A Message from Angela Lopez, Executive Director Human Resources

Welcome to the Ontario Team!

At the City of Ontario, we invest in our employees by finding innovative and resourceful ways to improve and support the overall health and well-being of our employees. Every employee has an essential role in making the City of Ontario the premiere community of the Inland Empire. Investing in our employee's well-being through Ontario's comprehensive benefits package and wellness program is an important part of your total compensation and is central to your peace of mind.

Ontario's benefits package provides a range of benefit options that are designed to meet each employee's individual and/or family needs for health and wellness. We understand that well-being goes beyond physical health and includes mental, financial, environmental, and social health. We offer standard and voluntary programs to assist you with your overall well-being.

This booklet offers a comprehensive guide to your health and welfare benefits options, including details about eligibility, enrollment, and the various plans available to you. We know that making benefit decisions can be a bit overwhelming and our knowledgeable benefits team is happy to help you navigate through your various options and provide information and tools to help you make the best choice for you and your family.

Once you are enrolled in your elected benefits program, you are encouraged to review the resources your various plans have available to you. Our providers understand the importance of our employee's overall wellbeing and have many additional resources available on their websites or portals. As the world is navigating and maneuvering through a global pandemic, these resources and online tools are even more important. Our providers have done an exceptional job in making important wellness information pertaining to COVID-19 easily accessible.

As a member of the City of Ontario team, I hope you find interest in exciting offerings that contribute to your wellbeing. Here are a few things to look for:

Enhance your Social Wellness. Look for announcements via the City's intranet page, social media, emails, and newsletters for important events such as Relay for Life (Spring/Summer), KinderGo (Summer/Fall), Department Pumpkin Decorating and Costume Contest (Fall), Ontario 5K Reindeer Run and Rudolph's Dash (Winter), and much more. During the pandemic, in-person events have transitioned to virtual.

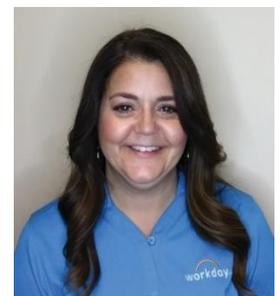

Our Employee Assistance Program through Cigna offers a wide range of on demand webinars available to all employees. These webinars include a wide range of topics to help manage our lives as we learn to navigate and work through the Coronavirus. You may find the following topics helpful: Home-Schooling Tips, Keys to Success While Working from Home, Resilience in Challenging Times, and much more.

Additionally, the health plans offered by the City all provide counseling and wellness benefits to help us all get through these difficult times.

We are excited that you have joined our Ontario team and have chosen a profession in public service to make a positive impact on our community.

- Change in number of dependents, including birth, adoption, placement for adoption, or death of a dependent child.
- Change in employment status that affects benefit eligibility, including the start or termination of employment by you, your spouse, or your dependent child.
- Change in work schedule, including increase or decrease in hours of employment by you, your spouse, or your dependent child; or a switch between part-time and full-time employment that affects eligibility for benefits.
- Change in child’s dependent status, either newly satisfying the requirements for dependent child status or ceasing to satisfy requirements.
- Change in your place of residence or worksite, including a change that affects the accessibility of network providers.

- Change in individual’s eligibility for Medicare or Medicaid (known as Medi-Cal).
- A loss of group health coverage sponsored by a governmental or educational institution, including a state children’s health insurance program under the Social Security Act, the Indian Health Service or a health program offered by an Indian tribal government, a state health benefits risk pool, or a foreign government group health plan. (You may not change an election to your health Flexible Spending Account as a result of a loss of group health coverage sponsored by a governmental or educational institution).
- A court order resulting from a divorce, legal separation, annulment, or change in legal custody (including a Qualified Medical Child Support Order) requiring coverage for your child.
- An event that is a “special enrollment” event under the Health Insurance Portability and Accountability Act (HIPAA) including acquisition of a new dependent by marriage, birth or adoption, or loss of coverage under another health insurance plan.

An event that is allowed under the Children’s Health Insurance Program (CHIP) Reauthorization Act. Under provisions of the Act, employees have 60 days after the following events to request enrollment:

- Employee or dependent loses eligibility for Medicaid (known as Medi-Cal) or CHIP (known as Healthy Families in California).
- Employee or dependent becomes eligible to participate in a premium assistance program under Medicaid or CHIP.
- A change in dependent care provider. A cost change is allowable in the Dependent Care Flexible Spending Account only if the cost change is imposed by a dependent care provider who is not related to you, as defined in Internal Revenue Code Section 152(a)(1) through (8).

- Click on **Save for Later** to end editing and work on something else in Workday.
- Click on **Go Back** to edit or view information from a prior step.

- At the end of the process, a review page displays your benefit elections and their costs. Please review your elections carefully to confirm they are correct.

Click the “Electronic Signature” on the review page and then “Submit” to complete your enrollment.

- You may return to update or change your elections as many times as you wish during the designated enrollment period.
- Save and print a copy of your benefits elections and costs for your records.
- Keep your elections up-to-date and report qualifying events within 31 days of the event taking place.

