

Ontario Transition to City Council Electoral Districts

Public Map Template

Total Population by Census Area

Name: _____

Telephone/Email: _____

Use a dark pen to draw your map. There should be four districts. The numbers in the boxes represent the number of people that live within the box. Each district should be as close to 43,959 persons as possible. You should try to follow the census area lines; however, if you think an area needs to be divided, you can draw your map to reflect it. You can also use color to shade in districts. Once this is done, you can send your map to the City Clerk's office at City Hall. You can submit your map in person, by mail, or by email to districts@ontarioca.gov and stephanie.smith@bbklaw.com
