

## **6 DEVELOPMENT APPROVAL PROCESS**

Site development plans shall be subject to review and approval by the City of Ontario Development Advisory Board (DAB). Applicants will be required to submit a completed City application along with all necessary fees imposed by the City of Ontario.

Applicants may, at their discretion, submit a conceptual site plan and drawings of a proposed project for preliminary review by City staff. This pre-submittal meeting gives developers initial feedback on their proposal. Participation in the pre-submittal process is highly recommended before formal submittal of any development proposal.

The current development review process is as follows.

### **6.1 Site Plan Application Submittal**

Accepting Agency

City of Ontario  
Planning Department

Approving Agency

City of Ontario  
Planning Department

### **6.2 Building Plan Submittal**

Accepting Agency

City of Ontario  
Building Department
