Executive Summary

Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

Introduction

Ontario's Consolidated Plan identifies the City's overall housing and community development needs and outlines a strategy to address them. The primary purpose of the Consolidated Plan is to match HUD resources from Community Development Block Grant (CDBG), HOME Investment Partnership (HOME), and Emergency Solutions Grant (ESG) with the identified needs and strategies. The Consolidated Plan provides a centralized analysis of community needs coupled with a five-year strategy for addressing these needs. The current Consolidated Plan covers the period from July 1, 2020 through June 30, 2024.

The One-Year Action Plan identifies specific goals consistent with the Five-Year Strategy and lists projects, programs, and resources that will be used to implement the Strategy during Fiscal Year 2021-22. This plan covers the period from July 1, 2021 through June 30, 2022.

Summarize the objectives and outcomes identified in the Plan

Based on the *Needs Assessment – Resident Survey*, community meetings, consultation with other organizations, individual interviews, housing market and needs study, and other factors, the City of Ontario has developed the following five-year strategies to address the priority needs found in the Consolidated Plan:

Housing Strategy

Goal #1: Preserve existing rental and owner-occupied housing resources.

Goal #2: Expand affordable rental housing opportunities, particularly for low income persons.

Goal #3: Increase affordable homeownership opportunities, particularly for low and moderate income persons.

Homeless Strategy

Goal #1: Preserve and improve the supply of supportive housing and public services for the homeless and homelessness prevention services.

Special Needs Strategy

Goal #1: Provide supportive services for special needs populations.

Fair Housing Strategy

Goal # 1: Continue to implement the Fair Housing laws by providing funding to further fair housing.

Public Housing Strategy

Goal #1: Continue to support the on-going efforts of the Housing Authority of the County of San Bernardino and the Ontario Housing Authority to maximize the use of rental assistance subsidies and other resources in the City.

Lead Hazard Strategy

Goal #1: Reduce the number of housing units with lead paint hazards through education, inspection, and rehabilitation.

Community Development Strategy

Goal #1: Provide needed public infrastructure improvements in target lower and moderate income neighborhoods.

Goal #2: Provide for new community facilities and improve the quality of existing community facilities to serve lower and moderate income neighborhoods.

Goal #3: Provide needed community services to serve lower and moderate income residents.

Goal #4: Expand the City's economic base and promote greater employment opportunities.

Evaluation of past performance

The City was able to make progress toward achieving many of its short and long-term housing and community development goals established within the FY 2020-24 Consolidated Plan. These efforts were reflected in the creation and implementation of pro-active programs and projects designed to increase the availability of affordable housing, construction of a number of important infrastructure improvements, and preservation/expansion of public service programs and have been detailed in the annual submission of the Consolidated Annual Performance and Evaluation Reports.

Listed below is a brief summary of the goals and accomplishments from the FY 2020-24 Consolidated Plan. Please note the accomplishment data is through June 30, 2020.

A. Housing Strategy

Priority 1: Expand affordable rental housing opportunities, particularly for low-income persons.

Five-Year Total Goal: 202

Accomplishments through June 30, 2020: 114 households were assisted through the Tenant Based Rental Assistance Program

Evaluation: The demand for new affordable rental units remains high within Ontario. The City continuously seeks opportunities for funding for construction of additional affordable housing units, including funding that has recently become available through the State of California including the following programs: Affordable Housing and Sustainable Communities Program (AHSC), Veterans Housing and Homeless Prevention Program (VHHP), and other new possible State funding. The City implemented a Tenant Based Rental Assistance program targeted at chronically homeless individuals and families over the past year.

Priority 2: Preserve existing rental and owner-occupied housing resources.

Five-Year Total Goal: 1,563

Accomplishment through June 30, 2020: 337

Evaluation: Over the past year, the City implemented the following programs to address this priority:

- Conservation Home Improvement Program
- Multi-Family Rehabilitation and Monitoring Activities
- Community Improvement Team (Code Enforcement)

The programs implemented by the City over the past year had a significant impact on preserving the existing rental and owner-occupied housing stock within Ontario. The demand has remained high for these type of services is estimated to remain high for the next year.

Priority 3: Increase affordable homeownership opportunities, particularly for low- and moderate-income persons.

Five-Year Total Goal: 0

Accomplishments through June 30, 2020: 157

Evaluation: The most successful homeownership programs in terms of number of households assisted were operated by private and non-profit housing service organizations. Ontario continues to partner with the private sector and non-profit housing service organizations to increase affordable homeownership opportunities within Ontario utilizing these federal and state programs that are already available to low- and moderate-income households.

B. Homeless Strategy

Priority 1: Preserve and improve the supply of supportive housing and public services for the homeless.

Five-Year Goal: 31,250 persons served

Accomplishments through June 30, 2020: 3,727 persons served

Evaluation: The City of Ontario over the past year continued to operate a comprehensive Continuum of Care Program within Ontario.

The demand for homeless programs and services is still strong. On a federal and state funding level, the availability of funding for transitional housing type products is dwindling. The federal and state funding has transitioned to “Housing First” type products. The City of Ontario is strategically investigating conversion of transitional housing programs into permanent supportive housing programs to ensure the viability of funding for housing options available to address the homeless within Ontario.

C. Special Needs Strategy

Priority 1: Preserve and improve the supply of supportive housing and public services to special needs populations.

Five-Year Goal: 750

Accomplishments through June 30, 2020: 157 persons served

Evaluation: Over the past year, the City of Ontario encouraged partnerships to deliver supportive housing services and public services to special needs population, including the following programs:

- Senior Services operated by Inland Fair Housing and Mediation Board
- Project Gateway, a supportive housing program to assist chronically homeless households with mental illness secure permanent housing with a myriad of supportive housing services. Project Gateway is a partnership with the Housing Authority of the County of San Bernardino, County of San Bernardino Department of Behavioral Health, Mercy House Living Centers, Ontario Housing Authority, and the City of Ontario.

The funding for the supportive housing programs that were implemented over the past year were successful and the City continues to see demand for these types of services.

D. Fair Housing Strategy

Priority 1: Continue to implement the Fair Housing laws by providing funding to further fair housing.

Five-Year Goals: 7,500 persons served

Accomplishments through June 30, 2020: 932 persons served

Evaluation: This program has continued to assist the City in meeting its obligations to affirmatively further fair housing choice within Ontario.

E. Public Housing Strategy

Priority 1: Continue to support the on-going efforts of the Housing Authority of the County of San Bernardino and the Ontario Housing Authority to maximize the use of Section 8 subsidies and other resources in the City.

Evaluation: The Housing Authority of the County of San Bernardino (HACSB) implements the public housing strategy within Ontario. The HACSB is a Moving-To-Work (MTW) Public Housing Authority. With this designation, the HACSB is permitted to seek exemption from many existing Public Housing and Housing Choice Voucher program rules found in the United States Housing Act of 1937 in pursuit of the three MTW statutory objectives:

- Reduce cost and achieve greater costs of effectiveness in Federal expenditures;
- Give incentives to families with children where the head of household is working, is seeking work, or is preparing for work by participating in job training, educational programs, or programs that assist people to obtain employment and become economically self-sufficient; and
- Increase housing choices for low-income families.

The HACSB has implemented a variety of programs that have achieved the MTW statutory objectives listed above.

The City of Ontario continues to believe that a working partnership with the HACSB will provide the greatest opportunity to provide high quality services to Ontario residents with the public housing strategy.

F. Community Development Strategy

The Community Development Strategy did not have annual goals as the goals were generally focused on larger long-term needs. All four priorities will be discussed and evaluated together.

Priority 1: Provide needed infrastructure improvements in target lower- and moderate-income neighborhoods.

Priority 2: Provide for new community facilities, neighborhood enhancement activities, and improve the quality of existing community facilities to serve lower- and moderate-income neighborhoods.

Priority 3: Provide needed community services to serve lower- and moderate-income residents.

Priority 4: Expand the City's economic base and promote greater employment opportunities.

Evaluation: Over the past year, the City has continued to invest in the City's infrastructure (water, street, sewers, parks, storm drains, and public facilities) and monitor the infrastructure needs. The City continues to thoughtfully focus resources through a Five-Year Capital Improvement Program (CIP). The CIP is used as a tool by the City to: (1) identify capital improvement needs, and (2) coordinate the financing and timing of those needs in a manner that assures the most responsible and efficient use of the City's limited resources.

The City will continue to utilize the CIP as a tool to identify needs throughout the community and focus resources to address those needs.

As it relates to the community services to serve lower- and moderate-income residents, the City has funded public service providers that have been focused on crime prevention and child care services. These programs consistently are identified as a high need through outreach to Ontario residents.

Lastly, the City continues to pursue activities to expand the City's economic base and promote greater employment opportunities. The City has actively pursued other funding sources for these activities other than utilizing CDBG for these type of activities.

AP-10 Consultation – 91.100, 91.200(b), 91.215(I)

Introduction

As part of its research on the needs of low income residents, and the development of strategies to address those needs, the City of Ontario Housing Department consulted with a number of other organizations that provide services to Ontario residents.

