APPROVED: TB/JD/BK

Ontario PD Receives Grant for Special Traffic Enforcement & Crash Prevention

CONTACT: Sergeant Jeff Higbee

OCCURRENCE DATE: November 2016 – October 2017

(909) 395-2852 / jhigbee@ontariopolice.org

The Ontario Police Department has been awarded a \$345,000.00 grant from the California Office of Traffic Safety (OTS) for a year-long program of special enforcements and public awareness efforts to prevent traffic related deaths and injuries. Ontario Police Department will use the funding as part of the city's ongoing commitment to keep our roadways safe and improve the quality of life through both enforcement and education.

“With this Grant funding from OTS, our award winning Traffic Division will continue its efforts to make the streets of Ontario a safe place to travel. We will also continue targeting the activities that cause accidents and destroy families” said Ontario Police Chief Brad Kaylor.

After falling to a ten year low in 2010, the number of persons killed has climbed nearly 17% across the state with 3,176 killed in 2015 according to the National Highway Traffic Safety Administration. Particularly alarming is the six year rise in pedestrian and bicycle fatalities, along with the growing dangers of distracting technologies, and the emergence of drug-impaired driving as a major problem. This grant funding will provide opportunities to combat these and other devastating problems such as drunk driving, speeding and crashes at intersections.

“Years of research tell us that enforcement and education work best jointly to combat unsafe driving,” said OTS Director Rhonda Craft. “This grant brings both tactics together, with the Office of Traffic Safety and the Ontario Police Department working in concert to help keep the streets and highways safe across Ontario and the state.”

Activities that the grant will fund include:

- Educational presentations & The Know Your Limit Campaign
- DUI checkpoints and DUI saturation patrols
- Bicycle and pedestrian safety enforcement
- Illegal Street Racing and Modified Emissions Education
- Motorcycle safety enforcement
- Distracted driving enforcement
- Speed, red light, and stop sign enforcement
- Compilation of DUI “Hot Sheets,” identifying worst-of-the-worst DUI offenders
- Specialized DUI and drugged driving training such as Standardized Field Sobriety Testing (SFST), Advanced Roadside Impaired Driving Enforcement (ARIDE), and Drug Recognition Evaluator (DRE)

Funding for this program is from the California Office of Traffic Safety through the National Highway Traffic Safety Administration.