Choosing the right health plan is probably one of the most important decisions you can make for you and your family. What's important to you - cost, provider choice, convenience?

Considerations When Making Your Medical Plan Decisions

Carefully review all medical options made available for you and your family members. Variables that often impact your selection may include your dependent's health, expected medical costs, cost of the choices and anticipated family changes. In deciding on a medical option, consider the following:

- Are your current doctors in the plan network? You'll receive a higher level of benefits by visiting a network physician or facility.
- How often do you plan to use your medical benefits during the year? Some plans make sense if you require extensive medical care throughout the year or have a longstanding relationship with a non-network provider. Others may be more cost effective with lower out-of-pocket costs if you only need routine care during the year.
- What are the out-of-pocket costs associated with each plan? Keep in mind that depending on the plan, you may have a copay for doctor's office visits or an annual deductible before the plan starts paying any benefits.

You can refer to the medical plan comparison charts for a snapshot on commonly used benefits and refer to the plan benefit summary or plan document for details on specific benefits.

In a **Preferred Provider Organization (PPO)**, there are two kinds of providers. One is known as a preferred provider who provides their services at a negotiated discounted rate and is therefore considered "in-network." In a PPO plan, you may also see a provider that is considered "out-of-network." In most cases, when you see an "out-of-network" provider, your care will still be covered, although not at the "in-network" negotiated discounted rate.

In a **Health Maintenance Organization (HMO)**, you must designate a Primary Care Physician (PCP) for routine care and/or referral to a specialist. If you use a provider that is not in the HMO, or if you receive care from a specialist without a referral from your PCP, you may have to pay the full cost of those services. Out-of-pocket costs are generally lower as long as your PCP coordinates all of your care.

Prescription Drug Coverage

When you enroll in a medical plan, you and your eligible dependents automatically receive prescription drug coverage.

Generic, Preferred/Formulary Brand Name, & Non-Preferred/Non-Formulary Brand Name Drugs

The medical plans provide coverage of prescription drugs at various levels:

Generic drugs have the same active chemical ingredients and therapeutic effect as their brand-name equivalents. Though they may vary in color and shape, the Food & Drug Administration requires that they meet the same quality standards as the brand name drug. These drugs require the lowest copay.

Preferred/Non-Preferred Brand drugs are defined by each plan. This program minimizes the prescribing of specific higher-cost, lower-value prescription drugs (non-preferred medications) and redirects those prescriptions to more cost effective medications (preferred medications). Typically, these drugs require higher copay than their generic equivalent.

Understanding Your Benefits

Non-Preferred/Non-Preferred Brand drugs are not on the preferred/formulary drug list. Some plans may cover non-referred/non-formulary brand drugs. If your plan covers these drugs, and you and your physician agree that you should have a non-preferred/non-formulary brand drug, your copay will be higher than that of the other drugs.

If you are taking an injectable drug, make sure to consider the benefit differences under each plan to make the best choice for your needs.

Terms You Should Know

- **Deductible** – This is the amount you must pay each calendar year before the plan begins to pay for certain benefits.
- **Co-payment (copay)** – This is the fee that you must pay under your plan each time you go to a doctor or hospital for certain services. A copy is also required for prescription drugs.
- **Co-Insurance** – This is the percentage of cost that you share with the plan provider after you have met the deductible.
- **Out-of-Pocket Maximum** – The plan limits the amount of money that you will have to pay each year for covered expenses. Once you reach this dollar limit, the plan generally pays 100% of eligible expenses for the rest of the calendar year, up to the lifetime maximum.
- **Usual, Customary and Reasonable (UCR)** – PPO plans pay up to a reasonable and customary amount for out-of-network services. Participants will have to pay for any expenses over the reasonable and customary amount as determined by the insurance provider. Amounts over usual and customary do not apply to you deductible or out-of-pocket calendar year maximum.

Loss of Benefits

The following circumstances may result in disqualification, or denial, loss, forfeiture, suspension, offset, reduction or recovery of any benefit that a Plan participant or dependent might otherwise reasonably expect the Plan to provide:

- An employee's cessation of active services for the employer;
- A participant's failure to pay his/her share of the cost of coverage, if any, in a timely manner;
- A dependent ceases to meet the plan's eligibility requirements (e.g., a child reaches a maximum age limit or divorce);
- A participant or dependent is injured by a third party, and expenses for treatment may be paid by or recovered from the third party or its insurer; or
- A claim for benefits is not filed within the Plan's applicable time limits.

Contacting Your Health Plan

To obtain up-to-date contact information for the health plans, please refer to the CalPERS **Health Benefit Summary** or go to CalPERS On-Line at www.calpers.ca.gov. Contact your health plan with questions about identification cards, verification of provider participation, service area boundaries (covered ZIP Codes) or Individual Conversion Policies. Your plan benefits, deductibles, limitation and exclusions are outlined in your health plan's Evidence of Coverage booklet. You can obtain the Evidence of Coverage by contacting your health plan directly or visiting the CalPERS website.

