CITY OF ONTARIO
CORE SEMINAR

The City of Ontario's Office of Emergency Management in partnership with the Ontario Fire, Police, and Information Technology Departments are offering a new preparedness program for businesses, nonprofits, and faith-based organizations in the Ontario area.

WHAT IS THE CORE SEMINAR?

Recognizing the serious impact COVID-19 has had and the potential threat of other forms of natural or man-made disasters, the City of Ontario is offering a **FREE** training program geared towards preparing businesses, nonprofits, or faith-based organizations before the emergency happens.

CORE (Continuity & Organizational Resilience in Emergencies) Seminar is designed to teach fundamental skills and provide tools to ensure your organization can build disaster resiliency.

Attendees of the CORE Seminar will leave equipped to protect their business or organizations' assets, ensure continuity, and promote employee safety and preparedness. Additionally, you will be able to connect with other businesses, nonprofits and organizations in Ontario and build a network of resilience.

DATE Wednesday, February 21, 2024
TIME 8:00 AM - Networking breakfast begins at 7:30 AM