Provide a concise summary of the jurisdiction’s activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(I))

The City of Ontario Housing Department staff members work on a continual basis with a number of regional agencies, including non-profit agencies, affordable housing providers, San Bernardino County Department of Behavioral Health, the Housing Authority of the County of San Bernardino, and the Ontario Housing Authority. The coordination between the City and these agencies provides better service and resources to the public on programs and services available through a variety of agencies.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

The City works in partnership with the County of San Bernardino Office of Homeless Services in support of the County's Continuum of Care to address homelessness on a regional basis. As part of this partnership, the Continuum of Care Manager regularly attends the County of San Bernardino's Interagency Homeless Policy Council. In addition, a staff member from the City is a board member of the West Valley Regional Steering Committee sponsored by the Office of Homeless Services. In 2009, the County of San Bernardino adopted a 10-Year Strategy to End Homelessness. The City supported the development and adoption of this document.

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS

Staff members from the City of Ontario Housing Department work in cooperation with Continuum of Care lead agency staff continuously throughout the year. City staff members are members of the San Bernardino County Interagency Homeless Policy Council, the Coordinated Entry System Planning Group, and the HMIS Policy Advisory Group.

Narrative (optional)

The City works in cooperation with Mercy House Living Centers, the County of San Bernardino Department of Behavioral Health, and the Housing Authority of the County of San Bernardino to implement the Project Gateway program to provide housing assistance and services for homeless persons. Project Gateway provides 12 Project Based Rental Assistance units at eight different locations throughout the City of Ontario for clients that are homeless and mentally ill, or dual diagnosed. The City of Ontario established the HOME Tenant-Based Rental Assistance (“TBRA”) Program to help Ontario’s chronically homeless individuals and families secure permanent housing through temporary rental subsidies with or without rental security deposits and/or utility deposits. The program is administered by Mercy House Living Centers.

In addition to Project Gateway and HOME TBRA, the City works in cooperation with Mercy House Living Centers, House of Ruth, and Inland Valley Hope Partners to provide additional housing assistance services to homeless persons and persons who were recently homeless but now live in permanent housing. These organizations provide a wide range of services including housing referrals, assistance in identifying and obtaining resources necessary to obtain housing, transitional housing programs, and emergency shelter. Mercy House also provides an aftercare services program to assist formerly homeless individuals now living in permanent housing to ensure ongoing housing stability.

DRAFT

Explain how federal funds will leverage those additional resources (private, state and local funds), including a description of how matching requirements will be satisfied

The City will seek available funding opportunities to leverage federal funds in meeting the goals established by this One Year Action Plan. Potential funding sources that could be used to leverage federal funds include Low Income Housing Tax Credits, Transformative Climate Communities (TCC) Grant, Affordable Housing and Sustainable Communities funds, CalHome funds, and local in-lieu fees for the development of affordable housing. HOME funds require a 25% match for each dollar spent. Ontario has previously been designated as a distressed community and anticipates receiving a 50% HOME match reduction for FY 2021-22. HOME match will be provided from available match on hand and from non-federal funding sources used for housing projects. ESG funds require a dollar for dollar match for each dollar spent. Ontario works in partnership with the agencies receiving ESG funds to provide match from eligible sources.

If appropriate, describe publicly owned land or property located within the jurisdiction that may be used to address the needs identified in the plan

The City and the Ontario Housing Authority identified and acquired land for future housing projects pending additional funding to make the projects feasible. At the time of publication, the publicly owned sites shown in the table below have been identified and proposed for future housing development.

Table 9 – Project Summary

AP-50 Geographic Distribution – 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

The specific location of housing and community development projects is a crucial issue. It is important that projects designed to clear blighting conditions are conducted in areas that are actually blighted, and that public service programs are provided at locations convenient to their clients. All HUD funded activities will be implemented in low- and moderate-income service areas, as defined by HUD, with the exception of some public service projects, which are intended to serve CDBG-eligible persons on a citywide basis.

The City has established as a high priority, the investment of CDBG funds into targeted neighborhoods to help the City eliminate slum and blight conditions and improve the living conditions of the residents.

In order for an area to be considered as deteriorated or deteriorating the following conditions shall be met:

- A significant number of the properties located within the area must contain visible code violations affecting the property values in the area (such as lack of or insufficient landscaping, deteriorated paint, accumulations of debris, evidence of deferred maintenance, etc.);
- Infrastructure conditions that require attention (such as lack of sidewalks or sidewalks in disrepair, streets in disrepair, lack of or unmaintained street trees, etc.);
- May contain areas designated as targeted project areas;
- At least three of the five identified factors contributing to deterioration available through Census data shall be met
 - % of population below the poverty level \geq 20%
 - % of vacant structures \geq 5%
 - % of total occupied housing units that are overcrowded \geq 20%
 - % of units lacking complete plumbing and/or kitchen facilities \geq 1%
 - % of renter and/or owner occupied units experiencing a cost burden \geq 30%

Area must demonstrate that both public or private improvements and/or services will occur within the area.

Rationale for the priorities for allocating investments geographically

The City has reviewed proposed projects and designed a program to arrest the decline in qualified areas. This approach includes targeting several projects to a specific area to have the biggest impact on that neighborhood. By allocating CDBG funds geographically, the City is able to change the overall conditions within targeted areas and leverage the use of CDBG funds with other resources.

Discussion

It is anticipated that some participants assisted through the TBRA Program may qualify as special needs (elderly or disabled) households, however, without specific information the goal for special needs populations is estimated to be zero.

Introduction

The City will continue to support the HACSB Five-Year Goals/Accomplishments.

Actions planned during the next year to address the needs to public housing

Public housing programs in Ontario are conducted through an agreement with the HACSB. The HACSB manages approximately 747 Section 8 vouchers within Ontario. During FY 2021-22, the City of Ontario Housing Department will continue to monitor affordable housing units at risk for conversion to market rate. Accordingly, it is the objective of the City that all assisted housing units that are eligible for conversion to non-low-income housing should be preserved. In addition, the HACSB will continue to administer the Family Self-Sufficiency Program within the City during FY 2021-22. In this program, residents sign a five-year contract with the HACSB. As incomes rise with new employment, savings

accounts are established. After five years, the savings account is available to the household to pay for costs associated with independent living.

The City of Ontario worked in collaboration with HACSB and the Ontario Housing Authority to secure S+C funding. Twelve (12) S+C vouchers have been awarded to assist qualified S+C households through an application referred to as "Project Gateway." As stated earlier, the City and the Ontario Housing Authority are actively pursuing additional opportunities to secure project based vouchers to assist in neighborhood revitalization strategies that also support Ontario's Continuum of Care for the homeless.

Actions to encourage public housing residents to become more involved in management and participate in homeownership

The City works closely with the HACSB and will provide marketing information when homeownership programs are available for the HACSB to distribute to appropriate public housing residents. In addition, HACSB has one of the most successful Public Housing Agency Homeownership programs on the west coast and continues to promote and progress this very successful program.

If the PHA is designated as troubled, describe the manner in which financial assistance will be provided or other assistance

The public housing authority is considered a high performer.

AP-65 Homeless and Other Special Needs Activities – 91.220(i)

Introduction

The City supports a variety of activities to address the needs of homeless persons and the special needs of persons that are not homeless but require supportive housing and special assistance. As part of the One-Year Action Plan, the City will support several programs and projects conducted by non-profit social service providers. Each of these activities was specifically selected for funding through CDBG and ESG programs to address each step along the Continuum of Care. The City sought out proposals and applications from a variety of homeless and social service providers prior to allocating CDBG and ESG resources.

This region is fortunate to have a number of organizations, which serve both the general homeless population and specific special segments within the homeless community. In developing the funding allocation, the City supported a diverse selection of providers and cultivated cooperation among those groups in the delivery of their services.

During FY 2005-06, the City began implementing a new Continuum of Care program in coordination with Mercy House Living Centers to assist homeless individuals and families transition from homelessness to permanent housing. The Continuum provides a comprehensive homeless strategy to assist homeless individuals and families to become self-sufficient. The programs within the Continuum include the following services: the Ontario Access Center, 34 transitional housing units, permanent housing units,

and an aftercare program. To date, the City and Mercy House have completed comprehensive rehabilitation on the transitional housing units and 76 permanent housing units.

The City worked in collaboration with HACSB and the Ontario Housing Authority to secure Shelter Plus Care (S+C) funding. Twelve (12) S+C vouchers have been awarded to assist qualified S+C households through an application referred to as “Project Gateway.”

Describe the jurisdictions one-year goals and actions for reducing and ending homelessness including Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The Ontario Access Center provides referral services, emergency shelter, food, lockers, laundry facilities, showers, clothing, restrooms, telephone, transitional shelter services, and supportive housing services.

The Family Stabilization Program at SOVA Program Center provides food, a service referral database, emergency and transitional shelter information and referrals, and client services.

House of Ruth provides emergency and transitional shelter services, client case management services, domestic violence counseling, and childcare.

Addressing the emergency shelter and transitional housing needs of homeless persons

Mercy House's Assisi House program provides a 34-bed transitional housing facility with program stays up to 24 months to homeless families to overcome problems and conditions causing homelessness, life skills, education, budgeting, parenting education, day care, and family support.