Frequently Asked Questions

What you need to know about your DeltaCare USA plan

Getting started

1. How do I enroll in a DeltaCare USA plan?

Simply complete the enrollment process as directed by your benefits administrator. Be sure to select a primary care network dentist for yourself or your dependents, and indicate this dentist and the name of your group when you enroll.

2. How do I get started using my DeltaCare USA plan?

Once we process your enrollment, we'll mail you welcome materials that will include:

- **The name, address and phone number of your selected primary care dentist:** Simply call the dental facility to make an appointment. **Important note:** In order to receive benefits under your plan, you must visit your primary care network dentist for all services. If you require treatment from a specialist, your primary care dentist will coordinate a referral for you. You can change your primary care dentist by contacting us.
- **Your Evidence/Certificate of Coverage (plan booklet):** This useful document provides a thorough description of how to use your benefits, including covered services, copayments and any limitations and exclusions of your plan.
- **An ID card:** This card is for your records only — you do not need to present it in order to receive treatment.

3. How long will it take to get an appointment with my primary care dentist?

Two to four weeks¹ is a reasonable amount of time to wait for a routine, non-urgent appointment. If you require a specific time, you may need to wait longer. Most DeltaCare USA dentists are in private group practices, which generally offer greater appointment availability and extended office hours.

4. How much will my dental treatments cost?

How do I pay?

With your DeltaCare USA plan, some services are covered at no cost, while others have a copayment (amount you pay) for certain services. To find out how much a treatment will cost, refer to the "Description of Benefits and Copayments" in this brochure for a list of covered services and copayments. It's a good idea to bring your Evidence/Certificate of Coverage to your appointment in case you need to discuss your copayment for a service with your dentist. If you have any questions about the charges for a service, please contact Customer Service. If you receive treatment that requires a copayment, simply pay the dental facility at the time of service.

Choosing a dentist

5. How do I select my primary care dentist?

When you enroll, you must select a primary care dentist from the DeltaCare USA network. To search for a dentist, use the "Find a Dentist" tool at deltadentalins.com and select the DeltaCare USA network. If you do not select a dentist when you enroll, we will choose one for you.

6. Does everyone in my family have to choose the same primary care dentist?

No. Each family member can select his or her own primary care network dentist.²

7. Can I change my primary care dentist?

Yes. You can request to change your primary care dentist at any time. Simply visit our website and log on to your online account or call or write to Customer Service. Change requests received by the 21st of the month will become effective the first day of the following month.

¹ In TX, three weeks is a reasonable amount of time to wait for a routine, non-urgent appointment. In TX, there is no limit on the number of miles or on the dollar amount per emergency.

² In MA, you cannot select more than three primary care dentist facilities per family.

8. My dentist says she is a Delta Dental dentist, but she isn't listed in the DeltaCare USA directory. Can I still visit her for services?

No. You must visit your selected primary care network dentist to receive benefits under this plan. Delta Dental has many networks, and participation may vary — not all Delta Dental dentists are DeltaCare USA dentists.

9. What should I do if I need to see a specialist?

If you require specialty dental care — such as oral surgery, endodontics, periodontics or pediatric dentistry — contact your primary care dentist to request a referral. Specialty dental services not performed by your selected primary care dentist must be authorized by us. You are responsible for any applicable copayments.

General plan information

10. If I'm traveling, is emergency treatment covered under my plan?

You and your eligible dependents have out-of-area coverage for dental emergencies when you are more than 35 miles³ from your primary care dentist. Your out-of-area emergency benefit (typically limited to \$100 per person⁴) is for services to relieve pain until you can return to your primary care network dentist. Standard plan limitations, exclusions and copayments may apply.

11. Can I access my plan online?

Yes. Visit deltadentalins.com to create a free, secure online account. You can access your plan benefits and ID card, select (or change) your primary care dentist and more.

12. Does my plan cover pre-existing conditions? What about treatments that are in progress?

Treatment for pre-existing conditions (except work in progress⁵), including missing or extracted teeth, is covered under your plan. Treatment in progress includes services such as preparations for crowns or root canals, or impressions for dentures. If you started treatment before your plan's effective date, you and your prior dental carrier are responsible for any costs. Some DeltaCare USA plans may cover in-progress orthodontic treatment.

13. Does my plan cover teeth whitening?

Yes. External bleaching is a benefit under your DeltaCare USA plan. Review your plan booklet for more information and talk to your dentist about your options.

14. Does my plan cover tooth-colored fillings and crowns?

Yes. Porcelain and other tooth-colored materials are included in this plan.

15. What if I have additional questions about my plan?

Please contact us for additional support. Our Customer Service representatives can answer benefits questions as well as help you change your primary care dentist or arrange for urgent care referrals. See the back page of this brochure for our contact information.

³ In TX, there is no limit on the number of miles or on the dollar amount per emergency.

⁴ In TX, there is no exception for work in progress for covered DeltaCare USA benefits.
