L Remarks:

B 1815 was dispatched as part of the first alarm assignment to a potential structure fire at the documented address. Prior to going enroute B 1815 acknowledged Ontario Dispatch traffic stating that there were multiple explosions at the location. Due to this I immediately started EOD 131 and HM 133.

B 1815 then went responding. While enroute I observed a large column of smoke in the area of the dispatched address. I broadcast this traffic and continued in code 3.

B 1815 AOS and observed fire to the front yard and to the rear of house. The structure observed was a single story single family residence with significant exposure concern to the delta side. B 1815 established Francis Command. Immediately upon establishing Francis Command, B 1815 requested that OPD shut down Francis St west of Fern and east of San Antonio. B 1815 also requested a 300' perimeter be established around 428 W. Francis St.

ME 132 AOS and Francis Command assigned him as Division A. Objectives were perimeter control and victim accountability. They were advised to engage in fire attack operations only if they felt safe in doing so.

ME 131 AOS and was assigned as a rescue group. There were report of victims on the "D" side of 428 W. Francis. This information was relayed to ME 131 and they set up for potential rescue operations.

T 1820 arrived onscene and he was assigned as division D with primary objectives of perimeter control and victim accountability. ME 136 was almost immediately assigned to help ou...

NFIRS-1S Supplemental

A

36170	CA	03	16	2021	Station 2 (132)	OF2104486	0
FDID	State	Month	Day	Year	Station	Number	Exposure

Primary Narrative:

B 1815 was dispatched as part of the first alarm assignment to a potential structure fire at the documented address. Prior to going enroute B 1815 acknowledged Ontario Dispatch traffic stating that there were multiple explosions at the location. Due to this I immediately started EOD 131 and HM 133.

B 1815 then went responding. While enroute I observed a large column of smoke in the area of the dispatched address. I broadcast this traffic and continued in code 3.

B 1815 AOS and observed fire to the front yard and to the rear of house. The structure observed was a single story single family residence with significant exposure concern to the delta side. B 1815 established Francis Command. Immediately upon establishing Francis Command, B 1815 requested that OPD shut down Francis St west of Fern and east of San Antonio. B 1815 also requested a 300' perimeter be established around 428 W. Francis St.

ME 132 AOS and Francis Command assigned him as Division A. Objectives were perimeter control and victim accountability. They were advised to engage in fire attack operations only if they felt safe in doing so.

ME 131 AOS and was assigned as a rescue group. There were report of victims on the "D" side of 428 W. Francis. This information was relayed to ME 131 and they set up for potential rescue operations.

T 1820 arrived onscene and he was assigned as division D with primary objectives of perimeter control and victim accountability. ME 136 was almost immediately assigned to help out division D.

T 131 AOS and due to unit specialty their crew was split. Captain Verkaik and Engineer Langevin were assigned to the EOD group and FF Jaquess and FF Gamboa were assigned underneath division A to assist with their operation.

ME 134 was assigned as division B. Their objectives were to establish perimeter control and provide victim accountability.

ME 139 AOS and they were assigned as division D. Their objectives were to establish perimeter control and provide victim accountability.

During the course of assigning units to their divisional assignments a large explosion occurred. This explosion resulted in an operational retreat of all divisions. A PAR was performed and all firefighters were accounted for. No injuries were noted due to the explosion.

Fire suppression activities resumed after the explosion with safety measures applied. Large diameter hoselines were used from a safe distance and defensive operations were enacted.

The fire was extinguished at the documented time. Operations then transitioned into a multi day investigation operation led by Ontario FD EOD 131 and I 1850. Please reference their report for additional information in regards to their operations.

Multiple families were displaced as a result of this incident. Red Cross was used as the primary resource for sheltering measures.

Ultimately on Saturday March 20, 2021 late afternoon the Francis Incident was terminated and all Ontario Fire Department operations were complete.

R. Williams

Additional Narrative (#1 of 18):

ME 138 was dispatched to the above address to assist units on scene of a structure/outdoor fire. We were assigned to Division "D" with our access point being off of Fern Avenue.

We made face-to-face contact with Division "D" and we were assigned to deploy a hose line and to attack the fire in the main house (defensively) and to extinguish other hotspots in the area.

We observed a deceased victim near the area that we were working in and notified Division "D".

Upon completion of our assignment we were released. ME 138 personnel deconned at our unit and left our hose bundle, gated wye, and nozzle at the scene as ordered by EOD 131 personnel.

ME 138 cleared the scene and returned to our first-in district without any injuries.

T. W. Nelson
ME 138 "B"

Additional Narrative (#2 of 18):

ME135 responded as part of a Second Alarm to the documented location for a reported structure fire with multiple explosions at the location. ME135 arrived on scene and was assigned to Division D by Francis Command.

