POLICE SUPERVISOR: _____

DATE: _____

Sec. 4-9.110 False Alarm Fines; Fees; Late Charges.

A. The Alarm Administrator may assess the Alarm User a fine for a False Alarm occurring at that Alarm User's Alarm Site. The amount of said fines for the listed categories shall be established by City Council and may be subsequently amended by resolution of the City Council.

1. Burglar False Alarm Fines
2. Robbery False Alarm Fines
3. Panic False Alarm Fines

B. If a False Alarm fine is not paid within thirty (30) days after the invoice is mailed, a late charge as established by resolution of the City Council shall be imposed.

C. Fines for False Alarms from Non-Registered Alarm Systems. For person(s) operating a Non-Registered Alarm System incurring a False Alarm, fines shall be imposed as established by resolution of the City Council.

D. Any Monitoring Company after five (5) business days of receiving notice from the Alarm Administrator that an Alarm User's registration status is that of Non-registered shall not make a Burglar Alarm Dispatch Request from that Alarm User.

E. If Cancellation of a Police response occurs prior to the officer's arrival at the Alarm Site, the response is not considered a False Alarm and no False Alarm fine will be assessed.

F. The Alarm Installation Company shall be assessed a fine in an amount established by resolution of the City Council if the officer responding to a False Alarm determines that an on-site employee of the Alarm Installation Company directly caused the False Alarm. Such False Alarms are not included in the total number of False Alarms for the Alarm User, nor is the Alarm User to be held liable for any False Alarm fine resulting from such alarm activation.

G. A fine in an amount established by resolution of the City Council shall be imposed against any Monitoring Company that fails to verify Alarm System signals as required in subsection 4- 9. 090(C)(2) of this Chapter.

H. Notice of the right of appeal under this Ordinance will be included with notice of any fine.

I. All registration fees, renewal registration fees or fines assessed under this section are due within thirty (30) days of written notice unless otherwise noted. A late charge in an amount established by resolution of the City Council shall be imposed for each individual fee or fine due that is not paid within thirty (30) days.

J. The Alarm Administrator may waive the False Alarm fine for the first chargeable False Alarm during the Alarm User's one-year registration period, pending the successful completion of the Online Alarm User Awareness Class available through the Alarm Administrator. In order to have the fine waived, the Alarm User must have successfully completed the class within thirty (30) days of the fine notice. Alarm Users without online access may request the online school and test be mailed to them. Reasonable additional time to complete the Alarm User Awareness Class shall be allowed for mail delivery.
