958.7; and

WHEREAS, the City desires to adopt the California Building Standards Code with the necessary amendments to assure it is tailored to the particular safety needs of the City as required by its unique climatic, geological, and topographical conditions; and

WHEREAS, the City held a public hearing on November 5, 2013 at which time all interested persons had the opportunity to appear and be heard on the matter of adopting the Codes as amended herein; and

WHEREAS, all legal prerequisites to the adoption of this Ordinance have occurred.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF ONTARIO, CALIFORNIA, DOES ORDAIN AS FOLLOWS:

SECTION 1. Findings. The City Council hereby finds that the proposed amendments to Sections 113.4 and 903.3.8 of the 2013 California Building Code set forth below are necessary because of local climatic, geologic and topographical conditions and are reasonably necessary to safeguard life and property within the City. This finding is supported and based upon the following express finding and determination: these amendments are necessary for administrative or procedural clarification and to establish administrative standards for the effective enforcement of the building standards of the City of Ontario and does not modify a building standard pursuant to California Health & Safety Code Section 17958, 17958.7, and/or 18941.5.

SECTION 2. Chapter 1 of Title 8 of the Ontario Municipal Code is amended in its entirety to read as follows:

Chapter 1 — Building Code

Section 8-1.01 Adoption of the Building Code

The 2013 Edition of the California Building Code, which incorporates and amends the 2012 Edition of the International Building Code, as published by the International Code Council, subject to the amendments set forth in this chapter, is hereby adopted by reference and made a part of this chapter as if fully set forth at length herein. One (1) copy of said code is on file in the office of the City Clerk for public review.

Section 8-1.02. Amendment: Section 113.4

Section 113.4 is added to the California Building Code to read as follows:

113.4 Ontario Building Appeals Board. The City Manager shall recommend to the City Council five (5) individuals desirous to serve on the Building Appeals Board who are qualified by experience and training to pass on matters pertaining to building construction and are not employees of the jurisdiction. Each Board Member's term on the Building Appeals Board shall remain indefinite unless the Board Member resigns, or the City Council wishes to designate a new Board Member. Should any Board Member be unable to continue serving on the Building Appeals Board, he or she shall submit a written resignation to the City Manager as soon as possible. The City Manager shall in turn present a recommended replacement to the City Council for appointment.

Section 8-1.03. Amendment: Section 903.3.8 Floor Control Valves

Item number 2 in Section 903.3.8 of the California Building Code is amended to read as follows:

903.3.8 Floor Control Valves

2. Buildings that are three or more stories in height.

SECTION 3. Chapter 2 of Title 8 of the Ontario Municipal Code is amended in its entirety to read as follows:

Chapter 2 — Mechanical Code

Section 8-2.01 Adoption of the Mechanical Code

The 2013 Edition of the California Mechanical Code, which incorporates and amends the 2012 Edition of the Uniform Mechanical Code, as published by the International Association of Plumbing and Mechanical Officials, is hereby adopted by reference and made a part of this chapter as if fully set forth at length herein. One (1) copy of said code is on file in the office of the City Clerk for public review.

SECTION 4. Chapter 3 of Title 8 of the Ontario Municipal Code is amended in its entirety to read as follows:

Chapter 3 — Housing Code

Section 8-3.01. Adoption of Housing Code

The 1997 edition of the Uniform Housing Code, as published by the International Conference of Building Officials, one (1) copy of which is on file for public review in the office of the City Clerk, is hereby adopted by reference and made a part of this chapter as if fully set forth at length herein.

SECTION 5. Chapter 4 of Title 8 of the Ontario Municipal Code is amended in its entirety to read as follows:

Chapter 4 — Electrical Code

Section 8-4.01. Adoption of the Electrical Code

The 2013 Edition of the California Electrical Code, which incorporates and amends the 2011 Edition of the National Electrical Code, as published by the National Fire Protection Association, is hereby adopted by reference and made a part of this chapter as if fully set forth at length herein. One (1) copy of said code is on file in the office of the City Clerk for public review.

