STATEMENT:

Ontario detectives are currently working a murder investigation related to a previously reported missing mother, 33-year-old Sally Mityas.

Mityas was reported missing back on September 4, 2015 by her boyfriend Eddie Sarinana . The original report was that she had been in an argument with her boyfriend's brother Tomas Sarinana and left the house carrying only some clothing. Police were told she left behind her car, cell phone and three children ages 7, 5 and 1.

Ontario detectives have been investigating Mityas disappearance from the initial report due to the unusual circumstances surrounding the incident. Mityas never showed up for work on Tuesday September 8th and made no contact with anyone after her September 4th disappearance.

On Monday September 14th, Pomona police officers discovered the decomposing body of a deceased female in a field in the 1700 block of Gillette Road in Pomona.

On Tuesday September 15th, Ontario detectives were notified of the discovery. The body could not be immediately identified pending a Los Angeles County Coroners Office examination.

On Wednesday Septemer 16th, the LA County Coroner confirmed the identity of the body as Sally Mityas using dental records. The cause of death is still undetermined pending a complete examination by the LA County Coroners Office.

On Thursday September 17th, the San Bernardino County District Attorneys Office issued a \$1,000,000.00 warrant for the arrest of Tomas Sarinana based on the investigation. Tomas Sarinana is not in custody.