ME135 made contact with Division D was assigned to Exposure Control on Division D. ME135 utilized multiple hose lines off of ME136 to protect exposures and extinguish any active fire found.

Once the scene was turned over to EOD for further investigation ME135 was released from the scene and returned.

There were no injuries or damaged equipment reported at the time of this report.

KB

Additional Narrative (#3 of 18):

ME 131 RESPONDED TO THE INCIDENT ON THE INITIAL ALARM. ME 131 WAS ASSIGNED RESCUE GROUP. AS RESCUE GROUP WE ASSISTED DIVISION A AND DIVISION B IN PRIMARY SEARCHES. PRIMARY SEARCHES WERE CONDUCTED AT THE FOLLOWING FRANCIS ADDRESSES : 432, 426, 428, 424 AND 416. AS RESCUE GROUP WE DISCOVERED 2 DECEASED VICTIMS IN DIVISION AT THE REAR OF 428 W FRANCIS.

RESCUE GROUP ALSO ASSISTED IN FREEING A TRAPPED HORSE TO THE REAR OF DIVISION A, AT 428 W FRANCIS.

ME 131 WAS RELEASED FROM THE INCIDENT AND RETURNED TO FULL SERVICE.
HAFNER

Additional Narrative (#4 of 18):

ME134 was dispatched as part of the second alarm to a structure fire at reported address with multiple reported explosions. ME134 arrived and was assigned to Division B by Francis Command with primary objective of exposure protection.

ME134 secured a 4" supply line and made access to the rear of 432 W. Francis with a 1 3/4" preconnect. While providing exposure protection we found severe damage to the residence and multiple small structures at 432 W. Francis. ME134 performed a Primary Search on all the structures on the property of 432 W. Francis which were all clear. ME134 was released from the incident without incidence.

Scott Willemse
Fire Captain
ME134-B

Additional Narrative (#5 of 18):

ME139 was assigned to the Francis incident. ME139 arrived on scene and did a face to face with Francis Operations. Operations assigned ME139 to DIV C.

ME139 moved to the north side of the incident on West Maple. ME139 pulled 500' of 1 3/4" to start our attack on DIV C. While we were pulling the hose we came across rescue group trying to free a horse that was trapped between a block wall and a tree. ME139 used our hose line to knock down the fire that was moving toward the horse. The horse was freed and ME139 continued to knock down spot fires.

DIV C was then assigned to assist the human society with retrieving the two horse that were near the fires. Both horse were taken by the human society and they cleared our DIV.

An operation retreat was given and DIV C fell back to ME139 that was on Maple. Operations then assigned DIV C to do a primary and secondary search on the following addresses; 415, 427, 431, 439, and 445 West Maple. ME67 was assigned to DIV C and assisted in searching the homes. DIV C gave a primary and secondary all clear on all of the homes. ME67 then cleared DIV C.

DIV C was then assigned to a medical aid at Fern and Maple, see attached EMS report.

DIV C staged at our engine for the next few hours while observing and updating fire activity to operations.

DIV C then walked over to DIV D to assisted with fire attack on DIV D. ME139 assisted DIV D with structure protection off of Fern. 50' of 1 3/4" off ME139 was left on DIV D.

At 2200hrs, DIV C gave Fire Branch and situation report for our DIV. DIV C advised Fire Branch that we were comfortable leaving the DIV unstaffed at night due to the lack of fire activity and being unable to reach anything in our DIV from the safety of our engine. ME139 loaded up our hose off the DIV and was released from the Francis Incident.

R. Bethel
ME139B

Additional Narrative (#6 of 18):

ME 132 was dispatched to the incident and was initially given the location of the 400 block of Maple. ME 132 heard multiple explosions prior to departing the station. As ME 132 left the station, we saw a large column of smoke to the east.

Enroute, ME 132 notified 1815 best access was off Francis.

ME 132 was assigned to Division A with primary objectives rescue and fire attack. ME 132 utilized 1 ¾" handlines (2 lines) to fight the fire defensively from the Alpha/Bravo perimeter. ME 132 was attempting to protect the 2 homes located @ 426 W. Francis (Exposure #1). ME 132 was unable to make access to 428 W. Francis due to multiple explosions at the location.

EOD personnel arrived on scene and advised Division A to remain on Francis and not access the property. ME 132 continued the defensive firefighting operation by utilizing a master stream (defending Exposure #2).

At 2230 HRS, ME 141 relieved ME 132 as Division A. ME 132 returned to quarters in full service.

R. Gilbert
ME 132-B

Additional Narrative (#7 of 18):

Truck 139 was assigned to this incident as part of the second alarm assignment. The call was for an explosion with fire and fire victims.