The House of Ruth provide shelter and special services for victims of domestic violence.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

The multi-family housing program, Tenant Based Rental Assistance Program, and the Housing Choice Voucher program, administered by the HACSB, provide rental housing vouchers and affordable housing units. In addition, the City works with other agency partners that offer downpayment assistance homeownership programs for low- and moderate-income families.

The Mercy House Continuum of Care provides permanent affordable housing units with after-care services to assist formerly homeless individuals and families retain permanent housing. In addition, twelve Shelter Plus Care vouchers are available for use in Continuum of Care properties.

The Continuum of Care Manager position has been created to coordinate housing and services for individuals and families experiencing homelessness, and to oversee the daily activities and long-term planning of the Continuum of Care.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment, education, or youth needs.

Several programs, including the Ontario Access Center, the Family Stabilization Program at SOVA Program Center, and House of Ruth, provide referral services, counseling, case management, and household goods to families at-risk of homelessness, especially those living in poverty or with extremely low incomes. The City works in partnership with the San Bernardino County Department of Behavioral Health, Social Services Department, and Parole and Probation Department to provide referrals and resources to these agencies to assist individuals who are being discharged from mental health facilities, health care facilities, and other institutions.

AP-75 Barriers to affordable housing – 91.220(j)

Introduction

In addition to the housing activities already discussed in the One-Year Action Plan, the City will address key fair housing recommendations and objectives identified in the Analysis of Impediments to Fair Housing Choice (AI).

The AI addresses five specific target groups, tenants and property purchasers, property owners and managers, realtors, lenders and local government. Recommendations, actions, and a time period for completion will be completed for each target group.

Actions it planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment

Although the City does not have control over a number of factors that present barriers to affordable housing, the City does implement many programs to help facilitate the construction of affordable housing and assist renters and homeowners.

The City implements various housing programs to reduce or modify development standards that add costs to constructing affordable housing. These may include modification of parking, open space, and other standards through administrative exceptions. Moreover, considerable fee reductions are offered in return for affordability agreements. Finally, developers of affordable housing are also able to secure density bonuses that work to increase the cash flow of a project and indirectly mitigate the cost of construction, land costs, and financing constraints.

AP-85 Other Actions – 91.220(k)

Actions planned to address obstacles to meeting underserved needs

The City will continue to seek opportunities to obtain additional funding from other resources to leverage the use of HUD funds. The City monitors funding available from the State of California and other regional governmental entities to support the construction of affordable housing. In addition, the City utilizes other resources to fund public infrastructure and public facilities parks to enhance services provided to Ontario residents.

Actions planned to foster and maintain affordable housing

The City continues to monitor affordable housing units within Ontario to ensure ongoing affordability. In addition, the City seeks any available funding opportunities to add affordable housing units to its inventory.

Actions planned to reduce lead-based paint hazards

The City will continue to implement the HUD regulations concerning lead-based paint testing and abatement. Currently, City staff informs residents of activities in any housing rehabilitation program about lead-based paint hazards. This policy applies regardless of whether there are children present in the households. Furthermore, all rehabilitation projects are administered in compliance with HUD regulations concerning lead-based paint testing and abatement.

Most of Ontario's housing stock was constructed prior to the 1978 ban on lead-based paint. Therefore, most units potentially contain lead-based paint. The City will continue to identify specific neighborhoods and households, which may contain lead-based paint hazards.

Actions planned to reduce the number of poverty-level families

The City has included an Anti-Poverty/Vision for the Future Strategy within the Five-Year Consolidated Plan. In FY 2021-22, the City will continue to aggressively implement programs and activities that will generate jobs and tax revenue to help reduce the number of persons that are currently below the poverty level.

Actions planned to develop institutional structure

The City does not anticipate any gaps in the delivery of service based on the institutional structure of the City government, departments, or agencies. The Housing Department participates in a number of coalitions and collaborations to enhance coordination between the public and private housing and social service agencies providing services to Ontario residents. These coalitions include but are not limited to the following: County of San Bernardino Homeless Coalition, Inter-Agency Council on Homeless, and the HMIS Policy Advisory Board, and Housing Policy Advisory Committee.

Actions planned to enhance coordination between public and private housing and social service agencies

The Housing Department consulted with other key City departments in developing this One-Year Action Plan. These departments included: City Manager's Office, Economic Development Department, Development Department, Planning Department, Public Works Agency, Parks Department, Police Department, Fire Department, and Community Improvement Department. City staff also consulted with the following adjacent jurisdictions during the development of the One-Year Action Plan by providing them with a copy of the Draft One-Year Action Plan during the public review period: Upland, Chino, Rancho Cucamonga, Pomona, Fontana, and County of San Bernardino. Other key public and quasi-public agencies contacted in preparation of the plan included the County of San Bernardino Housing Authority, Upland Housing Authority, Ontario Housing Authority, and Inland Fair Housing and Mediation Board.

City staff will continue to cooperate with other organizations in order to achieve housing and community development objectives. The following list identifies organizations that the City anticipates interacting with and, in some cases, providing funds to during the next fiscal year:

- Inland Fair Housing and Mediation Board
- Inland Valley Hope Partners
- House of Ruth
- Ontario-Montclair School District
- Mercy House
- County of San Bernardino Department of Behavioral Health
- Housing Authority of the County of San Bernardino
- County of San Bernardino Interagency Council on Homelessness

Community Development Block Grant Program (CDBG) Reference 24 CFR 91.220(I)(1)

Projects planned with all CDBG funds expected to be available during the year are identified in the Projects Table. The following identifies program income that is available for use that is included in projects to be carried out.

1. The total amount of program income that will have been received before the start of the next program year and that has not yet been reprogrammed	0
2. The amount of proceeds from section 108 loan guarantees that will be used during the year to address the priority needs and specific objectives identified in the grantee's strategic plan.	0
3. The amount of surplus funds from urban renewal settlements	0
4. The amount of any grant funds returned to the line of credit for which the planned use has not been included in a prior statement or plan	0
5. The amount of income from float-funded activities	0
Total Program Income:	0

Other CDBG Requirements

1. The amount of urgent need activities	0
2. The estimated percentage of CDBG funds that will be used for activities that benefit persons of low and moderate income. Overall Benefit - A consecutive period of one, two or three years may be used to determine that a minimum overall benefit of 70% of CDBG funds is used to benefit persons of low and moderate income. Specify the years covered that include this Annual Action Plan.	100.00%

HOME Investment Partnership Program (HOME)
Reference 24 CFR 91.220(l)(2)

1. A description of other forms of investment being used beyond those identified in Section 92.205 is as follows:

The City does not use HOME funds in any other manner than those described in Section 92.205.

2. A description of the guidelines that will be used for resale or recapture of HOME funds when used for homebuyer activities as required in 92.254, is as follows:

The City will utilize recapture provisions for HOME-funded homebuyer activities. The City will recapture net proceeds after the homebuyer has recovered the homebuyer's entire investment (homebuyer's downpayment plus allowable expenditures for capital improvements made by the homebuyer). After the homebuyer's investment has been recovered, the City will then recapture the entire HOME loan amount or the portion remaining thereof in net proceeds. The amount subject to recapture is the direct subsidy made to the homebuyer. Capital improvements are permanent real property improvements and do not include maintenance items. The following items are examples of capital improvements: room addition, patio cover, in-ground pool and kitchen remodel. The following items are considered maintenance and would be ineligible for deduction: tools, annual flowers, and light bulbs. Painting and carpeting may be considered if the receipt is within five years and it adds to the overall value of the home.

An example of the recapture calculation is shown below:

HOME downpayment assistance = \$10,000

Homebuyer downpayment = \$2,000

Eligible capital improvements = \$3,000

Net proceeds = \$12,000

Net proceeds – Homebuyers Investment = Remaining net proceeds available for recapture (\$12,000 - \$5,000 = \$7,000).

In this example, the amount of HOME funds recaptured would be \$7,000.

3. A description of the guidelines for resale or recapture that ensures the affordability of units acquired with HOME funds? See 24 CFR 92.254(a)(4) are as follows:

The City will ensure that any property assisted with HOME funds complies with the periods of affordability requirement found at 24 CFR 92.254(a)(4) based on the level of HOME investment. Recapture provisions are utilized for HOME downpayment assistance loan programs, however the period of affordability remains unaffected, even if the funds are repaid prior to the expiration of the affordability period.

4. Plans for using HOME funds to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds along with a description of the refinancing guidelines required that will be used under 24 CFR 92.206(b), are as follows:

The City has no plans for using HOME funds to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds.

**Emergency Solutions Grant (ESG)
Reference 91.220(l)(4)**

1. Include written standards for providing ESG assistance (may include as attachment)
Written standards for the provision of ESG assistance are attached in Appendix F.
2. If the Continuum of Care has established centralized or coordinated assessment system that meets HUD requirements, describe that centralized or coordinated assessment system.

The City is currently working in cooperation with the San Bernardino County Office of Homeless Services to implement the coordinated entry system established by the San Bernardino County Continuum of Care. ESG Written Standards

City of Ontario

Written Standards for Provision of Emergency Solutions Grant (ESG) Assistance

The purpose of this document is to provide written standards for providing ESG assistance as required by 24 CFR 576.400(e)(1).