SECTION 6. Chapter 5 of Title 8 of the Ontario Municipal Code is hereby amended in its entirety to read as follows:

Chapter 5 — Residential Code

Section 8-5.01 Adoption of the Residential Code

The 2013 Edition of the California Residential Code, which incorporates and amends the 2012 Edition of the International Residential Code, as published by the International Code Council, is hereby adopted by reference and made a part of this chapter as if fully set forth at length herein. One (1) copy of said code is on file in the office of the City Clerk for public review.

SECTION 7. Chapter 6 of Title 8 of the Ontario Municipal Code is amended in its entirety to read as follows:

Chapter 6 — General Provisions

Section 8-6.01 Fees.

Fees for any permit, license or other approval issued pursuant to any of the codes adopted by this title shall be as set forth by resolution of the City Council.

Section 8-6.02 Violations.

Violation of any provision of any of the codes adopted by this title shall subject the violator to any or all of the penalties provided in this code or applicable law.

SECTION 8. Chapter 7 of Title 8 of the Ontario Municipal Code is hereby amended in its entirety to read as follows:

Chapter 7 — Plumbing Code

Section 8-7.01 Adoption of the Plumbing Code

The 2013 Edition of the California Plumbing Code, which incorporates and amends the 2012 Uniform Plumbing Code, as published by the International Association of Plumbing & Mechanical Officials, is hereby adopted by reference and made a part of this chapter as if fully set forth at length herein. One (1) copy of said code is on file in the office of the City Clerk for public review.

SECTION 9. Chapter 11 of Title 8 of the Ontario Municipal Code is hereby amended in its entirety to read as follows:

Chapter 11 — Dangerous Building Code

Section 8-11.01 Adoption of Uniform Code for the Abatement of Dangerous Buildings

The 1997 Edition of the Uniform Code for the Abatement of Dangerous Buildings, as published by the International Conference of Building Officials, is hereby adopted by reference and made a part of this chapter as if fully set forth at length herein. One (1) copy of said code is on file in the office of the City Clerk for public review.

SECTION 10. Chapter 12 of Title 8 of the Ontario Municipal Code is hereby amended in its entirety to read as follows:

Chapter 12 — California Green Building Standards Code

Section 8-12.01 Adoption of California Green Building Standards Code

The 2013 Edition of the California Green Building Standards Code is hereby adopted by reference and made a part of this chapter as if fully set forth as length herein. One (1) copy of said code is on file in the office of the City Clerk for public review.

SECTION 11. Repeal of Conflicting Ordinances. All former ordinances or parts thereof conflicting or inconsistent with the provisions of this ordinance, as adopted and amended herein, are hereby repealed.

SECTION 12. Severability. If any section, subsection, subdivision, paragraph, sentence, clause or phrase added by this Ordinance, or any part thereof, is for any reason held to be unconstitutional or invalid or ineffective by any court of competent jurisdiction, such decision shall not affect the validity or effectiveness of the remaining portions of this Ordinance or any part thereof. The City Council hereby declares that it would have passed each section, subsection, subdivision, paragraph, sentence, clause or phrase thereof irrespective of the fact that any one or more subsections, subdivisions, paragraphs, sentences, clauses or phrases are declared unconstitutional, invalid or ineffective.

SECTION 13. CEQA. The City Council finds that the changes made to the California Building Code and the International Building Code are enacted to mitigate threats to public peace, health and safety from earthquakes, high winds and fire. Moreover, the amendments are substantially similar to those provisions previously enacted and contained in the current version of the City's Building Code. Therefore, it can be seen with certainty that the adoption of this Ordinance will not have a significant adverse effect on the environment and is therefore exempt from the California Environmental Quality Act (CEQA) pursuant to section 15061(b)(3) of the CEQA Guidelines. Staff is directed to file a Notice of Exemption within five (5) days of the adopting of this Ordinance.

SECTION 14. The Mayor shall sign this Ordinance and the City Clerk shall certify as to the adoption and shall cause a summary thereof to be published at least once, in a newspaper of general circulation in the City of Ontario, California within fifteen (15) days of the adoption. The City Clerk shall post a certified copy of this ordinance, including the vote for and against the same, in the Office of the City Clerk, in accordance with Government Code Section 36933.

PASSED, APPROVED, AND ADOPTED this _____ day of _____ 2013.