We arrived on scene from the North East and staged at Maple and Fern. We were assigned to Rapid Intervention and staged the truck on Fern between Francis and Maple. There were active explosions and fire activity at scene.

We assembled tools and equipment to effect the assignment given and transitioned on foot to the Alpha side of the incident. We were to Face to Face with Francis Operations.

We were given the objectives to evaluate the incident for needs as the RIC group and report back to OPS. After assessment the objectives determined were to support the incident with rapid medical support and evacuation if there were any injuries on the fire line. We established a cache of ALS medical gear, saws and a SKED on the Alpha side of the fire. No fire injuries occurred during this assignment.

We assisted and directed SoCal Edison to cut the power to the buildings involved in the fire incident.

We were later reassigned to raised the aerial ladder of T139 to provide an elevated angle for photos for Investigation 1850. That never occurred. We provided support on the East side of the fire.

We were released from the incident at 1930 Hrs and relocated to station 133 for air bottle filling.

Fire Captain L.P. Guapo

Additional Narrative (#8 of 18):

ME136 responded as part of a commercial fire alarm in station#132's first in area. In route, there were reports of possible explosions.

ME136 was assigned to Div. Delta(Capt. Brown). ME136 on Fern St., North of Francis. ME136 personnel deployed a 2.5 inch line supplying two 1.75 hose bundles. A operational retreat was called and ME136 personnel returned to the unit. Operations were switched to a Defensive mode and several ground monitor operations were utilized from Fern St.

At approximately 19:00 hrs. I was put in charge of Div. Delta. Ground monitor operations continued intermittently for exposure protection. Several pets were found and turned over the Humane Society volunteers.

ME136 was released from the incident at 22:00 hrs.

R.D.
Spellman
Capt.

Additional Narrative (#9 of 18):

ME141 was assigned to assist bomb members with hose lines during the final stages of the operation. ME141 remained on scene until released by BC Lewis at 14:40. ME141 was returned to full operation at Station 2.
Captain Tom Pacheco
ME141

Additional Narrative (#10 of 18):

Bomb Squad/EOD 131

EOD 131 was requested by B1815 during the initial dispatch of this incident due to the call notes from Fire Dispatch.

Responding in from home/off-duty I requested a full recall of all EOD Team members. Within approximately two hours of the initial dispatch all EOD Team members arrived onscene.

EOD 131 coordinated efforts on scene to stabilize and render safe multiple hazards from the incident throughout the surrounding neighborhood. We remained onscene for the duration of the incident through Saturday 03/20/2021.

Battalion Chief Ryan Lewis/Bomb Squad

Additional Narrative (#11 of 18):

1842 was requested to respond to the location to assist with firefighter rehab. Upon arrival at approximately 14:15 on scene, Command advised that the divisions needed rehab measures. 1842 remained on scene providing rehab until approximately 16:30. 1842 released from incident and returned to service.

Tonya Loret 1842

Additional Narrative (#12 of 18):

T1822 responded as part of the first alarm response to the above address. Upon arrival T1822 donned PPE and SCBA and assisted ME 136 with firefighting efforts on Division D. T1822 assisted with obtaining primary surveys in surrounding structures with no remarkable findings. B1815 called for an operational retreat and met with all company officers. T1822 assigned to to safety officer for the incident.

Additional Narrative (#13 of 18):

ME141 was assigned to the Francis Incident for a 24 operational period on 3/18/2021 and was assigned to support and assist the EOD Operation on the incident. All pertinent operations were documented on Captain Bekins' ICS 214 and is attached to the main report.

KB

Additional Narrative (#14 of 18):

03/19/2021

ME141 was assigned to the Fire Branch for a 12 operational period. ME141 supported EOD operations during fireworks disposal. For further information reference IC#214.

R.D. Spellman
Captain

Additional Narrative (#15 of 18):

Prior to the call, I was at station 131 at 425 east B street and I heard and felt a large explosion. Within 30 seconds, the tones sounded for a response to the documented location for a reported multiple explosions in the area of Francis and Fern Ave. While responding code 3 to the location, a large smoke header was observed. Upon arrival, I parked my vehicle on the south side of the street in front of 424 west Francis.

Prior to first responders arrival, witness reports state hearing a loud explosion that caused windows to break near the area of origin. Smoke and flames were observed coming from the back yard of 428 west Francis. Within approximately 30 -60 seconds after the first explosion, a second very large explosion occurred which caused the most damage. This explosion also started many structure fires and spot fires on the property in question and surrounding properties. This explosion caused the gazebo along the north end of the property to be destroyed, the backhouse, the patio-cover to the north of the backhouse, and the van in the backyard all to catch on fire. A second vehicle was thrown on its side and ignited as well.

