This is wonderful opportunity to bring your children or grandchildren to a show that exposes many of them to something brand new! Step back in time with the nostalgic toys of yesteryear and enjoy a day with the trains. Children 12 and under are admitted free of charge to The Big Train Show. This show is designed to promote toy trains to even the youngest enthusiast. Train rides are available for children, for a nominal fee. Everyone attending will be amazed by the huge operating train layouts that are on display. Many make real train sounds and some even simulate live steam!

Those looking to become involved with model railroading will find that The Big Train Show is the place to learn about the different scales and gauges. Experienced modelers will show you how it's done. Clinics and workshops on a variety of topics are held each day throughout the event. Collectors and dealers from across the country that carry rare and hard to find items not offered in local hobby shops will be on hand with a selection of trains and toys. **If you're interested in the hobby, you won't find a better place for model railroading.** Representatives from Manufactures and Hobby Dealers will showcase the latest and greatest in railroading and answer question or offer advice, to help you decide what products best meet your needs.

Mark your calendars to attend The Big Train Show on May 21 or May 22, 2016 for a great day of camaraderie, idea sharing and railroading. The Big Train Show can bring the entire family together for fun filled educational day of railroading! For more information visit: bigtrainshow.com