1. Standard policies and procedures for evaluating individuals' and families' eligibility for assistance under ESG.

Per 24 CFR 576.401 ESG subrecipients must conduct an initial evaluation to determine each individual's or family's eligibility for ESG assistance and the amount and types of assistance the individual or family needs to regain stability in permanent housing. These evaluations must be conducted in accordance with the centralized or coordinated assessment requirements set forth under §576.400(d) which is pending development by the San Bernardino County Continuum of Care (CoC).

ESG subrecipients must re-evaluate the program participants eligibility and the types and amounts of assistance the participant needs not less than once every three months for participants who are receiving homelessness prevention assistance, and not less than once annually for participants who are receiving rapid re-housing assistance.

At the subrecipient's discretion, re-evaluations may be conducted more frequently than required by 24 CFR 576.401(b)(1) and may also be incorporated into the case management process which must occur not less than monthly for homelessness prevention and rapid re-housing participants (see 24 CFR 576.401(e)(1)(i)). Regardless of which timeframe is used, re-evaluations must at a minimum establish that:

- a. The program participant does not have an annual income that exceeds 30% of median family income for the area, as determined by HUD; and the program participant lacks sufficient resources and support networks necessary to retain housing without ESG assistance. To determine if an individual or family is income eligible, the subrecipient must examine an individual's or family's annual income to ensure that it does not exceed the most current area income limits posted on HUD's website found at: <http://www.huduser.org/portal/datasets/il.html>.

Note: Annual income must be below 30% at the time of initial evaluation and re-evaluation.

- b. When the program participant's income or other circumstances change (*e.g.*, changes in household composition) that affects the program participant's need for assistance under ESG, the subrecipient must re-evaluate the program participant's eligibility and the amount and types of assistance the program participant needs.
2. Standard for targeting and providing essential services related to street outreach.

ESG funds may be used for costs of providing essential services necessary to reach out to unsheltered homeless people; connect them with emergency shelter, housing, or critical services; and provide urgent non-facility-based care to unsheltered homeless people who are unwilling or unable to access emergency shelter, housing, or an appropriate health facility. For the purposes of this section, the

term “unsheltered homeless people” means individuals and families who qualify as homeless under paragraph (1)(i) of the “homeless” definition under 24 CFR 576.2.

As outlined in 24 CFR 576.101, essential services consist of:

- a. Engagement;
- b. Case management;
- c. Emergency health services – only when other appropriate health services are inaccessible or unavailable within the area;
- d. Emergency mental health services – only when other appropriate mental health services are inaccessible or unavailable within the area;
- e. Transportation; and
- f. Services for special populations.

ESG subrecipients must determine an individual’s or family’s vulnerability and unwillingness or inability to access emergency shelter, housing, or an appropriate health facility, prior to providing essential services under this component to ensure that ESG funds are used to assist those with the greatest need for street outreach assistance.

3. Policies and procedures for admission, diversion, referral, and discharge by emergency shelters.
 - a. Emergency Shelter Definition (24 CFR 576.2) – Any facility, the primary purpose of which is to provide a temporary shelter for the homeless in general or for specific populations of the homeless and which does not require occupants to sign leases or occupancy agreements. This definition excludes transitional housing. However, projects that were funded as an emergency shelter (shelter operations) under the FY 2010 Emergency Shelter Grants program may continue to be funded under the emergency shelter component under the Emergency Solutions Grant program, regardless of whether the project meets the revised definition.
 - b. Admission, Diversion, Referral, and Discharge – Consistent with section (1) of this document, ESG subrecipients must conduct an initial evaluation of all individuals or families to determine if they should be admitted to an emergency shelter, diverted to a provider of other ESG funded components (*e.g.*, rapid re-housing or homelessness prevention assistance) and/or referred for other mainstream resources.

ESG subrecipients must determine that individuals meet criteria (1), (2), (3), or (4) of the homeless definition under 24 CFR 576.2 and rate the individual’s or family’s vulnerability to ensure that only those individuals or families that have the greatest need for emergency shelter assistance receive ESG-funded assistance.

Beyond basic eligibility and need as established by ESG regulations, ESG subrecipients may develop specific written policies regarding additional screening, such as substance abuse or criminal activity, to restrict its services and provide a safe environment for all clients. ESG subrecipients may also establish written policies for maximum length of stay.

ESG subrecipients must also reassess emergency shelter participants, on an ongoing basis, to determine the earliest possible time that they can be discharged to permanent housing.

- c. Safety and Shelter Needs of Special Populations – ESG funds may be used to provide services for homeless youth, victim services, and services for people living with HIV/AIDS, so long as the costs of providing these services are eligible under the regulations of the emergency shelter component found at 24 CFR 576.102.

Consistent with ESG recordkeeping and reporting requirements found at 24 CFR Part 576.500, ESG subrecipients must develop and apply written policies to ensure the safety of program participants through the following actions:

- i. All records containing personally identifying information (as defined in HUD’s standards for participation, data collection, and reporting in a local HMIS) of any individual or family who applies for and/or receives ESG assistance will be kept secure and confidential.
 - ii. The address or location of any domestic violence, dating violence, sexual assault, or stalking shelter project assisted under ESG will not be made public, except with written authorization of the person responsible for the operation of the shelter.
 - iii. The address or location of any housing of a program participant, including youth, individuals living with HIV/AIDS, victims of domestic violence, dating violence, sexual assault, stalking, and individuals and families who have the highest barriers to housing will not be made public, except as provided under a pre-existing privacy policy of the subrecipient and consistent with state and local laws regarding privacy and obligations of confidentiality.
- d. ESG subrecipients must adhere to the ESG shelter and housing standards found at 24 CFR 576.403 to ensure that shelter and housing facilities are safe, sanitary, and adequately maintained.
4. Policies and procedures for assessing, prioritizing, and reassessing individuals’ and families’ needs for essential services related to emergency shelter.

ESG funds may be used to provide essential services to individuals and families who are in an emergency shelter. Essential services for participants of emergency shelter assistance can include case management, child care, education services, employment assistance and job training, outpatient health services, legal services, life skills training, mental health services, substance abuse treatment services, transportation, and services for special populations.

ESG subrecipients are responsible to assess an individual’s or family’s need for emergency shelter and must reassess their need on an ongoing basis to ensure that only those individuals or families with the greatest need receive ESG-funded emergency shelter assistance.

Upon completion and implementation of the CoC’s centralized or coordinated entry system, ESG subrecipients shall be required to use that system to help determine an individual’s or family’s need for emergency shelter or other ESG-funded assistance.

5. Policies and procedures for coordination among emergency shelter providers, essential services providers, homelessness prevention and rapid re-housing assistance providers, other homeless assistance providers, and mainstream service and housing providers.

Coordination to assist the homeless and prevent homelessness will come from the leadership of the countywide CoC. Active engagement and membership in the CoC or a local homeless coalition is strongly encouraged for ESG subrecipients. ESG subrecipients shall be required to utilize the San Bernardino County HMIS tracking system to coordinate delivery of services.

6. Policies and procedures for determining and prioritizing which eligible families and individuals will receive homelessness prevention assistance and which eligible families and individuals will receive rapid re-housing assistance.

The key to the success of any program is a screening and assessment process, which thoroughly explores a family's or individual's situation and pinpoints their unique housing and service needs. Based upon the assessment, families and individuals should be referred to the kinds of housing and services most appropriate to their situations and need.

Once in place, a centralized or coordinated entry system will help to better match individuals and families with the most appropriate assistance. Under homelessness prevention assistance, funds are available to persons below 30% of Area Median Income who are homeless or at risk of becoming homeless.

ESG funds can be used to prevent an individual or family from becoming homeless and/or regain stability in current housing or other permanent housing. Rapid re-housing funding will be available to those who are literally homeless to ultimately move into permanent housing and achieve housing stability.

7. Standards for determining what percentage or amount of rent and utilities costs each program participant must pay while receiving homelessness prevention or rapid re-housing assistance.

Standards for both homelessness prevention and rapid re-housing for determining the share of rent and utilities costs that each program participant must pay, if any, will be based on the following:

- a. Rental assistance cannot be provided for a unit unless the rent for that unit is at or below the Fair Market Rent limit, established by HUD. A complete listing of Fair Market Rents can be found at <http://www.huduser.org/portal/datasets/fmr.html>.
- b. The rent charged for a unit must be reasonable in relation to rents currently being charged for comparable units in the private unassisted market and must not be in excess of rents currently being charged by the owner for comparable unassisted units (see 24 CFR 574.320).
- c. There must be a rental assistance agreement and lease between property manager and tenant as well as the owner of the property and ESG subrecipient.
- d. The rental unit must meet minimum habitability standards found at 24 CFR 576.403.
- e. No rental assistance may be made to an individual or family that is receiving rental assistance from another public source for the same time period.

Per 24 CFR 576.106 (e), ESG subrecipients may make rental assistance payments only to an owner with whom the subrecipient has entered into a rental assistance agreement. The rental assistance agreement must set forth the terms under which rental assistance will be provided, including the requirements that apply under this section. The rental assistance agreement must provide that,

during the term of the agreement the owner must give the subrecipient a copy of any notice to the program participant to vacate the housing unit, or any complaint used under state or local law to commence an eviction action against the program participant.

