**CITY OF ONTARIO DEPT OF PUBLIC WORKS, INTEGRATED WASTE DIVISION
CONSTRUCTION & DEMOLITION RECYCLING PLAN (CDRP)**

The City of Ontario requires all new non-residential buildings, new residential, and demolition/renovation/tenant improvement permit applicants with projects whose value equals \$100,000 or more, to submit a Construction and Demolition Recycling Plan (CDRP). The purpose is to comply with State Law by diverting a minimum of 65% of non-hazardous debris from landfills. Submit completed CDRP form to Integrated Waste via email to: **IW_Environmental@ontarioca.gov**, or mail CDRP Forms to: Ontario Public Works Department-Integrated Waste Division 1425 South Bon View Ontario, CA 91761. Assistance with completing the form is available by calling 909-395-2040. It is required to use the City hauling service, please call Customer Service at 909-395-2050 to start service. Please ensure roll offs are coded as C&D to meet your diversion goals.

Your CDRP will identify material types and actions taken to divert debris from landfills. **Part One** is due prior to building/demo permit issuance. **Part Two**, along with recycling/ disposal documentation shall be submitted prior to final inspection.

Complete this form for the following projects:

Commercial, industrial, multi-family, and residential projects including new construction, additions, and alterations (if addition is greater than 1,000 SF or alteration valuation is greater than \$100,000.00).

PART 1: ESTIMATED DISPOSAL/DIVERSION WORKSHEET (Prior to Building Permits)

Please complete this worksheet to help identify the types of materials, estimated quantities, and how the waste material will be reused, recycled, or disposed from the project site. Estimates can be calculated in tons or pounds. For a volume to weight conversion table please refer to supplemental document on the City of Ontario website.

- Commingled Sorting (all mixed) Sorted on Site (individual piles)
 Tons Pounds APN: _____

MATERIAL TYPE	TOTAL WASTE	REUSED	RECYCLED	DISPOSED	FACILITY/ONTARIO INTEGRATED WASTE
ASPHALT					
CABINETS					
CARDBOARD					
CARPET/PADDING					
CONCRETE					
DOORS					
DRYWALL					
ELECTRICAL WIRE					
FIXTURES					
GARBAGE					
GRANITE					
INSULATION					
ORGANICS					
OTHER (SPECIFY)					
PLASTICS					
ROOFING MATERIALS					
SCRAP METAL					
WOOD (Non/Treated)					
WINDOWS					
TOTALS					

Part 1 Diversion Percentage: $[(\text{Total Reuse} + \text{Total Recycled}) / \text{Total Waste}] \times 100$	
Pounds/Square Foot: $(\text{Total Disposed} / \text{Approximate Sq Ft of All Structures})$	

Does applicant meet the 65% diversion or under 2 pounds/SF requirement? YES NO

PART 2: ACTUAL DISPOSAL/DIVERSION WORKSHEET (Prior to Final Occupancy/Inspection)

Please complete this worksheet to help identify the types of materials, actual quantities, and how the waste material were reused, recycled, or disposed from the project site. Weights can be documented in tons or pounds. For a volume to weight conversion table please refer to supplemental document on the City of Ontario website.

- Commingled Sorting (all mixed) Sorted on Site (individual piles)

Part 2 Diversion Percentage: $[(\text{Total Reuse} + \text{Total Recycled}) / \text{Total Waste}] \times 100$	
Pounds/Square Foot: $(\text{Total Disposed} / \text{Approximate Sq Ft of All Structures})$	

Does applicant meet the 65% diversion or under 2 pounds/SF requirement? YES NO

Name of Responsible Party for Implementation of CDRP: _____

Applicant's Signature

I hereby certify to the best of my knowledge and belief, the information contained herein is true and accurate of the waste material being offered for reuse, recycle and disposal generated at this project. I further certify that by utilizing this profile, neither myself nor any other contractors/subcontractors, will deliver for disposal or attempt to deliver for disposal any waste which is classified as toxic, hazardous waste, medical or infectious waste or any other waste prohibited by law.

I understand the requirement to retain and submit all receipts for waste materials either disposed or recycled; and to provide the approximate amount by weight of materials reused from this project to submit along with Part 2 of this CDRP.