I 1850 and ME131 arrived on scene at the same time. I donned my turnouts and grabbed my camera. I then assisted ME 131 engineer Preston in pulling a 4-inch supply line to the fire hydrant at the corner of Fern and Francis. I then proceeded to 426 west Francis where I videoed and photographed the scene. Approximately 3 minutes after arriving on scene a large barrage of fireworks lit off with multiple explosions. ME 131 and ME 132 firefighters and I took shelter behind the back house at the location. A tactical retreat was called, and we exited the lot and allowed the area to burn and fought the fire from a defensive position. An area of approximately 3 to 4 city blocks was evacuated. Thousands of live and spent fireworks were covering the ground throughout this area. Live and spent rifle rounds were also observed throughout the area. Lumber from buildings, metal scraps, and general debris covered the entire evacuated area.

With first responders now on scene, approximately 5 and a half to 6 minutes after the very large explosion, the third major explosion occurred. This explosion caused the garage to the south of the backhouse to explode. The front house on the property also caught fire at this time.

For the remainder of the day, I photographed the scene and assisted firefighters and OFD bomb squad technicians in documentation and removal of fireworks, explosives, live rifle rounds and other evidence. I photographed the victims located in the backyard of 428 west Francis. I also assisted captain Lambert in covering the body of the victim found along the east border of the lot.

Several structure fires occurred on the lot and surrounding parcels as well as several vehicles being destroyed or damaged by fire. Numerous house and businesses in the area suffered large amounts of structural damage and broken windows.

I was informed the Ontario Police Department would be the lead investigating agency for the incident and the Ontario Bomb squad would handle the explosion portion of the investigation. Several agencies responded to the location to assist in the investigation, for a comprehensive list of those agencies see Chief Lewis's report. I was released from the scene at approximately 9:00 on the evening of 3/16/21.

On 3/17/21, I returned to the scene on the following morning and assisted in the documentation and photographing of evidence. A pathway was cleared of hazards and debris for the coroner and OPD detectives to photograph and remove the victim bodies.

Over the period of the next 4 days, commercial and professional grade fireworks were collected by bomb technicians as well as homemade and improvised explosive devices. At the end of each day the collected firework debris was disposed of in a safe manner by burning them in dumpsters and burn boxes. This process was monitored by members of the AQMD and EPA who were on scene. I1850 returned to the scene on the following days 3/17/21-3/20/21 to continue my investigation and assist OPD and OFD bomb squad in their investigations.

Dan Kloosterman

Additional Narrative (#16 of 18):

On 3/18/2021 ME 142 Was assigned as onsite medical during bomb disposal efforts. We also were on standby for any fire extinguishment needs. The crew from ME 142 also assisted the humane society with animal care. Captain Van Fossen was relieved by Captain Willemse on scene at 1215 hrs.

Brian Van Fossen
Fire Captain
ME 142

Additional Narrative (#17 of 18):

T131 responded Code 3 with EOD 131 to the reported address. Upon arrival B1815 assigned to Verkaik and Langevin to EOD 131. Firefighter's Gamboa and Jaquess were assigned under Captain Gilbert on ME 132 (Division A).

E.C Verkaik
T131

Additional Narrative (#18 of 18):

ME142 Was assigned to 12 hour operational periods starting 3/16-17/2021.

We assisted with overhaul activities as Bomb Squad members utilized hose lines from the fire engine positioned on the street in the safe area.

We provided fire support during the fireworks firing operation.

This shift ended at 0700 on 3/17/2021

L Remarks:

B 1815 was dispatched as part of the first alarm assignment to a potential structure fire at the documented address. Prior to going enroute B 1815 acknowledged Ontario Dispatch traffic stating that there were multiple explosions at the location. Due to this I immediately started EOD 131 and HM 133.

B 1815 then went responding. While enroute I observed a large column of smoke in the area of the dispatched address. I broadcast this traffic and continued in code 3.

B 1815 AOS and observed fire to the front yard and rear of house. Structure observed was a single story single family residence with significant exposure concern to the delta side. B 1815 established Francis Command. Immediately upon establishing Francis Command, B 1815 requested that OPD shut down Francis St west of Fern and east of San Antonio. B 1815 also requested a 300' perimeter be established around 428 W. Francis St.

ME 132 AOS and Francis Command assigned him as Division A. Objectives were perimeter control and victim accountability. They were advised to engage in fire attack operations only if they felt safe in doing so.

ME 131 AOS and was assigned as a rescue group. There were report of victims on the "D" side of 428 W. Francis. This information was relayed to ME 131 and they set up for potential rescue operations.

T 1820 arrived onscene and he was assigned as division D with primary objectives of perimeter control and victim accountability. ME 136 was almost immediately assigned to help out division ...