The participant's portion of the amount of rent and utilities will be determined by the participant's ability to pay. Assistance provided will be up to one month of rental assistance. Other assistance, such as utility assistance will be evaluated on an as needed basis. Considerations will be made with regard to the presence, or absence, of other resources available in the community.

8. Standards for determining how long a particular program participant will be provided with rental assistance and whether and how the amount of assistance will be adjusted over time.

Subject to the general conditions under 24 CFR 576.103 and 24 CFR 576.104, ESG subrecipients may provide a program participant with up to 24 months of rental assistance during any three-year period. This assistance may be short-term rental assistance, medium-term rental assistance, payment of rental arrears, or any combination of this assistance.

Short-term rental assistance is assistance for up to three months of rent. Medium-term rental assistance is assistance for more than three months, but not more than 24 months of rent. Payment of rental arrears may consist of a one-time payment for up to six months of rent in arrears, including any late fees on those arrears.

The maximum amount of rental assistance provided and an individual's or family's level of responsibility for rent payments over time shall be determined by the ESG subrecipient and shall be reflective of the individual's or family's need for rental assistance and the level of financial resources available to the ESG subrecipient. ESG subrecipients shall maintain written policies regarding their standards for the amount and duration of rental assistance as covered by this section.

9. Standards for determining type, amount, and duration of housing stabilization and/or relocation services to provide a program participant, including the limits, if any, on homelessness prevention or rapid re-housing assistance that each program participant may receive, such as maximum amount of assistance, maximum number of months the program participant may receive assistance, or the maximum number of times the program participant may receive assistance.

Subject to the general conditions under 24 CFR 576.103 and 24 CFR 576.104, subrecipients may use ESG funds to pay housing owners, utility companies, and other third parties for some or all of the following costs:

- a. Rental application fees;
- b. Security deposits;
- c. Last month's rent;
- d. Utility deposits;
- e. Utility payments;
- f. Moving costs; and
- g. Some limited services costs.

Consistent with 24 CFR 576.105 (c), ESG subrecipients shall determine the type, maximum amount, and duration of housing stabilization and/or relocation services for individuals and families who are in need of homelessness prevention or rapid re-housing assistance through the initial evaluation, re-evaluation, and ongoing case management processes. ESG subrecipients shall be required to maintain written policies on the type, maximum amount, and duration of housing stabilization and/or relocation services provided with ESG funds.

Consistent with 24 CFR 576.105 (d), financial assistance for housing stabilization and/or relocation services cannot be provided to a program participant who is receiving the same type of assistance through other public sources or to a program participant who has been provided with replacement housing payments under the Uniform Relocation Act (URA) during the period of time covered by the URA payments.

Citizen Participation Plan

CITIZEN PARTICIPATION PLAN

A. Purpose

The City of Ontario is an entitlement jurisdiction receiving Community Development Block Grant (CDBG), HOME Investment Partnership (HOME), and Emergency Solutions Grant (ESG) funds directly from the U.S. Department of Housing and Urban Development (HUD). Pursuant to the program regulations, the City is required to prepare a five-year Consolidated Plan, annual action plans to guide and report on the use of CDBG, HOME, and ESG funds, and annual reports of program performance, Consolidated Annual Performance and Evaluation Reports (CAPER). Beginning with the program year starting on July 1, 2020, the City will also be required to submit an Assessment of Fair Housing (AFH) every five years. The AFH replaces the Analysis of Impediments to Fair Housing (AI) to assist the City in identifying fair housing issues.

This Citizen Participation Plan sets forth the City of Ontario's policies and procedures for citizen participation in the development of the Consolidated Plan, One-Year Action Plan, CAPER, and AFH documents, and any subsequent amendments. The Citizen Participation Plan provides an opportunity for nonprofit service agencies and the community to work in partnership with the City to identify needs and allocate HUD funds. While this plan encourages the participation of all citizens, special assurances will be made to ensure the participation of the following: extremely low-, low-, and moderate-income persons; persons living in areas where federal funds are proposed to be used; residents of assisted housing; low income residents of target revitalization areas; minorities; non-English speaking persons; and persons with physical disabilities.

B. Definitions

For purposes of the CDBG, HOME, and ESG programs, the following definitions will apply:

Action Plan (AP) – A component of the Consolidated Plan Document which highlights the activities to be conducted during a single Program year in support of the priorities identified in the Consolidated Plan.

Consolidated Annual Performance and Evaluation Report (CAPER) – An annual performance report of all HUD-funded Community Planning and Development Programs (CDBG, HOME, ESG, and HOPWA).

Consolidated Plan Documents (CPD) - For the CDBG, HOME, and ESG programs for the City of Ontario, the Consolidated Plan Documents will include the following:

- Five-Year Consolidated Plan
- Five-Year Assessment of Fair Housing (AFH)
- Citizen Participation Plan
- One-Year Action Plan
- Consolidated Annual Performance Evaluation and Report (CAPER)

Consolidated Program Year (see also Program Year) - The 12-month period for implementing the CDBG, HOME, ESG, and HOPWA programs. The Program Year shall run for a 12-month period and begin on the first calendar day of the fiscal year.

Cost Burden – The extent to which gross housing costs, including utility costs exceed 30 percent of gross income, based on data available from the U.S. Census Bureau.

Elderly Person – A person who is at least 62 years of age.

Extremely Low-Income Household – A household whose income does not exceed 30% of the median family income for the county.

Large Family – Family of five or more persons.

Low-Income Household – A household whose income does not exceed 50% of the median family income for the County.

Low and Moderate Income Neighborhood – A census block group (s) in which a minimum of 51% of the residents have an income not exceeding 80% of the median income for the County.

Moderate-Income Household – A household whose income does not exceed 80% of the median family income for the County.

Program Year – The City has defined the Program Year as July 1 through June 30. The Program Year also corresponds with the City’s fiscal Year.

Slum or Blighted Area - An area meeting the definition of a slum, blighted, deteriorated or deteriorating area under State or local law, typically identified as a Redevelopment Project Area, or where there are a substantial number of deteriorating or dilapidated buildings and/or improvements throughout the area.

C. Citizen Participation Strategy

The City of Ontario recognizes that CDBG, HOME, and ESG funds are federal tax funds returned to the City to be used primarily to benefit extremely low-, low-, and moderate-income persons. City staff and officials are stewards of this public money and will openly discuss all records, except those confidential records protecting a household's privacy. The City presents the following as its policy defining its Citizen Participation Strategy.

D. Decision Making Bodies

City Council: After reviewing the recommendations on capital outlay projects, administration, and public service projects made by Agency staff and considering public testimony and comments, the City Council shall make the final funding determinations for the CDBG, HOME and ESG funds.

E. Program Planning Process

The City of Ontario will adhere to the following citizen participation process when conducting program planning and reporting for the CDBG, HOME and ESG programs.

1. Five-Year Consolidated Plan/One-Year Action Plan

a. Plan Development

During the development of the Five-Year Consolidated Plan, and subsequent One-Year Action Plans, the City will consult with various services/agencies to solicit their input on housing and community development needs:

- Health Services Providers
- Social Services for: Children, Elderly, Disabled, Homeless, Persons With AIDS
- Local Continuums of Care providing services to homeless individuals and/or families
- State and Local Health Agencies
- Adjacent Local Governments
- Economic Development Interests
- Public Housing Agency

A variety of mechanisms may be utilized to solicit input from these persons/service providers/agencies. These include telephone or personal interviews, mail surveys, and consultation workshops.

Public Review and Comment: For Program Years 2019 and 2020, the City of Ontario will exercise the waiver afforded by the CARES Act (Public Law 116-136) and have a reduced public comment period of 5 days for the Consolidated Plan and One-Year Action Plan. In all other Program Years, the draft Consolidated Plan/Action Plan will be made available for public review for a 30-day period. Written comments will be accepted during the public review period. A summary of the comments and views, and City responses shall be attached to the Consolidated Plan/Action Plan. The plan will be available at a minimum on the City's website at www.ontarioca.gov and physical copies may be made available at the following locations: Records Management Department, 303 E. B St., Ontario, CA 91764; Ovitt Community Library, 215 E. C St., Ontario, CA 91764; and Housing and Neighborhood Preservation Agency, 208 W. Emporia St., Ontario, CA 91762, at the City's discretion.

Community Forums/Public Hearings: The City will conduct a minimum of two community forums/public hearings at different stages of each program year. One of the required community forums/public hearings will be conducted prior to the publication of the proposed Consolidated Plan/Action Plan.

At least one community forum/public hearing will be conducted to accept public input on community needs during the development stage of the Draft Consolidated Plan/Action Plan. This community forum/public hearing will be advertised at least once in a newspaper of local circulation at least 10 days prior to the meeting.

b. Plan Amendment

Substantial Change: The City will formally amend its approved Five-Year Consolidated Plan or One-Year Action Plan whenever a decision is made to propose a substantial change in allocation priorities or method of distribution of funds.

For the purpose of the Five-Year Consolidated Plan, a "substantial change" is defined as follows:

For CDBG or ESG Funded Projects:

- A net increase or decrease greater than 100% of the activity allocation if the allocation is \$50,000 or more as listed in a published One-Year Action Plan, or as amended; or
- a net increase or decrease greater than \$50,000 of the activity allocation if the allocation is less than \$50,000 as listed in a published One Year Action Plan or amended; or
- A net increase or decrease in an activity allocation greater than \$300,000; or
- A new activity not previously identified in the One Year Action Plan.

For HOME Funded Projects:

- A new activity not previously identified in the One Year Action Plan.
- In an effort to meet HOME timeliness and commitment requirements, HOME funds may be reallocated between Single-Family/Multi-Family New Construction/Rehabilitation Project and Tenant Based Rental Assistance Program activities without triggering a substantial amendment.

Public Review and Comment: For Program Years 2019 and 2020, the City of Ontario will exercise the waiver afforded by the CARES Act (Public Law 116-136) and have a reduced public comment period of 5 days for substantial amendments to the Consolidated Plan and One-Year Action Plan. In all other Program Years, substantial amendments to the Consolidated Plan/Action Plan will be made available for a 30-day public review. Written comments will be accepted during the public review period. The plan will be available at a minimum on the City's website at www.ontarioca.gov, and physical copies may be made available at the following locations: Records Management Department, 303 E. B St., Ontario, CA 91764; Ovitt Community Library, 215 E. C St., Ontario, CA 91764; and Housing and Neighborhood Preservation Agency, 208 W. Emporia St., Ontario, CA 91762, at the City's discretion. A summary of the comments and views, and City responses must be attached to the amendment.

City Council Review and Consideration: The City Council will review and consider the request for an amendment to the Consolidated Plan/Action Plan at a City Council meeting. At that time, the City Council can approve, approve with modifications, or deny the request for an amendment to the Consolidated Plan/Action Plan. At such meeting, staff will provide the City Council with all public input received on the proposed amendment to the Consolidated Plan/Action Plan. Upon City Council approval of the substantial amendment, the City will make the approved amendment public and will notify HUD. A copy of each substantial amendment will be sent to HUD as it occurs. Letters transmitting copies of substantial amendments will be signed by the official representative of the City authorized to take such action.

c. Submission of the Consolidated Plan to HUD

After the conclusion of the public review period, City Council will adopt the Consolidated Plan/Action Plan pursuant to HUD regulations and will direct staff to prepare a final Consolidated Plan/Action Plan or other relevant document. A summary of all comments or views, and a summary of any comments or views not accepted and the reasons therefore, shall be attached to the final Consolidated Plan. The final Consolidated Plan/Action Plan will be submitted to HUD 45 days before the program year, or as otherwise permitted via waiver, pursuant to regulations.

2. Consolidated Annual Performance and Evaluation Report (CAPER)

a. Plan Development

Public Review and Comment: The Consolidated Annual Performance and Evaluation Report (CAPER) will be made available for a 15-day public review. Written comments will be accepted during the public review period. A summary of the comments and views, and City responses must be attached to the CAPER.

Public Hearing: The City Council will conduct a public hearing to accept public input on the Consolidated Annual Performance and Evaluation Report (CAPER).

Submission of the Performance Report to HUD: After the conclusion of the public review period, City Council will adopt the CAPER pursuant to HUD regulations and will direct staff to prepare a final CAPER or other relevant document. A summary of all comments or views, and a summary of any comments or views not accepted and the reasons therefore, shall be attached to the final CAPER. The final CAPER will be submitted to HUD pursuant to regulations.

3. Five-Year Assessment of Fair Housing (AFH)

a. Plan Development

During the development of the Five-Year AFH, the City will consult the following groups/agencies to solicit their input on fair housing issues in the City:

- Fair Housing Organizations

- Other local governments
- Advocacy groups for special needs households
- Affordable housing providers
- Banks and other financial institutions
- Educational institutions

A variety of mechanisms may be utilized to solicit input from these groups/agencies. These include telephone or personal interviews, mail surveys, and consultation workshops.

HUD AFH Data: The City will make the HUD-provided data and any other supplemental information planned to be used in the development of the AFH available to the public via its website as soon as feasible after the release of the AFH document for public participation.

Public Review and Comment: The draft AFH will be made available for public review for a 30-day period. Written comments will be accepted during the 30-day public review. A summary of the comments and views, and City responses must be attached to the AFH.

Community Forums/Public Hearings: The City will conduct at least one community forum/public hearing to accept public input on fair housing issues during the development stage of the draft AFH.

b. AFH Plan Revisions

The City of Ontario will prepare a revision to a previously accepted AFH when any of the following occurs:

Material Change: A material change is a change in circumstances in the City to the extent that the analysis, the fair housing contributing factors, or the priorities and goals of the AFH no longer reflect actual circumstances. These change in circumstances may be the result of a Presidentially declared disaster, significant demographic changes, new significant contributing factors, and civil rights findings, determinations, settlements, or court orders.

HUD Request: HUD's written notification specifying a material change that requires an AFH revision.

When an AFH revision is required, it will be completed within 12 months of the onset of the material change or by the date specified by HUD.

A summary of the comments and views, and City responses must be attached to the revised AFH.

Submission to HUD: The revised AFH will be submitted to HUD upon completion of the public review.

F. Public Notification

1. Public Meetings and Hearings

Staff will ensure adequate advance notice of all public meetings and hearings. Adequate noticing will include:

Awards to agencies are regularly made through a renewable contract that can be extended for an additional one year period, at the discretion of the City.
- Provide self-explanatory project proposal forms and instructions to all persons who request them whether by telephone or by letter. The City's funding application form is designed to be easily understood and short, while still addressing all key items necessary to assess the proposed project. Statistics concerning specific areas of the City are furnished by City staff upon request.
- Answer, in writing, all written questions and answer verbally all verbal inquiries received from citizens or representative groups regarding how to write or submit eligible project proposals.
- Meet with groups or individuals as requested, to assist in identifying specific needs and to assist in preparing project proposal applications.
- Obtain information in the form of completed project proposal forms from citizens or non-profit agencies and assemble a list of proposals available for public review.

- Conduct a project eligibility analysis to determine, at an early stage, the eligibility of each project. In cases where only minor adjustments are needed to make proposals eligible or otherwise practical, City staff will advise the applicants on the options available and desired changes to the proposals.
- Provide bilingual translation on as needed basis.

7. Comments and Complaints

a. Comments

Citizens, as well as agencies providing services to the community, are encouraged to submit their comments in the development of the CPD and any amendments to the CPD. Copies of the complete final CPD and amendments to the CPD will be available to residents on the City's website at www.ontarioca.gov.

G. Complaints

A complaint regarding the CPD planning process and CPD amendments must be made within the advertised public review period. A written response will be made to all written complaints within 10 working days, acknowledging the letter and identifying a plan of action, if necessary.

The City will accept written complaints provided they specify:

- The description of the objection, and supporting facts and data.
- Provide name, address, telephone number, and a date of complaint.

H. Bilingual Opportunities

Wherever a significant number of extremely low- and low-income persons speak and read a primary language other than English, translation services at all public hearings will be provided in such language if translation services are requested in advance at least 72 hours prior to the public meeting.

Executive Summary

The City of Ontario has been allocated \$2,713,297 of HOME-American Rescue Plan Act (HOME-ARP) funding from the US Department of Housing and Urban Development (HUD). In order to receive the HOME-ARP allocation, the City must develop a HOME-ARP Allocation Plan that will become part of the City's PY 2021 HUD Annual Action Plan by substantial amendment. To ensure broad input into the HOME-ARP Allocation Plan from stakeholders and the public, the City engaged in consultation with stakeholders and the public, including a virtual consultation session, a survey of stakeholders, a 15-day public comment period, and a public hearing.

The needs assessment and gap analysis identified the following needs and gaps within the City:

- In January 2022, the annual Point in Time (PIT) count revealed that 88 people were residing in emergency housing, either in shelter or transitional housing. Another 105 people were unsheltered on the streets, in tents or makeshift shelters, or in cars, vans, RVs or campers.
- The 2015-2019 CHAS Data from HUD reported 6,100 households with incomes at or below 30% AMI are at risk of homelessness in the City.
- The 2015-2019 HUD CHAS data indicates there are 4,245 renter households with an annual income at or below 30% AMI with a cost burden that are at greatest risk of housing instability.
- The greatest need for supportive services is in the areas of affordable housing, financial assistance, homeless services, employment training services, and youth services.

To address these needs within the community, the City will utilize HOME-ARP funds to establish a tenant-based rental assistance program and administration and planning for the HOME-ARP program.

Consultation and Public Participation

HUD requires each HOME-ARP Participating Jurisdiction to consult with agencies and service providers whose clientele include the HOME-ARP qualifying populations. Agencies that must, at a minimum, be consulted include the Continuum of Care serving the jurisdiction's geographic area, homeless and domestic violence service providers, veterans' groups, public housing agencies (PHAs), public agencies that address fair housing, civil rights, and the needs of persons with disabilities.

HUD also requires that each Participating Jurisdiction provide opportunities for the public to comment on the proposed Allocation Plan, including the amount of HOME-ARP funds that will be received and the range of activities that the City may undertake.

To ensure broad input into the HOME-ARP Allocation Plan from stakeholders and the public, the City engaged in consultation with stakeholders and the public, including a virtual consultation session, a community and stakeholder survey, a 15-day public comment period, and a public hearing.