NFIRS-1S Supplemental

A

36170	CA	03	16	2021	Station 2 (132)	OF2104486	1
FDID	State	Month	Day	Year	Station	Number	Exposure

Primary Narrative:

B 1815 was dispatched as part of the first alarm assignment to a potential structure fire at the documented address. Prior to going enroute B 1815 acknowledged Ontario Dispatch traffic stating that there were multiple explosions at the location. Due to this I immediately started EOD 131 and HM 133.

B 1815 then went responding. While enroute I observed a large column of smoke in the area of the dispatched address. I broadcast this traffic and continued in code 3.

B 1815 AOS and observed fire to the front yard and rear of house. Structure observed was a single story single family residence with significant exposure concern to the delta side. B 1815 established Francis Command. Immediately upon establishing Francis Command, B 1815 requested that OPD shut down Francis St west of Fern and east of San Antonio. B 1815 also requested a 300' perimeter be established around 428 W. Francis St.

ME 132 AOS and Francis Command assigned him as Division A. Objectives were perimeter control and victim accountability. They were advised to engage in fire attack operations only if they felt safe in doing so.

ME 131 AOS and was assigned as a rescue group. There were report of victims on the "D" side of 428 W. Francis. This information was relayed to ME 131 and they set up for potential rescue operations.

T 1820 arrived onscene and he was assigned as division D with primary objectives of perimeter control and victim accountability. ME 136 was almost immediately assigned to help out division D.

T 131 AOS and due to unit specialty their crew was split. Captain Verkaik and Engineer Langevin were assigned to the EOD group and FF Jaquess and FF Gamboa were assigned underneath division A to assist with their operation.

ME 134 was assigned as my division B. Their objectives were to establish perimeter control and provide victim accountability.

ME 139 AOS and they were assigned as division D. Their objectives were to establish perimeter control and provide victim accountability.

During the course of assigning unit to their divisional assignments a large explosion occurred. This explosion resulted in an operational retreat of all divisions. A PAR was performed and all firefighters were accounted for. No injuries were noted due to the explosion.

Fire suppression activities resumed after the explosion with safety measures applied. Large diameter hoselines were used from a safe distance.

Fire was extinguished at the documented time. Operations then transitioned into a multi day investigation operation led by Ontario FD EOD and I 1850. Please reference their report for additional information in regards to their operations.

Multi families were displaced as a result of this incident. Red Cross was used as the primary for sheltering measures.

Ultimately on Saturday late afternoon the Francis Incident was terminated and all Ontario Fire Department operations were complete.

R. Williams
Fire Battalion Chief
Battalion 1-B

Additional Narrative (#1 of 1):

Exposure #1

The property to the west of the area of origin is 426 west Francis. This property sustained a great deal of structural damage to the front and back houses. The explosion caused secondary fires to start e north and west ends of the property.

R. Gilbert
ME 132-B Captain

NFIRS-1S Supplemental

A

36170	CA	03	16	2021	Station 2 (132)	OF2104486	2
FDID	State	Month	Day	Year	Station	Number	Exposure

Primary Narrative:

B 1815 was dispatched as part of the first alarm assignment to a potential structure fire at the documented address. Prior to going enroute B 1815 acknowledged Ontario Dispatch traffic stating that there were multiple explosions at the location. Due to this I immediately started EOD 131 and HM 133.

B 1815 then went responding. While enroute I observed a large column of smoke in the area of the dispatched address. I broadcast this traffic and continued in code 3.

B 1815 AOS and observed fire to the front yard and rear of house. Structure observed was a single story single family residence with significant exposure concern to the delta side. B 1815 established Francis Command. Immediately upon establishing Francis Command, B 1815 requested that OPD shut down Francis St west of Fern and east of San Antonio. B 1815 also requested a 300' perimeter be established around 428 W. Francis St.

ME 132 AOS and Francis Command assigned him as Division A. Objectives were perimeter control and victim accountability. They were advised to engage in fire attack operations only if they felt safe in doing so.

ME 131 AOS and was assigned as a rescue group. There were report of victims on the "D" side of 428 W. Francis. This information was relayed to ME 131 and they set up for potential rescue operations.

T 1820 arrived onscene and he was assigned as division D with primary objectives of perimeter control and victim accountability. ME 136 was almost immediately assigned to help out division D.

T 131 AOS and due to unit specialty their crew was split. Captain Verkaik and Engineer Langevin were assigned to the EOD group and FF Jaquess and FF Gamboa were assigned underneath division A to assist with their operation.

ME 134 was assigned as my division B. Their objectives were to establish perimeter control and provide victim accountability.

ME 139 AOS and they were assigned as division D. Their objectives were to establish perimeter control and provide victim accountability.

During the course of assigning unit to their divisional assignments a large explosion occurred. This explosion resulted in an operational retreat of all divisions. A PAR was performed and all firefighters were accounted for. No injuries were noted due to the explosion.