Summarize the Consultation Process

The City of Ontario consulted with representatives from multiple agencies, groups, and organizations involved in the development of affordable housing, addressing homelessness, and the provision of services to qualifying populations in preparing its HOME-ARP Allocation Plan. These stakeholders have relevant knowledge that can speak to the needs, service gaps, and potential activities that would best benefit the qualifying populations.

Staff hosted a virtual session on December 1, 2022, with representatives from multiple agencies, groups, and organizations invited to attend. Those unable to attend were invited to submit written comments via emails or schedule a phone call to share their thoughts. The virtual consultation session included an overview of the HOME-ARP notice to inform attendees of the qualifying populations and eligible activities, an opportunity to ask clarifying questions, a request for input into needs, gaps, priority populations and activities, and an overview of the City's HOME-ARP Allocation Plan timeline and process.

A survey consisting of 11 questions was shared with the consulted agencies and the at large community with the intention of quantifying the preferred use of the HOME-ARP funds. The City received survey responses from November 14, 2022 until December 4, 2022. Preliminary survey results were shared during the virtual session on December 1, 2022.

The City's virtual session was attended by 11 representatives of 10 agencies. The survey received 54 responses from both community members and service agencies. All HOME-ARP required agency types were represented in either the virtual session or the online survey or by email.

Needs Assessment and Gaps Analysis

The needs assessment and gap analysis must evaluate the size and demographic composition of HOME-ARP qualifying populations, and unmet needs of HOME-ARP qualifying populations. In addition, the needs assessment and gap analysis must identify any gaps within its current shelter and housing inventory, and service delivery system. This needs assessment and gap analysis focuses on the following:

1. Sheltered and unsheltered homeless populations;
2. Currently housed populations at risk of homelessness;
3. Other families requiring services or housing to prevent homelessness; and
4. Those at greatest risk of housing instability or unstable housing situations.

Describe the size and demographic composition of qualifying populations within the PJ's boundaries:

The U.S. Department of Housing and Urban Development (HUD) requires that all Continuum of Care jurisdictions across the country complete a biennial unsheltered count and an annual sheltered count of all individuals experiencing homelessness in the community on a single point in time. The February 2022 point-in-time (PIT) count of both sheltered and unsheltered homelessness published by San Bernardino County Continuum of Care, the lead Continuum of Care agency, is used for this analysis. The County's PIT does not report on family status.

Homeless

At the time of the PIT, there were 3,333 homeless persons in San Bernardino County. Of this total, 71.7% (2,389 persons) were unsheltered and 28.3% (944 persons) were sheltered.

Of the 2,389 unsheltered persons counted, 2,373 were adults and 16 were children under age 18 in families. White persons made up 61% of the total homeless population, 18% were Black or African American, 15% are listed in the Other category, 3% are American Indian or Alaska Native, and 1% were Asian. Hispanic or Latinos made up nearly 36% of the 2,373 unsheltered homeless persons. Additionally, there were 166 veterans, 56 transitional age youth (18-24 years old), and 166 persons experiencing homelessness due to fleeing domestic violence, dating violence, sexual assault, or stalking.

There were 944 people experiencing sheltered homelessness in the County at the time of the PIT. People are considered sheltered when they are residing in emergency shelter or transitional housing, but not when they are receiving rapid rehousing assistance or residing in permanent supportive housing. Among individuals experiencing sheltered homelessness, White persons made up 53% of the total sheltered

population, 32% were Black or African American, 10% are listed in the Other category, and 3% are American Indian or Alaska Native. 50% of the 944 sheltered homeless persons identified as Hispanic or Latino. Additionally, there were 29 veterans, 56 transitional age youth (18-24 years old), and 71 persons experiencing homelessness due to fleeing domestic violence, dating violence, sexual assault, or stalking.

At Risk of Homelessness

To account for persons at-risk of becoming homeless, the most recent (2015-2019) Comprehensive Housing Affordability Strategy (CHAS) data was analyzed. This data contains two particular characteristics of households that meets the definition of “at risk of homelessness” found in 24 CFR Part 91.5. First, the CHAS data breaks down occupied housing units by HUD Area Median Family Income (HAMFI), including 30% and below of HAMFI (HUD Area Median Family Income). Next, the CHAS data provides information on occupied housing units with households that are severely cost burdened; that is, they are spending more than 50% of their income on housing related expenses. For renters, that includes rent and utilities.

The CHAS data shows that of the 23,505 renter households in the City of Ontario, 4,245 or 18% are occupied by households earning 30% or less of the HAMFI. Further, of these households, 88% (3,740) have one or more housing problems, defined as housing units that: 1) lack complete kitchen facilities; 2) lack complete plumbing facilities; 3) are over overcrowded; and 4) are cost burdened. A household is said to have a housing problem if they have any one or more of these four problems.

CHAS data revealed that of the 4,245 households earning less than 30% HAMFI, 77% are severely cost-burdened. Severely cost burdened households are spending more than 50% of their income on housing related expenses, leaving the remaining 50% or less of their income available for other daily necessities such as food, gas, and healthcare. Households under this cost burden are often forced to choose between housing stability and other necessities putting them at a higher risk of homelessness.

Fleeing, or Attempting to Flee, Domestic Violence, Dating Violence, Sexual Assault, Stalking, or Human Trafficking, as defined by HUD in the Notice

The State of California Department of Justice maintains statistics on domestic violence statewide by jurisdiction. In 2021, the local law enforcement agencies responded to a total of 746 calls related to domestic violence in the City.

Therefore, if each one of these calls represented a household with member(s) who required housing assistance, it can be estimated that there were up to 320 households in 2021 who were in need of some form of housing assistance. The form of housing assistance required may vary depending on the specific circumstances of each case.

In addition to those households above estimated to be in need of housing assistance, the 2022 San Bernardino County Point in Time count reported 166 unsheltered homeless persons and 71 sheltered homeless persons currently experiencing homelessness due to fleeing domestic violence, dating violence, sexual assault or stalking.

Other Populations

Other populations, as defined by HOME-ARP, include those who:

1. Are currently housed and at risk of repeat homelessness;
2. Have incomes at or below 30% AMI and are experiencing severe housing cost burden; and
3. Otherwise meet the definition of at risk of homelessness and have incomes of more than 30% and at or below 50% AMI.

Currently housed and at risk of repeat homelessness

The Homelessness Policy Research Institute indicates that up to 10.3% of individuals exiting emergency shelter or transitional housing in any given year will return to homelessness within 12 months. The San Bernardino County PIT showed that in 2022, 944 persons were in emergency shelters and transitional housing facilities, therefore the risk of repeat homelessness is approximately 85 people per year.

At greatest risk of housing instability – Households with incomes < 30% AMI and experiencing severe housing cost burden

Persons at greatest risk of housing instability are those that: 1) are earning 30% or below the HAMFI and are severely cost-burdened (paying 50% or more on housing); or 2) are earning 50% or less of HAMFI and meet one of the following conditions:

1. Has moved two or more times in the two months immediately preceding their application for homelessness prevention assistance.
2. Is living in the home of another because of economic hardship.
3. Has been formally notified of eviction within 21 days after the date of application for assistance.
4. Lives in a hotel or motel and the cost of staying at the hotel or motel is not borne by a federal, state, or local government program.
5. Lives in an over-crowded (more than one person per room) single-room occupancy (SRO) or efficiency apartment units, or lives in a severely overcrowded (more than 1.5 persons per room) larger housing unit.
6. Is exiting a publicly funded institution, or system of care (health care facility, mental health facility, foster care or other youth facility, or correction program or institution).
7. Otherwise lives in housing that has characteristics associated with instability and an increased risk of homelessness, as identified in the recipient's approved Consolidated Plan.

For the first group of households at greatest risk of housing instability, 2015-2019 HUD CHAS data indicates there are 4,680 renter households with annual income less than 30% AMI that are severely cost burdened.

Information on each of the conditions listed above for the second category of persons at greatest risk of housing instability is not readily available, with the exception of data on overcrowding. The 2015-2019 CHAS data described 7,095 households in the City of Ontario earning 50% or less of the AMI, with at least 1 of 4 Housing Problems. As one of these Housing Problems is overcrowding, potentially, 30% of all 23,505 renter households within the City are at risk of housing instability.

At greatest risk of housing instability – Households with incomes 30-50% AMI that meet HUD’s §91.5 definition of at risk of homelessness

Households in this category are those with incomes between 30% and 50% AMI that lack sufficient resources or support networks to prevent homelessness, and:

1. Have moved more than two times due to economic reasons in the past 60 days;
2. Are doubled up with another household due to economic hardship;
3. Will be evicted within 21 days;
4. Live in a hotel or motel without financial assistance from a nonprofit or government entity;
5. Live in an efficiency apartment and are overcrowded; or
6. Are exiting a publicly funded institution or system of care.