Fire suppression activities resumed after the explosion with safety measures applied. Large diameter hoselines were used from a safe distance.

Fire was extinguished at the documented time. Operations then transitioned into a multi day investigation operation led by Ontario FD EOD and I 1850. Please reference their report for additional information in regards to their operations.

Multi families were displaced as a result of this incident. Red Cross was used as the primary for sheltering measures.

Ultimately on Saturday late afternoon the Francis Incident was terminated and all Ontario Fire Department operations were complete.

R. Williams
Fire Battalion Chief
Battalion 1-B

Additional Narrative (#1 of 1):

Exposure #2
The property to the east of the area of origin is 424 west Francis. This property sustained a great deal of structural damage to the house from the explosion and blast pressure. A secondary fire to the detached garage started either by radiant heat or firebrands. ME 132 utilized a master stream to protect the residence from radiant heat later in the incident.

R. Gilbert
ME 132-B Captain

NFIRS-1S Supplemental

A

36170	CA	03	16	2021	Station 2 (132)	OF2104486	3
FDID	State	Month	Day	Year	Station	Number	Exposure

Primary Narrative:

B 1815 was dispatched as part of the first alarm assignment to a potential structure fire at the documented address. Prior to going enroute B 1815 acknowledged Ontario Dispatch traffic stating that there were multiple explosions at the location. Due to this I immediately started EOD 131 and HM 133.

B 1815 then went responding. While enroute I observed a large column of smoke in the area of the dispatched address. I broadcast this traffic and continued in code 3.

B 1815 AOS and observed fire to the front yard and rear of house. Structure observed was a single story single family residence with significant exposure concern to the delta side. B 1815 established Francis Command. Immediately upon establishing Francis Command, B 1815 requested that OPD shut down Francis St west of Fern and east of San Antonio. B 1815 also requested a 300' perimeter be established around 428 W. Francis St.

ME 132 AOS and Francis Command assigned him as Division A. Objectives were perimeter control and victim accountability. They were advised to engage in fire attack operations only if they felt safe in doing so.

ME 131 AOS and was assigned as a rescue group. There were report of victims on the "D" side of 428 W. Francis. This information was relayed to ME 131 and they set up for potential rescue operations.

T 1820 arrived onscene and he was assigned as division D with primary objectives of perimeter control and victim accountability. ME 136 was almost immediately assigned to help out division D.

T 131 AOS and due to unit specialty their crew was split. Captain Verkaik and Engineer Langevin were assigned to the EOD group and FF Jaquess and FF Gamboa were assigned underneath division A to assist with their operation.

ME 134 was assigned as my division B. Their objectives were to establish perimeter control and provide victim accountability.

ME 139 AOS and they were assigned as division D. Their objectives were to establish perimeter control and provide victim accountability.

During the course of assigning unit to their divisional assignments a large explosion occurred. This explosion resulted in an operational retreat of all divisions. A PAR was performed and all firefighters were accounted for. No injuries were noted due to the explosion.

Fire suppression activities resumed after the explosion with safety measures applied. Large diameter hoselines were used from a safe distance.

Fire was extinguished at the documented time. Operations then transitioned into a multi day investigation operation led by Ontario FD EOD and I 1850. Please reference their report for additional information in regards to their operations.

Multi families were displaced as a result of this incident. Red Cross was used as the primary for sheltering measures.

Ultimately on Saturday late afternoon the Francis Incident was terminated and all Ontario Fire Department operations were complete.

R. Williams

Additional Narrative (#1 of 1):

Exposure #3

The property parcel to the east of the area of origin is 416 west Francis. This property sustained a great deal of structural damage to the house from the explosion and blast pressure. The garage fire at 424 west Francis provided enough radiant heat to cause a vehicle fire at this location. A silver van or SUV vehicle was destroyed by fire. The fence between the two properties of 416 and 424 west Francis was also damaged by fire. Division A (ME 132) utilized a master stream to protect the residence located at 416 W. Francis.

R. Gilbert
ME 132-B Captain

NFIRS-1S Supplemental

A

36170	CA	03	16	2021	Station 2 (132)	OF2104486	4
FDID	State	Month	Day	Year	Station	Number	Exposure

Primary Narrative:

B 1815 was dispatched as part of the first alarm assignment to a potential structure fire at the documented address. Prior to going enroute B 1815 acknowledged Ontario Dispatch traffic stating that there were multiple explosions at the location. Due to this I immediately started EOD 131 and HM 133.

B 1815 then went responding. While enroute I observed a large column of smoke in the area of the dispatched address. I broadcast this traffic and continued in code 3.

B 1815 AOS and observed fire to the front yard and rear of house. Structure observed was a single story single family residence with significant exposure concern to the delta side. B 1815 established Francis Command. Immediately upon establishing Francis Command, B 1815 requested that OPD shut down Francis St west of Fern and east of San Antonio. B 1815 also requested a 300' perimeter be established around 428 W. Francis St.

ME 132 AOS and Francis Command assigned him as Division A. Objectives were perimeter control and victim accountability. They were advised to engage in fire attack operations only if they felt safe in doing so.

ME 131 AOS and was assigned as a rescue group. There were report of victims on the "D" side of 428 W. Francis. This information was relayed to ME 131 and they set up for potential rescue operations.

T 1820 arrived onscene and he was assigned as division D with primary objectives of perimeter control and victim accountability. ME 136 was almost immediately assigned to help out division D.

T 131 AOS and due to unit specialty their crew was split. Captain Verkaik and Engineer Langevin were assigned to the EOD group and FF Jaquess and FF Gamboa were assigned underneath division A to assist with their operation.

ME 134 was assigned as my division B. Their objectives were to establish perimeter control and provide victim accountability.

ME 139 AOS and they were assigned as division D. Their objectives were to establish perimeter control and provide victim accountability.

During the course of assigning unit to their divisional assignments a large explosion occurred. This explosion resulted in an operational retreat of all divisions. A PAR was performed and all firefighters were accounted for. No injuries were noted due to the explosion.

Fire suppression activities resumed after the explosion with safety measures applied. Large diameter hoselines were used from a safe distance.

Fire was extinguished at the documented time. Operations then transitioned into a multi day investigation operation led by Ontario FD EOD and I 1850. Please reference their report for additional information in regards to their operations.

Multi families were displaced as a result of this incident. Red Cross was used as the primary for sheltering measures.

Ultimately on Saturday late afternoon the Francis Incident was terminated and all Ontario Fire Department operations were complete.

R. Williams
Fire Battalion Chief
Battalion 1-B

Additional Narrative (#1 of 1):

Exposure #4

The property of 1736 Fern is referred to as exposure 4 and is located in Division D during the incident. This property sustained a great deal of structural damage to the house from the explosion and blast pressure. The thermal effect from the explosion caused secondary fires to start either by radiant heat or firebrands on the west end of the property. The structure involved was approximately 15 x 30 feet and appeared to be a shed or patio cover.

R. Gilbert
ME 132-B Captain

NFIRS-1S Supplemental

A

36170	CA	03	16	2021	Station 2 (132)	OF2104486	5
FDID	State	Month	Day	Year	Station	Number	Exposure

Primary Narrative:

B 1815 was dispatched as part of the first alarm assignment to a potential structure fire at the documented address. Prior to going enroute B 1815 acknowledged Ontario Dispatch traffic stating that there were multiple explosions at the location. Due to this I immediately started EOD 131 and HM 133.

B 1815 then went responding. While enroute I observed a large column of smoke in the area of the dispatched address. I broadcast this traffic and continued in code 3.

B 1815 AOS and observed fire to the front yard and rear of house. Structure observed was a single story single family residence with significant exposure concern to the delta side. B 1815 established Francis Command. Immediately upon establishing Francis Command, B 1815 requested that OPD shut down Francis St west of Fern and east of San Antonio. B 1815 also requested a 300' perimeter be established around 428 W. Francis St.

ME 132 AOS and Francis Command assigned him as Division A. Objectives were perimeter control and victim accountability. They were advised to engage in fire attack operations only if they felt safe in doing so.

ME 131 AOS and was assigned as a rescue group. There were report of victims on the "D" side of 428 W. Francis. This information was relayed to ME 131 and they set up for potential rescue operations.

T 1820 arrived onscene and he was assigned as division D with primary objectives of perimeter control and victim accountability. ME 136 was almost immediately assigned to help out division D.

T 131 AOS and due to unit specialty their crew was split. Captain Verkaik and Engineer Langevin were assigned to the EOD group and FF Jaquess and FF Gamboa were assigned underneath division A to assist with their operation.

ME 134 was assigned as my division B. Their objectives were to establish perimeter control and provide victim accountability.

ME 139 AOS and they were assigned as division D. Their objectives were to establish perimeter control and provide victim accountability.

During the course of assigning unit to their divisional assignments a large explosion occurred. This explosion resulted in an operational retreat of all divisions. A PAR was performed and all firefighters were accounted for. No injuries were noted due to the explosion.

Fire suppression activities resumed after the explosion with safety measures applied. Large diameter hoselines were used from a safe distance.

Fire was extinguished at the documented time. Operations then transitioned into a multi day investigation operation led by Ontario FD EOD and I 1850. Please reference their report for additional information in regards to their operations.

Multi families were displaced as a result of this incident. Red Cross was used as the primary for sheltering measures.