HUD Comprehensive Housing Affordability Strategy (CHAS) 2014-2018 data Table 10 provides information on households that include more than one family, household income level and overcrowding. This CHAS data indicates there are approximately 15,685 households with incomes between 30% and 50% AMI that are at risk of homelessness in the City. 1

Identify and consider the current resources available to assist qualifying populations, including congregate and non-congregate shelter units, supportive services, TBRA, and affordable and permanent supportive rental housing (Optional):

The City of Ontario is a recipient of the annual Community Development Block Grant (CDBG), Emergency Solutions Grant (ESG) and HOME Investment Partnership Act Program (HOME). Together, the City receives approximately \$2.8 million from these entitlement programs to address affordable housing and low- and moderate-income community development needs. Additionally, the City received special allocations of CARES Act CDBG in the amount of \$2.3 million and CARES Act ESG in the amount of \$3.2 million in 2020 as a response to the COVID-19 pandemic.

Ontario uses its federal funding on a variety of projects and programs that serve the qualifying populations already. For example, HOME funds are used to provide 38 lower income households a year with Tenant Based Rental Assistance (TBRA). TBRA is targeted specifically to homeless persons in the City who can demonstrate prior residency in the City. A majority of the recipients of the TBRA program would likely remain in homelessness without the financial assistance provided by the program.

ARP allocation plan. These characteristics will further refine the definition of “other populations” that are “At Greatest Risk of Housing Instability,” as established in the HOME-ARP Notice. If including these characteristics, identify them here:

In accordance with Section V.C.2. of the Notice (page 4), PJs must indicate the amount of HOME-ARP funding that is planned for each eligible HOME-ARP activity type and demonstrate that any planned funding for nonprofit organization operating assistance, nonprofit capacity building, and administrative costs is within HOME-ARP limits.

Preferences

A preference provides a priority for the selection of applicants who fall into a specific QP or category (e.g., elderly or persons with disabilities) within a QP (i.e., subpopulation) to receive assistance. A *preference* permits an eligible applicant that qualifies for a PJ-adopted preference to be selected for HOME-ARP assistance before another eligible applicant that does not qualify for a preference. A *method of prioritization* is the process by which a PJ determines how two or more eligible applicants qualifying for the same or different preferences are selected for HOME-ARP assistance. For example, in a project with a preference for chronically homeless, all eligible QP applicants are selected in chronological order for a HOME-ARP rental project except that eligible QP applicants that qualify for the preference of chronically homeless are selected for occupancy based on length of time they have been homeless before eligible QP applicants who do not qualify for the preference of chronically homeless.

Please note that HUD has also described a method of prioritization in other HUD guidance. Section I.C.4 of Notice CPD-17-01 describes Prioritization in CoC CE as follows:

“Prioritization. In the context of the coordinated entry process, HUD uses the term “Prioritization” to refer to the coordinated entry-specific process by which all persons in need of assistance who use coordinated entry are ranked in order of priority. The coordinated entry prioritization policies are established by the CoC with input from all community stakeholders and must ensure that ESG projects are able to serve clients in accordance with written standards that are established under 24 CFR 576.400(e). In addition, the coordinated entry process must, to the maximum extent feasible, ensure that people with more severe service needs and levels of vulnerability are prioritized for housing and homeless assistance before those with less severe service needs and lower levels of vulnerability. Regardless of how prioritization decisions are implemented, the prioritization process must follow the requirements in Section II.B.3. and Section I.D. of this Notice.”

If a PJ is using a CE that has a method of prioritization described in CPD-17-01, then a PJ has preferences and a method of prioritizing those preferences. These must be described in the HOME-ARP allocation plan in order to comply with the requirements of Section IV.C.2 (page 10) of the HOME-ARP Notice.

In accordance with Section V.C.4 of the Notice (page 15), the HOME-ARP allocation plan must identify whether the PJ intends to give a preference to one or more qualifying populations or a subpopulation within one or more qualifying populations for any eligible activity or project.

- Preferences cannot violate any applicable fair housing, civil rights, and nondiscrimination requirements, including but not limited to those requirements listed in 24 CFR 5.105(a).
- The PJ must comply with all applicable nondiscrimination and equal opportunity laws and requirements listed in 24 CFR 5.105(a) and any other applicable fair housing and civil rights laws and requirements when establishing preferences or methods of prioritization.

While PJs are not required to describe specific projects in its HOME-ARP allocation plan to which the preferences will apply, the PJ must describe the planned use of any preferences in its HOME-ARP allocation plan. This requirement also applies if the PJ intends to commit HOME-ARP funds to projects that will utilize preferences or limitations to comply with restrictive eligibility requirements of another project funding source. **If a PJ fails to describe preferences or limitations in its plan, it cannot commit HOME-ARP funds to a project that will implement a preference or limitation until the PJ amends its HOME-ARP allocation plan. For HOME-ARP rental housing projects, Section VI.B.20.a.iii of the HOME-ARP Notice (page 36) states that owners may only limit eligibility or give a preference to a particular qualifying population or segment of the qualifying population if the limitation or preference is described in the PJ's HOME-ARP allocation plan.** Adding a preference or limitation not previously described in the plan requires a substantial amendment and a public comment period in accordance with Section V.C.6 of the Notice (page 16).

Referral Methods

PJs are not required to describe referral methods in the plan. However, if a PJ intends to use a coordinated entry (CE) process for referrals to a HOME-ARP project or activity, the PJ must ensure compliance with Section IV.C.2 of the Notice (page10).

A PJ may use only the CE for direct referrals to HOME-ARP projects and activities (as opposed to CE and other referral agencies or a waitlist) if the CE expands to accept all HOME-ARP qualifying populations and implements the preferences and prioritization established by the PJ in its HOME-ARP allocation plan. A direct referral is where the CE provides the eligible applicant directly to the PJ, subrecipient, or owner to receive HOME-ARP TBRA, supportive services, admittance to a HOME-ARP rental unit, or occupancy of a NCS unit. In comparison, an indirect referral is where a CE (or other referral source) refers an eligible applicant for placement to a project or activity waitlist. Eligible applicants are then selected for a HOME-ARP project or activity from the waitlist.

The PJ must require a project or activity to use CE along with other referral methods (as provided in Section IV.C.2.ii) or to use only a project/activity waiting list (as provided in Section IV.C.2.iii) if:

1. the CE does not have a sufficient number of qualifying individuals and families to refer to the PJ for the project or activity;
2. the CE does not include all HOME-ARP qualifying populations; or,
3. the CE fails to provide access and implement uniform referral processes in situations where a project's geographic area(s) is broader than the geographic area(s) covered by the CE

If a PJ uses a CE that prioritizes one or more qualifying populations or segments of qualifying populations (e.g., prioritizing assistance or units for chronically homeless individuals first, then prioritizing homeless youth second, followed by any other individuals qualifying as homeless, etc.) then this constitutes the use of preferences and a method of prioritization. To implement a CE with these preferences and priorities, the PJ **must** include the preferences and method of prioritization that the CE will use in the preferences section of their HOME-ARP allocation plan. Use of a CE with embedded preferences or methods of prioritization that are not contained in the PJ's HOME-ARP allocation does not comply with Section IV.C.2 of the Notice (page10).

Limitations in a HOME-ARP rental housing or NCS project

Limiting eligibility for a HOME-ARP rental housing or NCS project is only permitted under certain circumstances.

- PJs must follow all applicable fair housing, civil rights, and nondiscrimination requirements, including but not limited to those requirements listed in 24 CFR 5.105(a). This includes, but is not limited to, the Fair Housing Act, Title VI of the Civil Rights Act, section 504 of Rehabilitation Act, HUD’s Equal Access Rule, and the Americans with Disabilities Act, as applicable.
- A PJ may not exclude otherwise eligible qualifying populations from its overall HOME-ARP program.
- Within the qualifying populations, participation in a project or activity may be limited to persons with a specific disability only, if necessary, to provide effective housing, aid, benefit, or services that would be as effective as those provided to others in accordance with 24 CFR 8.4(b)(1)(iv). A PJ must describe why such a limitation for a project or activity is necessary in its HOME-ARP allocation plan (based on the needs and gap identified by the PJ in its plan) to meet some greater need and to provide a specific benefit that cannot be provided through the provision of a preference.
- For HOME-ARP rental housing, section VI.B.20.a.iii of the Notice (page 36) states that owners may only limit eligibility to a particular qualifying population or segment of the qualifying population if the limitation is described in the PJ’s HOME-ARP allocation plan.
- PJs may limit admission to HOME-ARP rental housing or NCS to households who need the specialized supportive services that are provided in such housing or NCS. However, no otherwise eligible individuals with disabilities or families including an individual with a disability who may benefit from the services provided may be excluded on the grounds that they do not have a particular disability.

HOME-ARP Refinancing Guidelines

If the PJ intends to use HOME-ARP funds to refinance existing debt secured by multifamily rental housing that is being rehabilitated with HOME-ARP funds, the PJ must state its HOME-ARP refinancing guidelines in accordance with [24 CFR 92.206\(b\)](#). The guidelines must describe the conditions under which the PJ will refinance existing debt for a HOME-ARP rental project, including:

- ***Establish a minimum level of rehabilitation per unit or a required ratio between rehabilitation and refinancing to demonstrate that rehabilitation of HOME-ARP rental housing is the primary eligible activity***

- ***Require a review of management practices to demonstrate that disinvestment in the property has not occurred; that the long-term needs of the project can be met; and that the feasibility of serving qualified populations for the minimum compliance period can be demonstrated.***