Ultimately on Saturday late afternoon the Francis Incident was terminated and all Ontario Fire Department operations were complete.

R. Williams
Fire Battalion Chief
Battalion 1-B

Additional Narrative (#1 of 1):

Exposure #5

The property of 1742 Fern was located in Division D. This property sustained a great deal of structural damage to the house from the explosion and blast pressure. The thermal effect from the explosion caused a secondary fire. This fire occurred to a 10 x15 foot shed or out-building along the north edge of the property in the backyard.

R. Gilbert
ME 132-B

L Remarks:

B 1815 was dispatched as part of the first alarm assignment to a potential structure fire at the documented address. Prior to going enroute B 1815 acknowledged Ontario Dispatch traffic stating that there were multiple explosions at the location. Due to this I immediately started EOD 131 and HM 133.

B 1815 then went responding. While enroute I observed a large column of smoke in the area of the dispatched address. I broadcast this traffic and continued in code 3.

B 1815 AOS and observed fire to the front yard and rear of house. Structure observed was a single story single family residence with significant exposure concern to the delta side. B 1815 established Francis Command. Immediately upon establishing Francis Command, B 1815 requested that OPD shut down Francis St west of Fern and east of San Antonio. B 1815 also requested a 300' perimeter be established around 428 W. Francis St.

ME 132 AOS and Francis Command assigned him as Division A. Objectives were perimeter control and victim accountability. They were advised to engage in fire attack operations only if they felt safe in doing so.

ME 131 AOS and was assigned as a rescue group. There were report of victims on the "D" side of 428 W. Francis. This information was relayed to ME 131 and they set up for potential rescue operations.

T 1820 arrived onscene and he was assigned as division D with primary objectives of perimeter control and victim accountability. ME 136 was almost immediately assigned to help out division ...

NFIRS-1S Supplemental

A

36170	CA	03	16	2021	Station 2 (132)	OF2104486	6
FDID	State	Month	Day	Year	Station	Number	Exposure

Primary Narrative:

B 1815 was dispatched as part of the first alarm assignment to a potential structure fire at the documented address. Prior to going enroute B 1815 acknowledged Ontario Dispatch traffic stating that there were multiple explosions at the location. Due to this I immediately started EOD 131 and HM 133.

B 1815 then went responding. While enroute I observed a large column of smoke in the area of the dispatched address. I broadcast this traffic and continued in code 3.

B 1815 AOS and observed fire to the front yard and rear of house. Structure observed was a single story single family residence with significant exposure concern to the delta side. B 1815 established Francis Command. Immediately upon establishing Francis Command, B 1815 requested that OPD shut down Francis St west of Fern and east of San Antonio. B 1815 also requested a 300' perimeter be established around 428 W. Francis St.

ME 132 AOS and Francis Command assigned him as Division A. Objectives were perimeter control and victim accountability. They were advised to engage in fire attack operations only if they felt safe in doing so.

ME 131 AOS and was assigned as a rescue group. There were report of victims on the "D" side of 428 W. Francis. This information was relayed to ME 131 and they set up for potential rescue operations.

T 1820 arrived onscene and he was assigned as division D with primary objectives of perimeter control and victim accountability. ME 136 was almost immediately assigned to help out division D.

T 131 AOS and due to unit specialty their crew was split. Captain Verkaik and Engineer Langevin were assigned to the EOD group and FF Jaquess and FF Gamboa were assigned underneath division A to assist with their operation.

ME 134 was assigned as my division B. Their objectives were to establish perimeter control and provide victim accountability.

ME 139 AOS and they were assigned as division D. Their objectives were to establish perimeter control and provide victim accountability.

During the course of assigning unit to their divisional assignments a large explosion occurred. This explosion resulted in an operational retreat of all divisions. A PAR was performed and all firefighters were accounted for. No injuries were noted due to the explosion.

Fire suppression activities resumed after the explosion with safety measures applied. Large diameter hoselines were used from a safe distance.

Fire was extinguished at the documented time. Operations then transitioned into a multi day investigation operation led by Ontario FD EOD and I 1850. Please reference their report for additional information in regards to their operations.

Multi families were displaced as a result of this incident. Red Cross was used as the primary for sheltering measures.

Ultimately on Saturday late afternoon the Francis Incident was terminated and all Ontario Fire Department operations were complete.

R. Williams
Fire Battalion Chief
Battalion 1-B

Additional Narrative (#1 of 1):

Exposure #6

The property of 415 west Maple St. was located in Division C. This property sustained a great deal of structural damage to the house from the explosion and blast pressure. The thermal effect from the explosion caused a secondary fire to start most likely by firebrands or fireworks along the south end of the property. The fence and structures were located in a horse corral that is adjacent to the northeast corner of the 428 west Francis property.

R. Gilbert
